[57] CLAIM

The ornamental design for an ice bucket, substantially as shown and described.

DESCRIPTION

FIG. 1 is an isometric view from the top and one side of a first embodiment of the ice bucket of my new design, both the lid and lid support of the ice bucket being shaded to indicate transparency;

FIG. 2 is an isometric view from the bottom and the opposite side of the first embodiment;

FIG. 3 is an isometric view from the top and one side of a second embodiment identical to the first embodiment except that the lid support of the ice bucket is opaque; and

FIG. 4 is an isometric view from the top and one side of a third embodiment identical to the first embodiment except that both the lid and lid support of the ice bucket are opaque and the body of the ice bucket is shorter.
