[57] CLAIM

The ornamental design for a putter, as shown and described.

DESCRIPTION

FIG. 1 is a right side elevation showing my new design; FIG. 2 is a front elevation thereof; FIG. 3 is a left side elevation thereof; and, FIG. 4 is a top plan view of the head alone to a greatly enlarged scale.

The bottom is plain and the shaft and handgrip are of conventional design. The novelty lies in the decorative insert of a rattlesnake rattle visible to the user through a transparent window in the top of the head.
