CLAIM

The ornamental design for a ring with canted top bars, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a ring with canted top bars showing my new design;  
FIG. 2 is a top plan view;  
FIG. 3 is a side-elevational view, both sides being the same;  
FIG. 4 is an end-elevational view, both ends being the same; and  
FIG. 5 is a bottom plan view.  
The rectangular grooves in the face of the top bars are for the placement of set stones.
