[57] CLAIM

The ornamental design for a digital wrist watch, substantially as shown and described.

DESCRIPTION

FIG. 1 is a top right perspective view of a digital wrist watch showing my new design;
FIG. 2 is a top plan view thereof the bottom being conventionally plain and unornamented;
FIG. 3 is a right side elevational view thereof, the left side being a mirror image thereto;
FIG. 4 is a left end elevational view thereof, the right end being a mirror image thereto;
FIG. 5 is a top right perspective view of another embodiment of my new design of FIG. 1 wherein a push button activator has been added to the right side, all other views being substantially identical to FIGS. 2-4.
