Primary Examiner—William N. Wertman Attorney, Agent, or Firm—Paul E. Rochford

[57] CLAIM

The ornamental design for a wall plate, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a wall plate embodying my new design;

FIG. 2 is a back elevational view thereof;

FIG. 3 is an end elevational view thereof;

FIG. 4 is a sectional end view thereof taken along a line 4—4 of FIG. 1;

FIG. 5 is a side elevational view thereof;

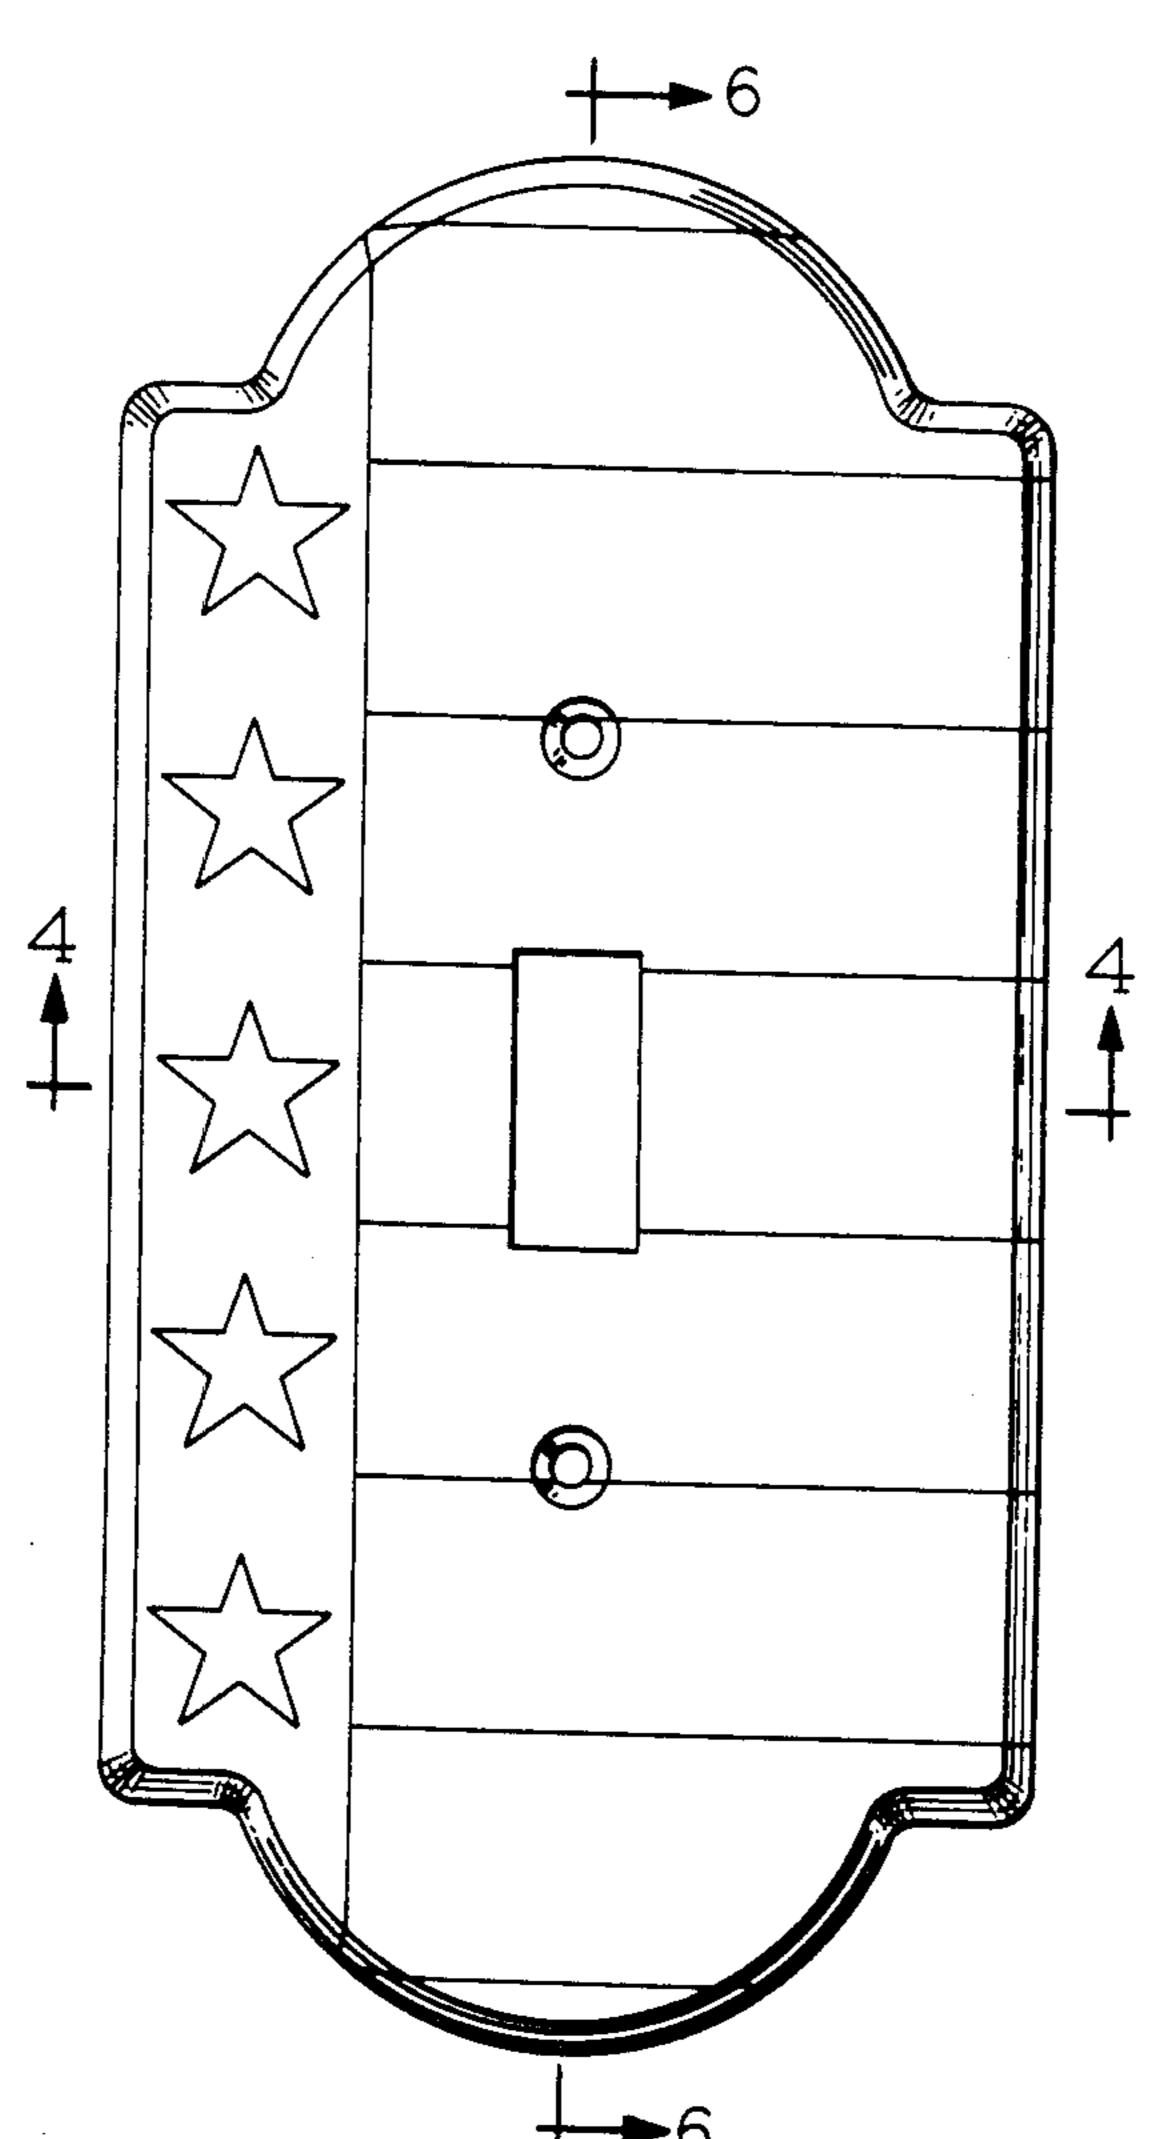

FIG. 6 is a sectional view thereof taken along a line 6—6 of FIG. 1;

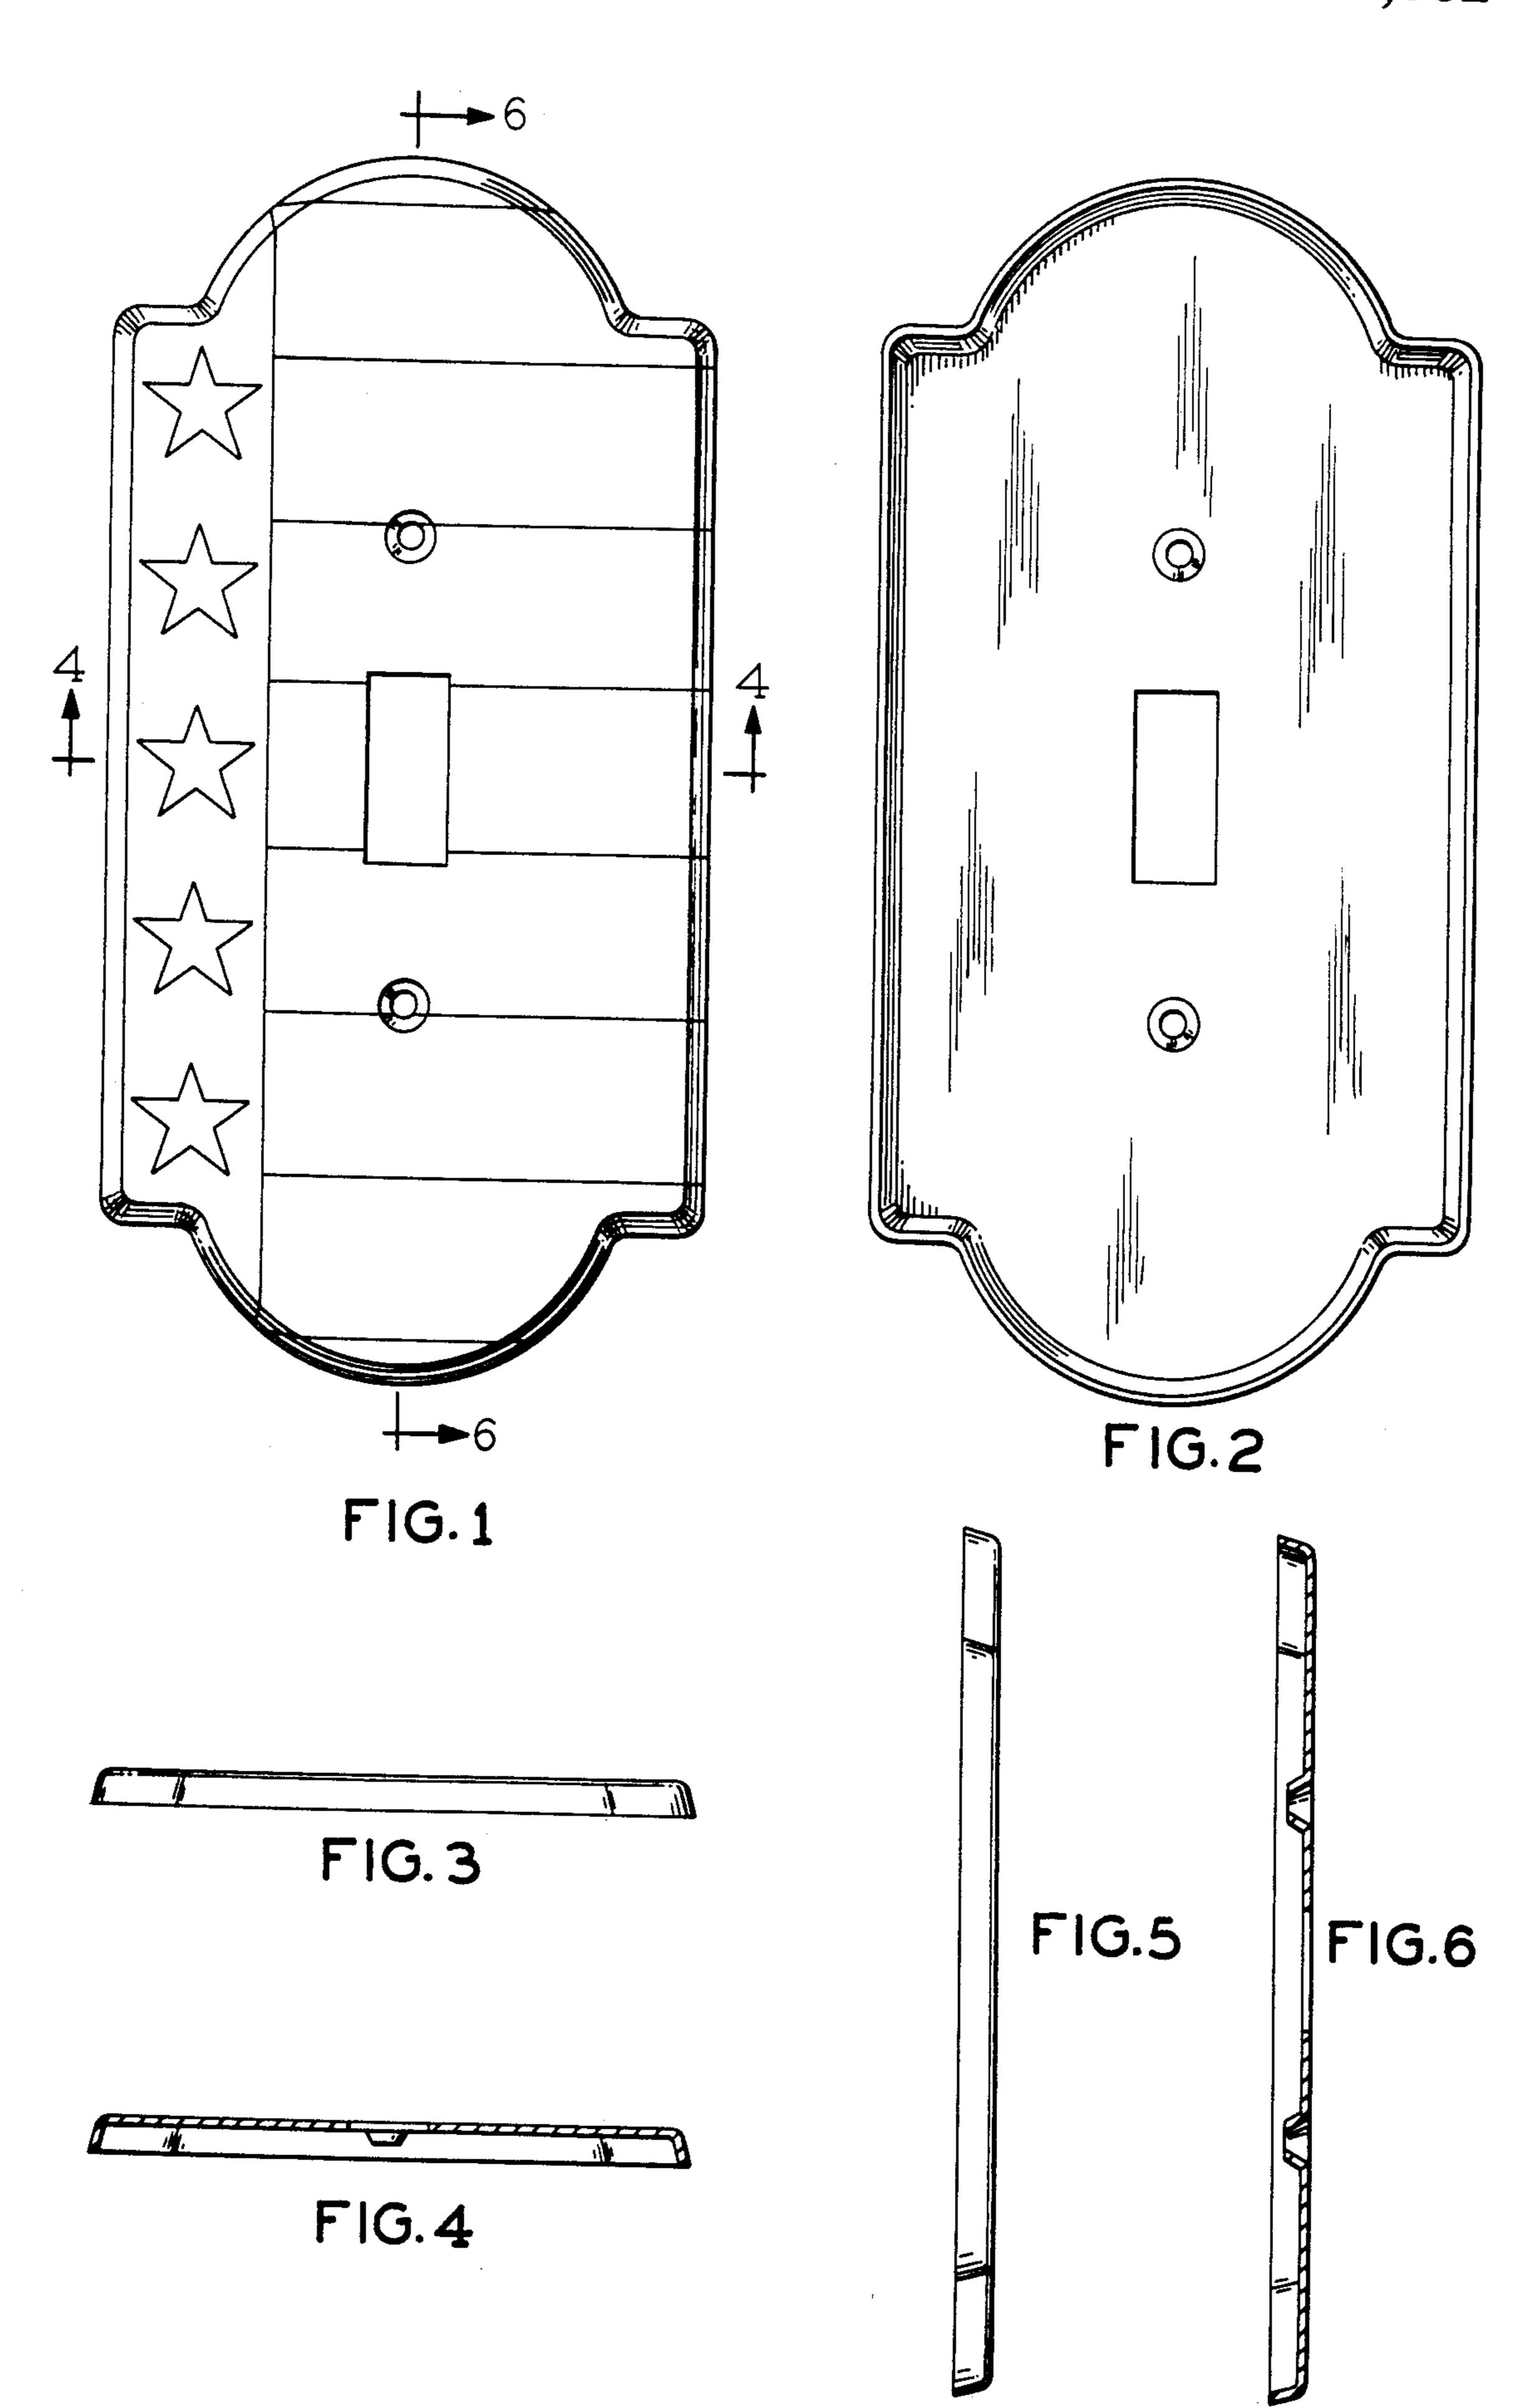

FIG. 7 is a front elevational view of another form of the wall plate of this invention, including a switch and receptacle configuration;

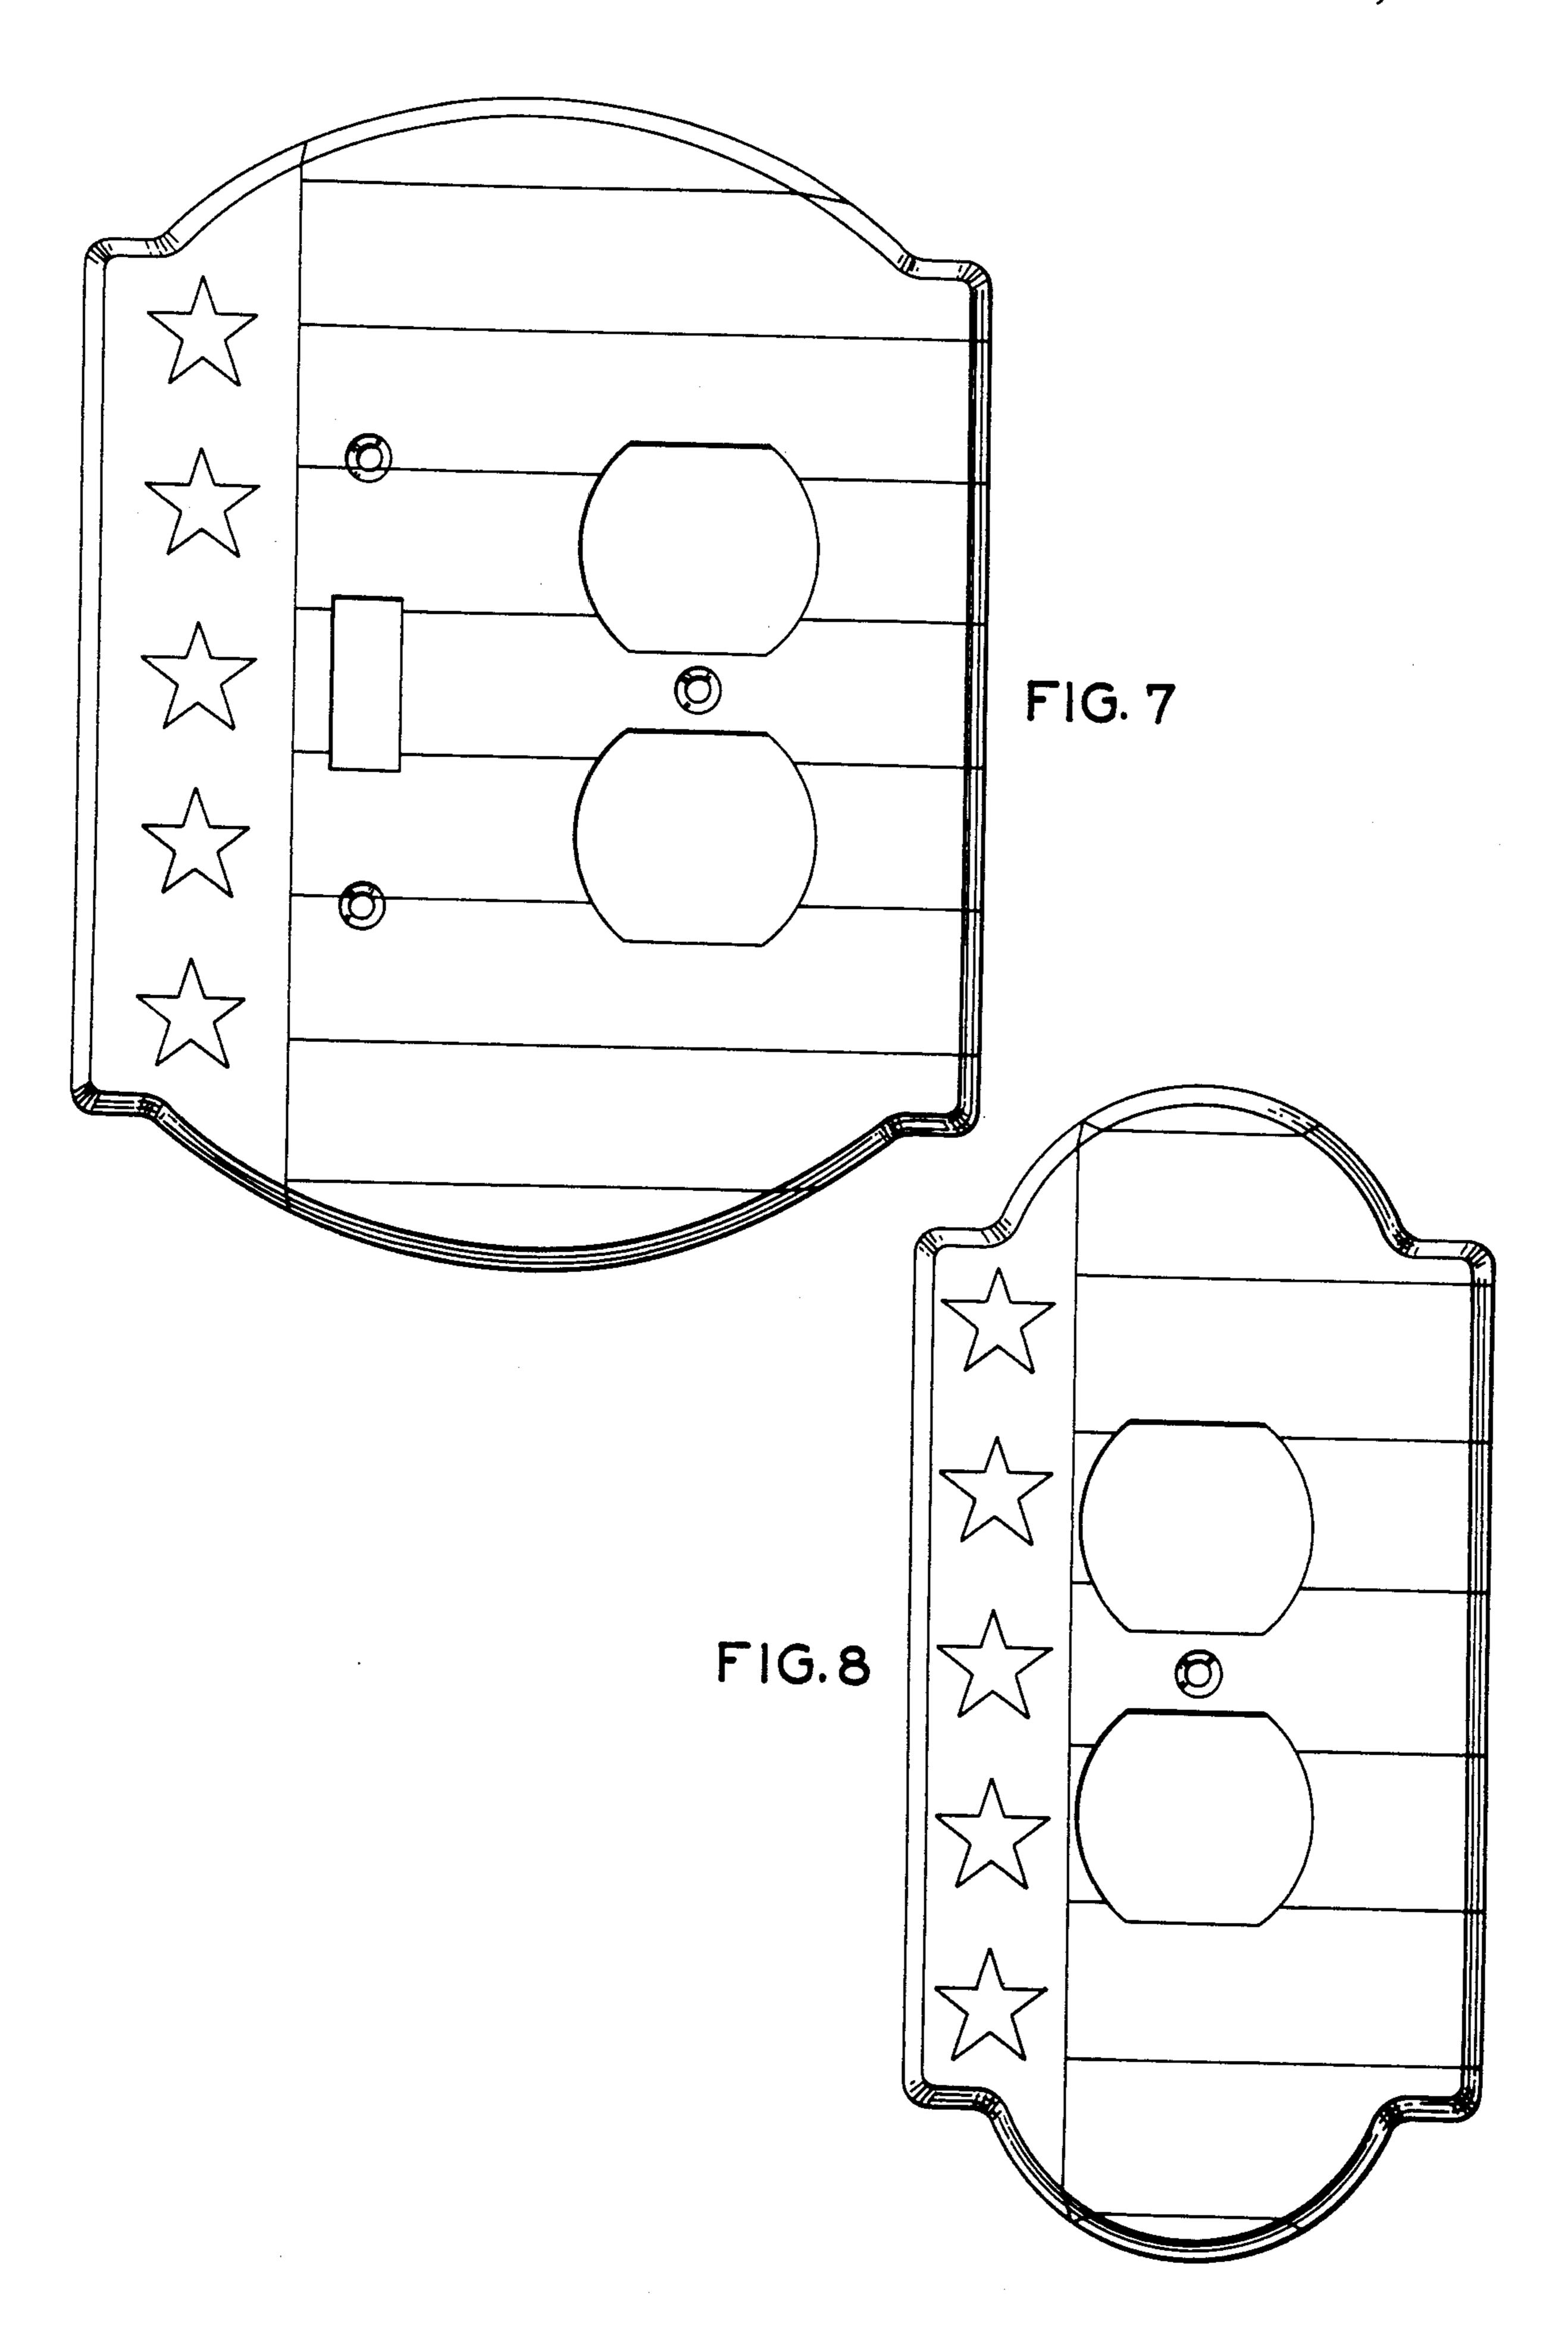

FIG. 8 is a front elevational view of another form of the wall plate of this invention and particularly one for a duplex receptacle;

FIG. 9 is a front elevational view of still another form of the wall plate of this invention and illustrating a double gang switch plate.
