[57] CLAIM

The ornamental design for a protective folder having transparent pockets, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a protective folder having transparent pockets showing my new design, the opposite side being a mirror image of the side shown; FIG. 2 is a perspective view thereof in an open position. FIG. 3 is an enlarged scale fragmentary perspective view of a portion of the left side of FIG. 1.

The characteristic feature of the design resides in the castellated configuration of the slightly separated adjacent edges of the front and rear covers and back.
