[57] CLAIM

The ornamental design for a disposable applicator with liquid supply, substantially as shown and described.

DESCRIPTION

FIG. 1 is an exploded perspective view of a disposable applicator with liquid supply, showing my new design; FIG. 2 is a right side elevational view, the left side being a mirror image thereof;

FIG. 3 is a top view with a portion of the applicator shown broken away;

FIG. 4 is a top rear view thereof.

The rear of the liquid supply element is substantially planar and unornamented.
