[57] CLAIM

The ornamental design for a vehicle tire, substantially as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a vehicle tire showing our new design, it being understood that the tread design is repeated throughout the circumference of the tire as shown schematically by solid lines, the opposite side being the same as that shown; FIG. 2 is a side elevational view thereof; FIG. 3 is a front elevational view thereof; and FIG. 4 is a greatly enlarged cross-sectional view thereof taken along the line 4-4 of FIG. 3 in the direction indicated generally.
