[57] CLAIM

The ornamental design for a toy crane, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a toy crane showing my new design;

FIG. 2 is a front elevational view thereof;

FIG. 3 is a left side elevational view thereof;

FIG. 4 is a right side elevational view thereof;

FIG. 5 is a rear elevational view thereof;

FIG. 6 is a top plan view thereof; and

FIG. 7 is a bottom plan view thereof.

The characteristic feature of my design resides in the equiangular arrangement of the three generally T-shaped legs projecting outwardly from the generally cylindrical base of the tower member.
