[57] CLAIM

The ornamental design for an amusement machine for reaction testing, substantially as shown.

DESCRIPTION

FIG. 1 is a right front perspective view of an amusement machine for reaction testing showing our new design;

FIG. 2 is a top plan view;

FIG. 3 is a bottom plan view;

FIG. 4 is a front elevational view;

FIG. 5 is a left side elevational view;

FIG. 6 is a right side elevational view; and

FIG. 7 is a rear elevational view thereof.
