[57] CLAIM

The ornamental design for an air freshener container, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view;
FIG. 2 is a rear elevational view thereof with a label in place over the surface of the container;
FIG. 3 is a side elevational view thereof;
FIG. 4 is a bottom view thereof;
FIG. 5 is a top view thereof;
FIG. 6 is a rear elevational view with the label removed;
FIG. 7 is a front elevational view of an alternate embodiment, the only difference residing in the disclosed pattern.
