[57] CLAIM

The ornamental design for a wall plate, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a wall plate embodying my new design;

FIG. 2 is a rear elevational view thereof;

FIG. 3 is an end plan view thereof;

FIG. 4 is a sectional end view thereof taken along a line 4-4 of FIG. 1;

FIG. 5 is a side elevational view thereof;

FIG. 6 is a side sectional view thereof taken along a line 6-6 of FIG. 1;

FIG. 7 is a front elevational view of another form of the wall plate of this invention, including openings of a switch and receptacle configuration;

FIG. 8 is a front elevational view of another form of the wall plate of this invention and particularly one for a duplex receptacle;

FIG. 9 is a front elevational view of still another form of the wall plate of this invention and illustrating a double gang switch plate.

A characteristic feature is the overall configuration of the wall plate taken together with the array of decorative matter on the decorated surface of the plate.
