[57] CLAIM

The ornamental design for a solar building, substantially as shown.

DESCRIPTION

FIG. 1 is a perspective view of a solar building according to my invention, and representing a view of what may form the front/side, rear/side, or vice versa, of such solar building, but which for ease of description will be designated as a front/side view.

FIG. 2 is a plan view of the solar building of FIG. 1. FIG. 3 is a side elevation view of the solar building of FIG. 1, according to the illustrative convention adopted for FIG. 1.

FIG. 4 is a front elevation view of the solar building according to adopted illustrative convention.

FIG. 5 is a side elevation view opposite to that of FIG. 3.

FIG. 1

FIG. 2

FIG. 5
