CLAIM

The ornamental design for combined golf ball and model aircraft engine novelty device, substantially as shown and described.

DESCRIPTION

FIG. 1 is a side elevational view of a combined golf ball and model aircraft engine novelty device showing my new design.

FIG. 2, an front end elevational view of the design;

FIG. 3, a side elevational view of the design;

FIG. 4, a rear end elevational view of the design;

FIG. 5, a top plan view of the design; and

FIG. 6, a bottom plan view of the design.

The dimples on the golf ball are conventional, but are shown fragmentarily in each figure for convenience of illustration.

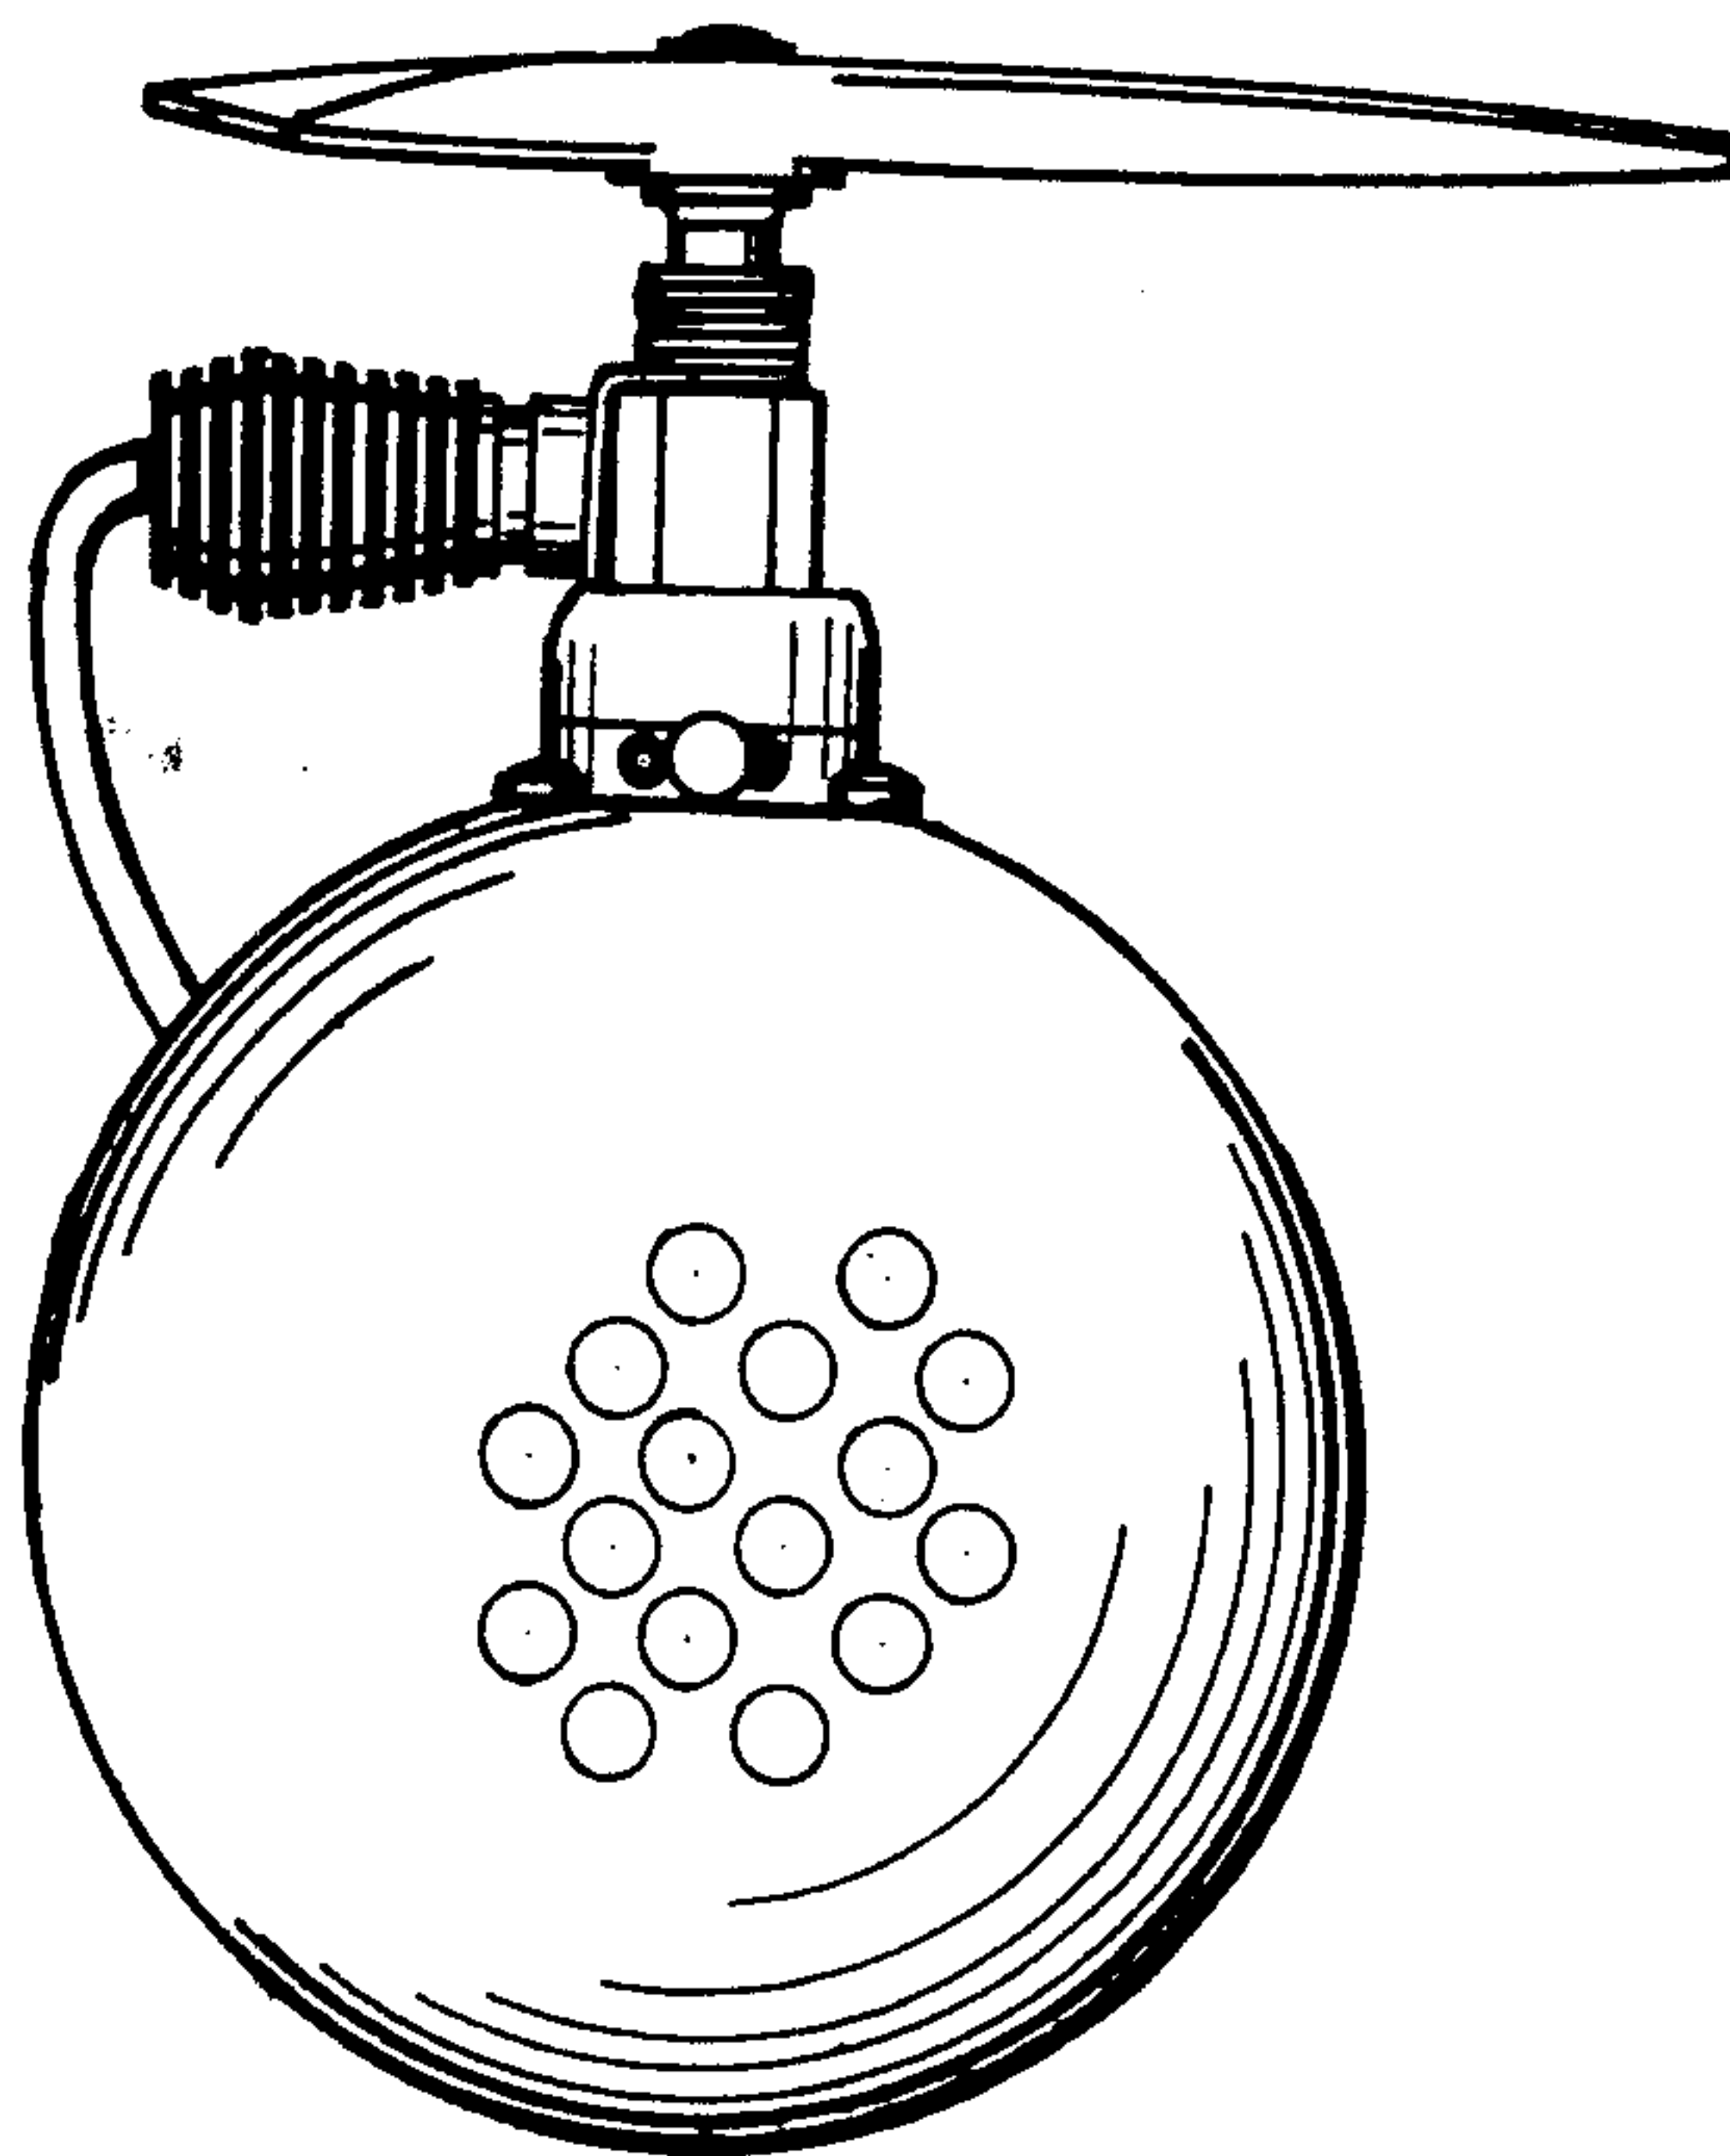

FIG. 1.

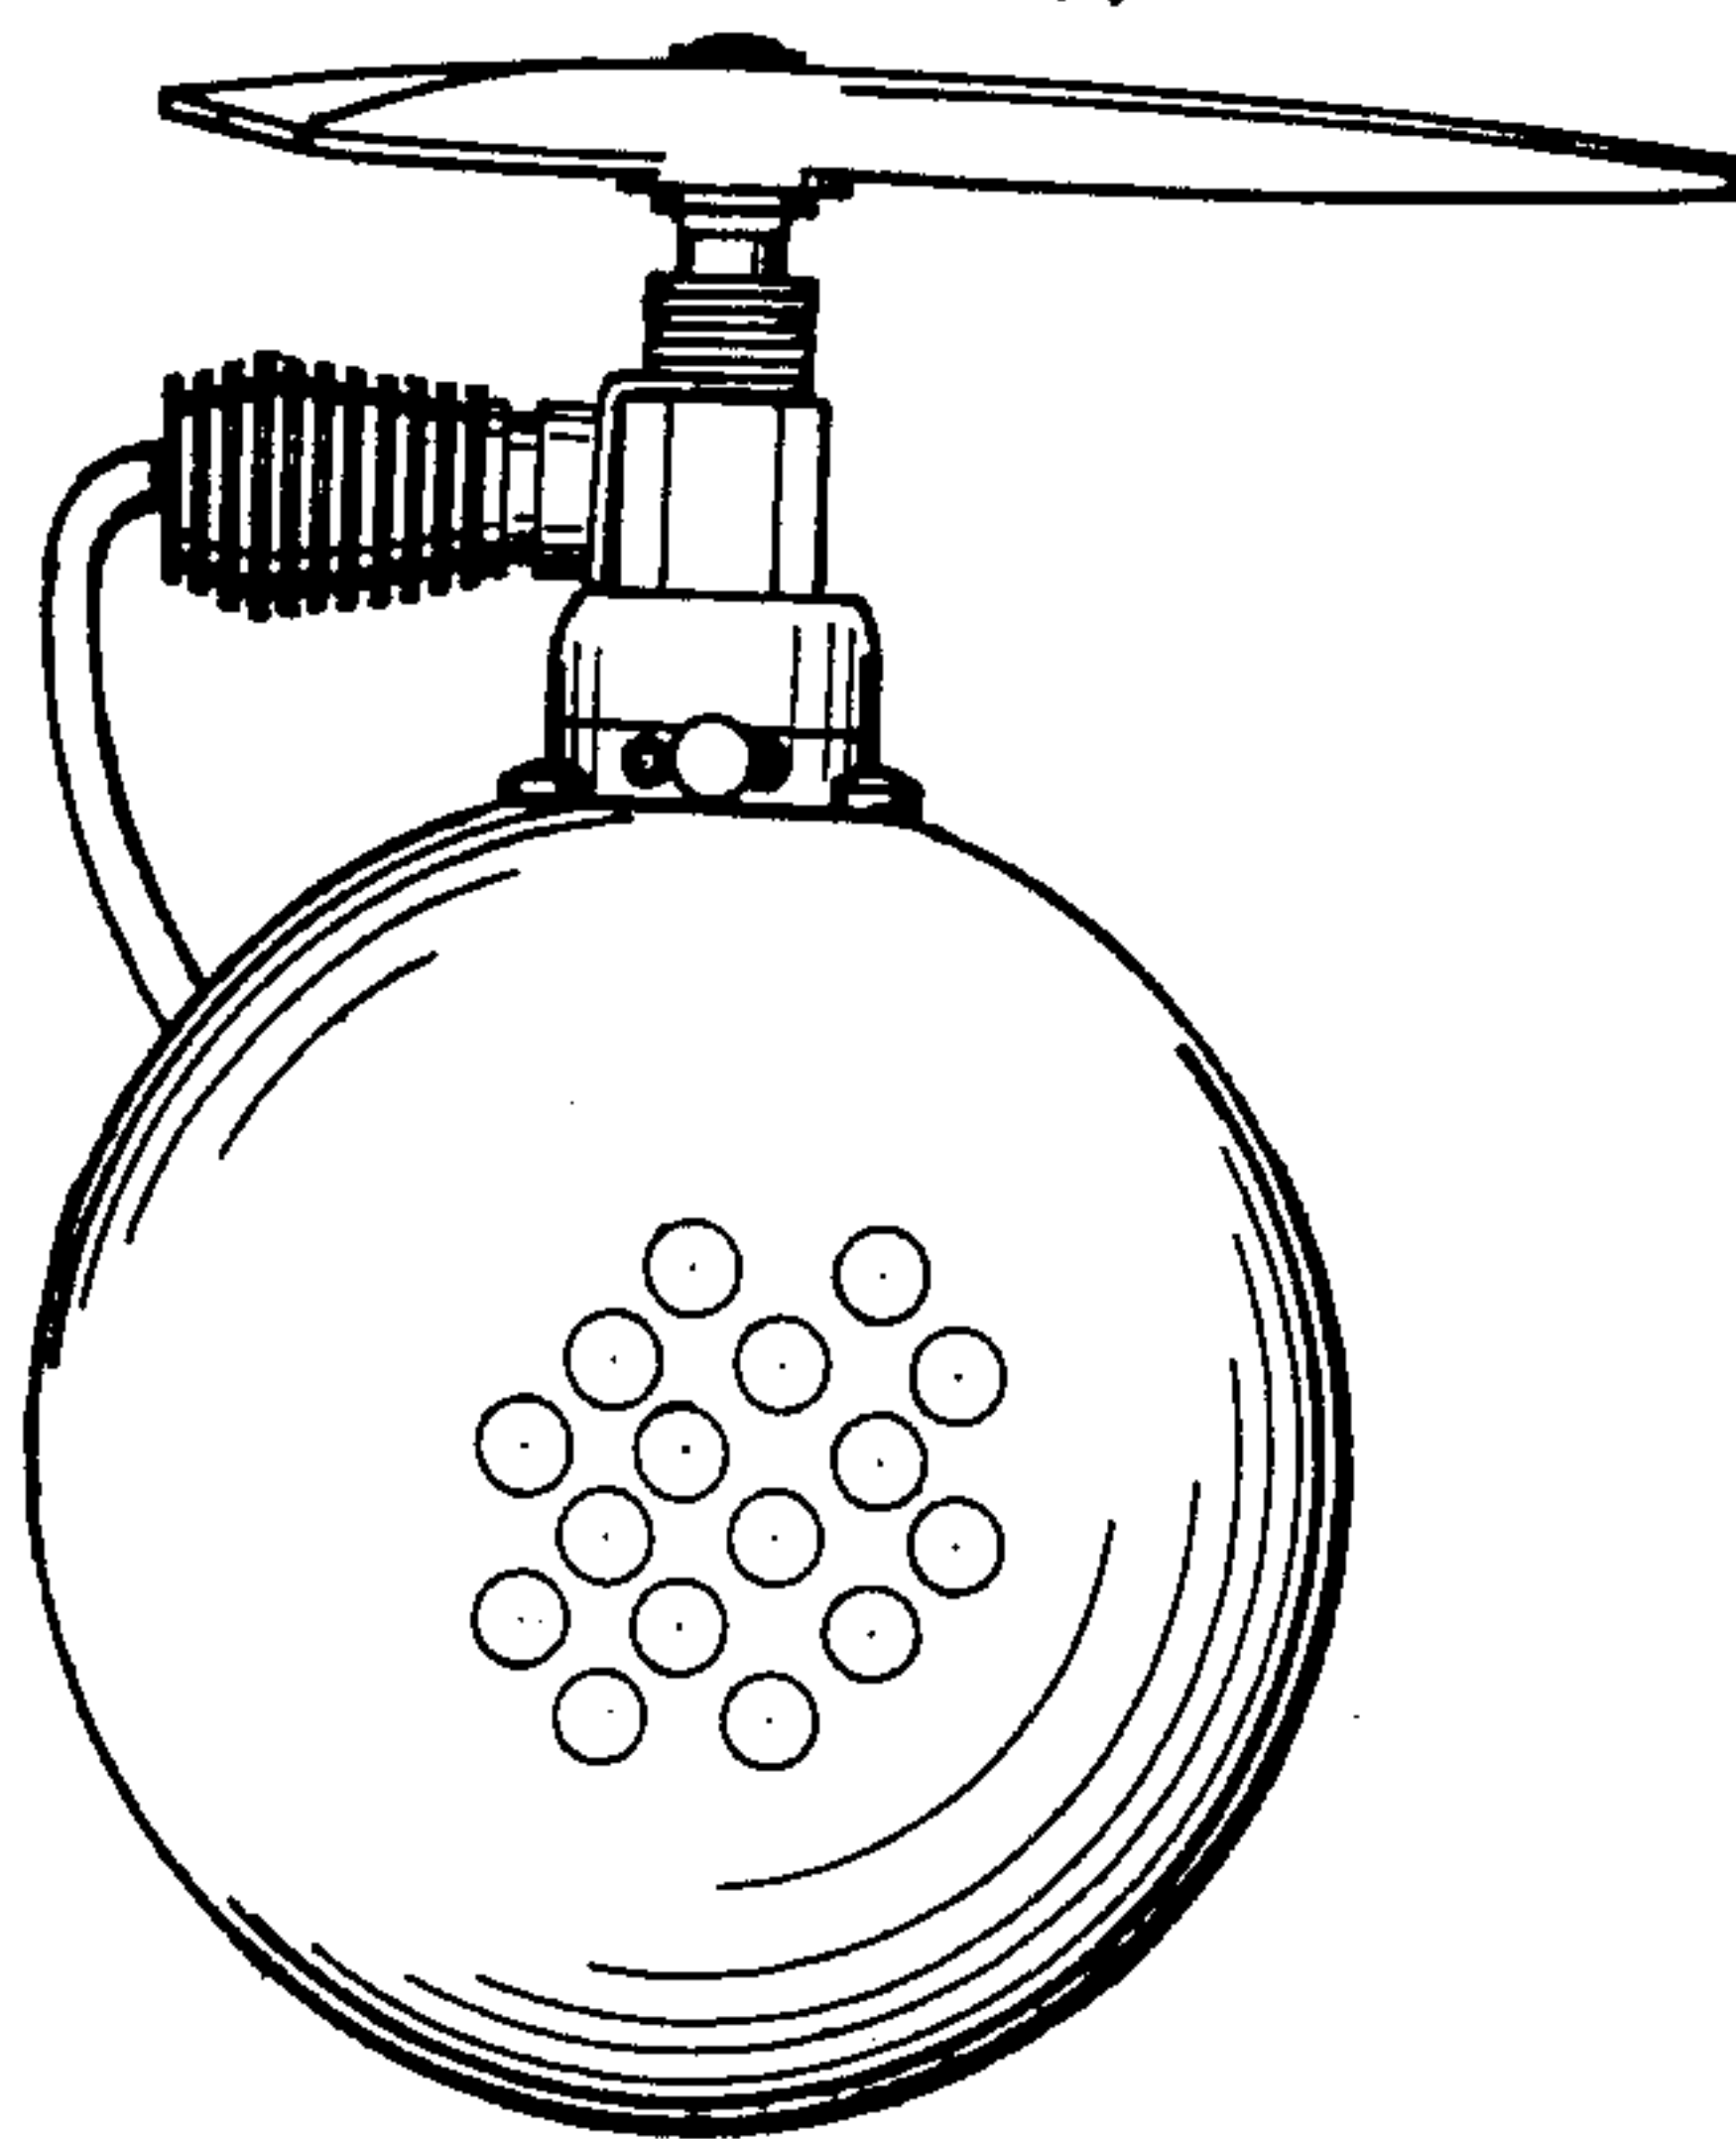

FIG. 2.

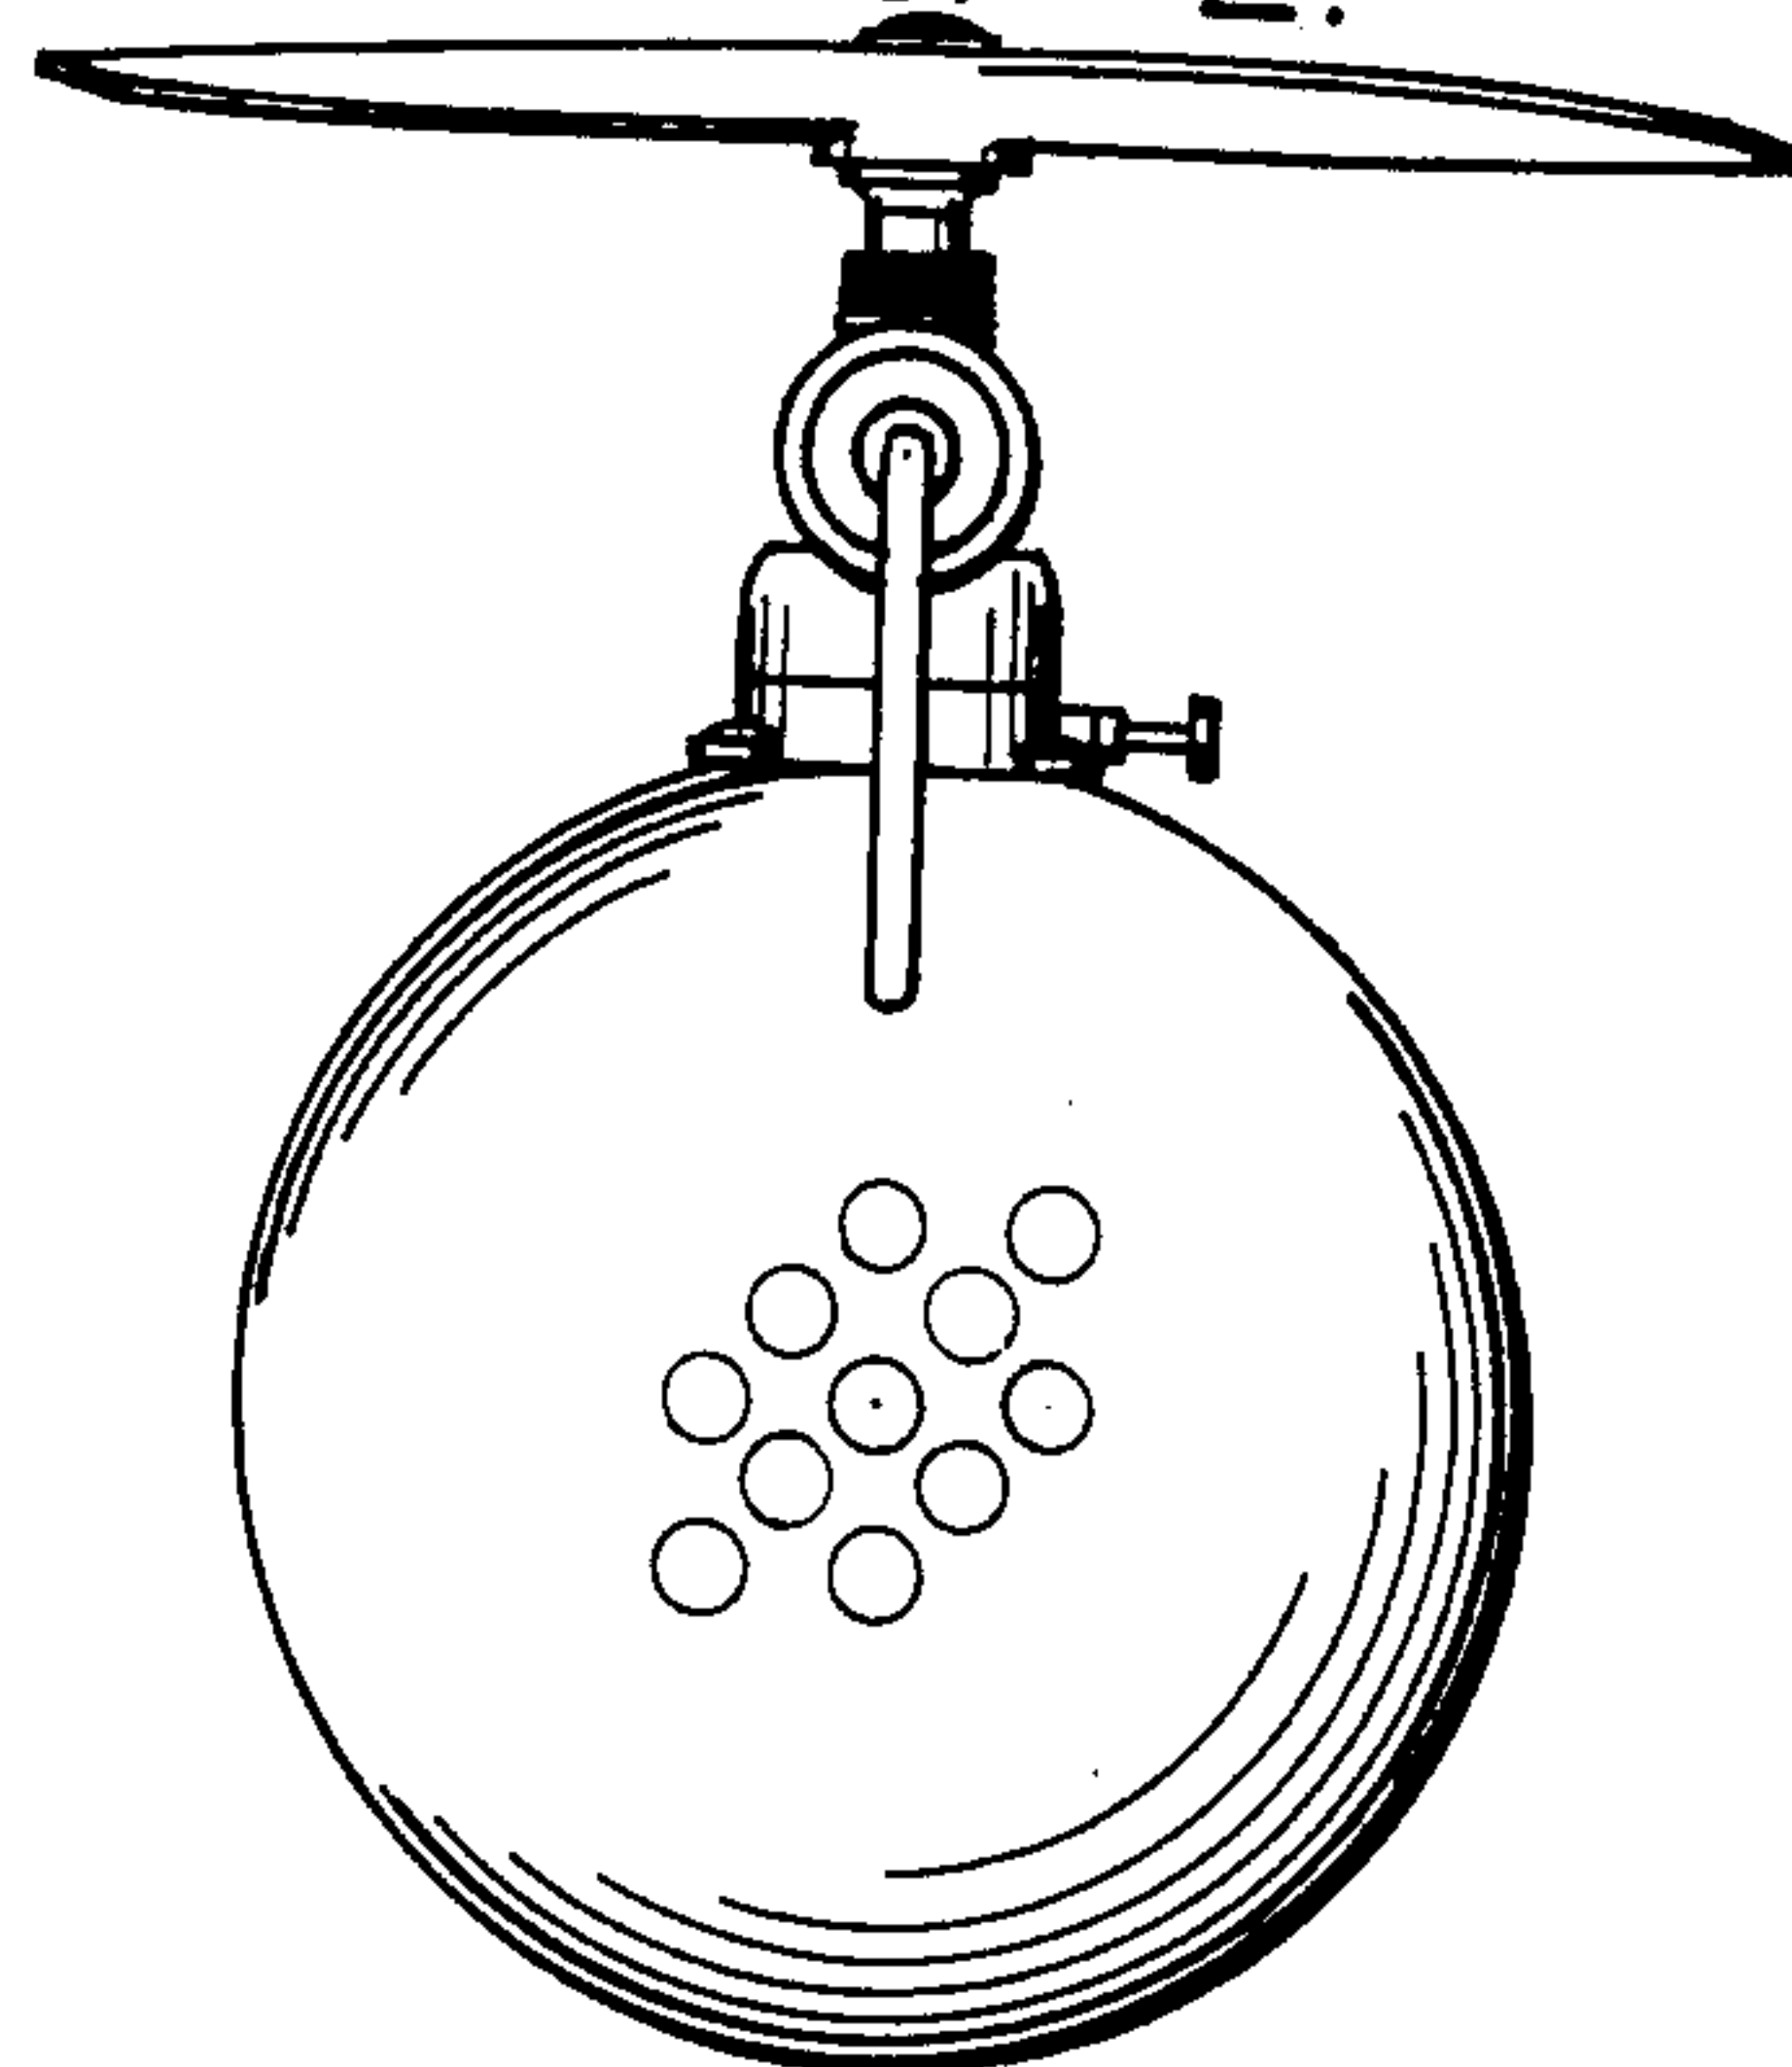

FIG. 3.

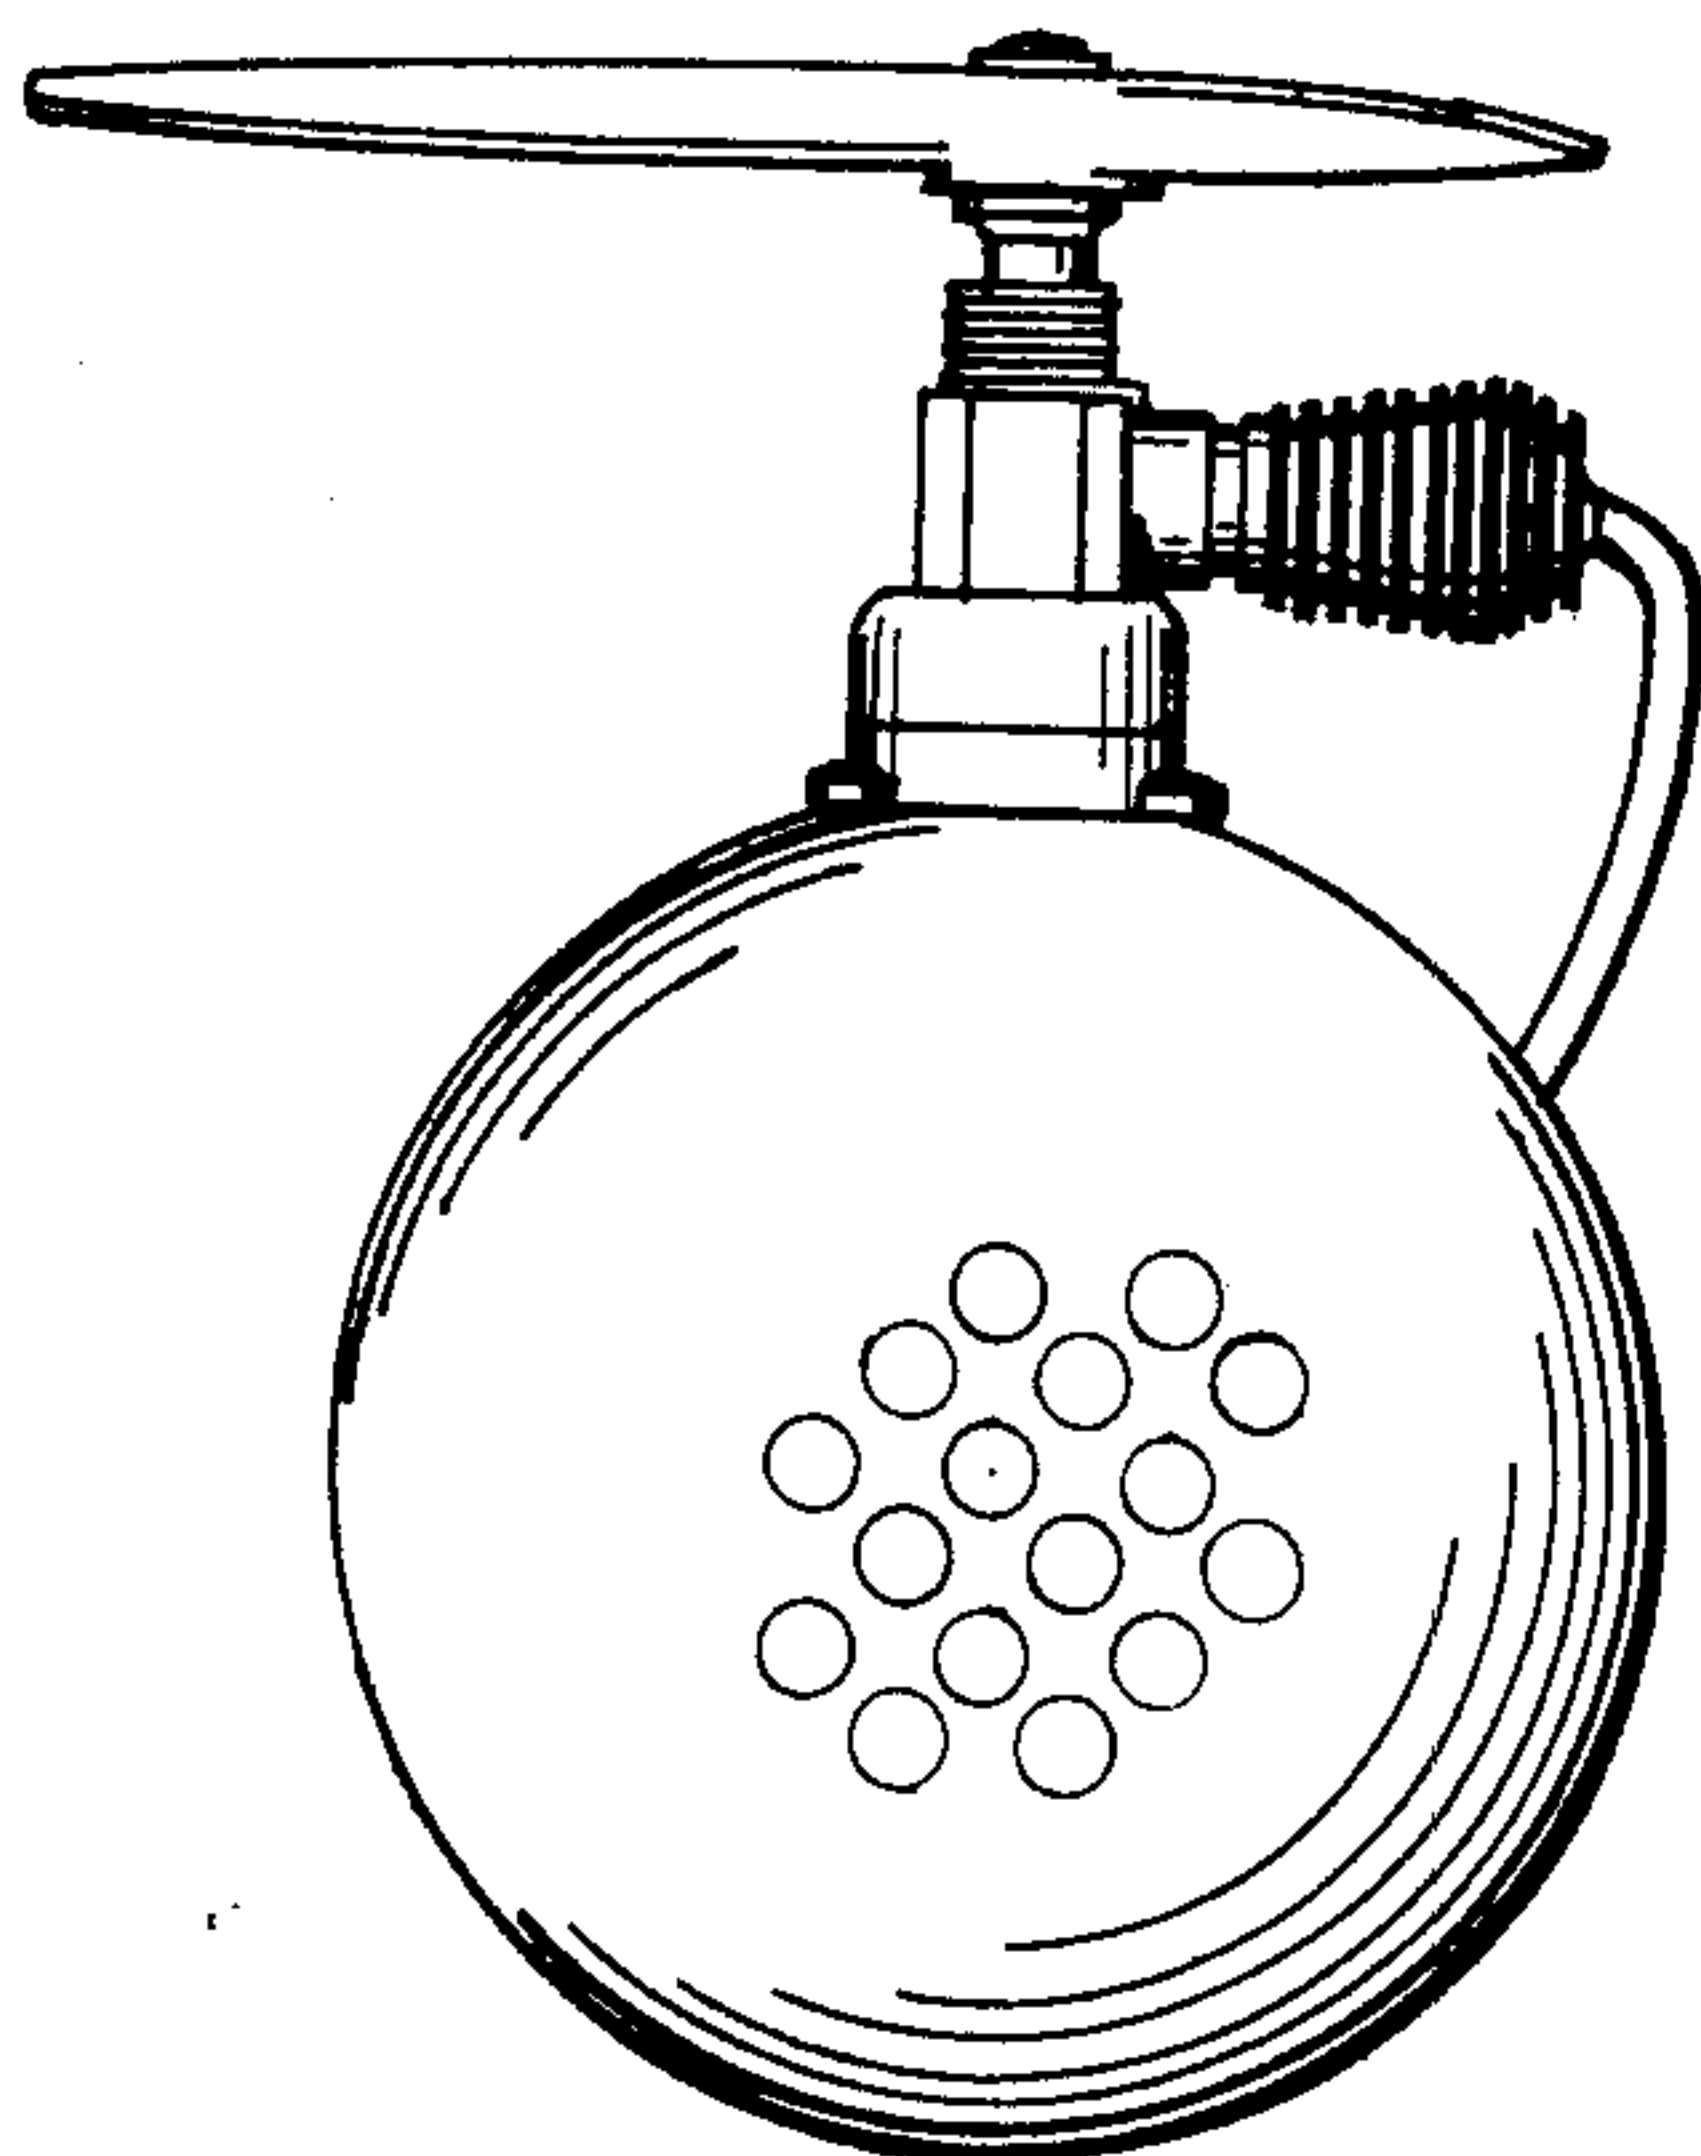

FIG. 4.

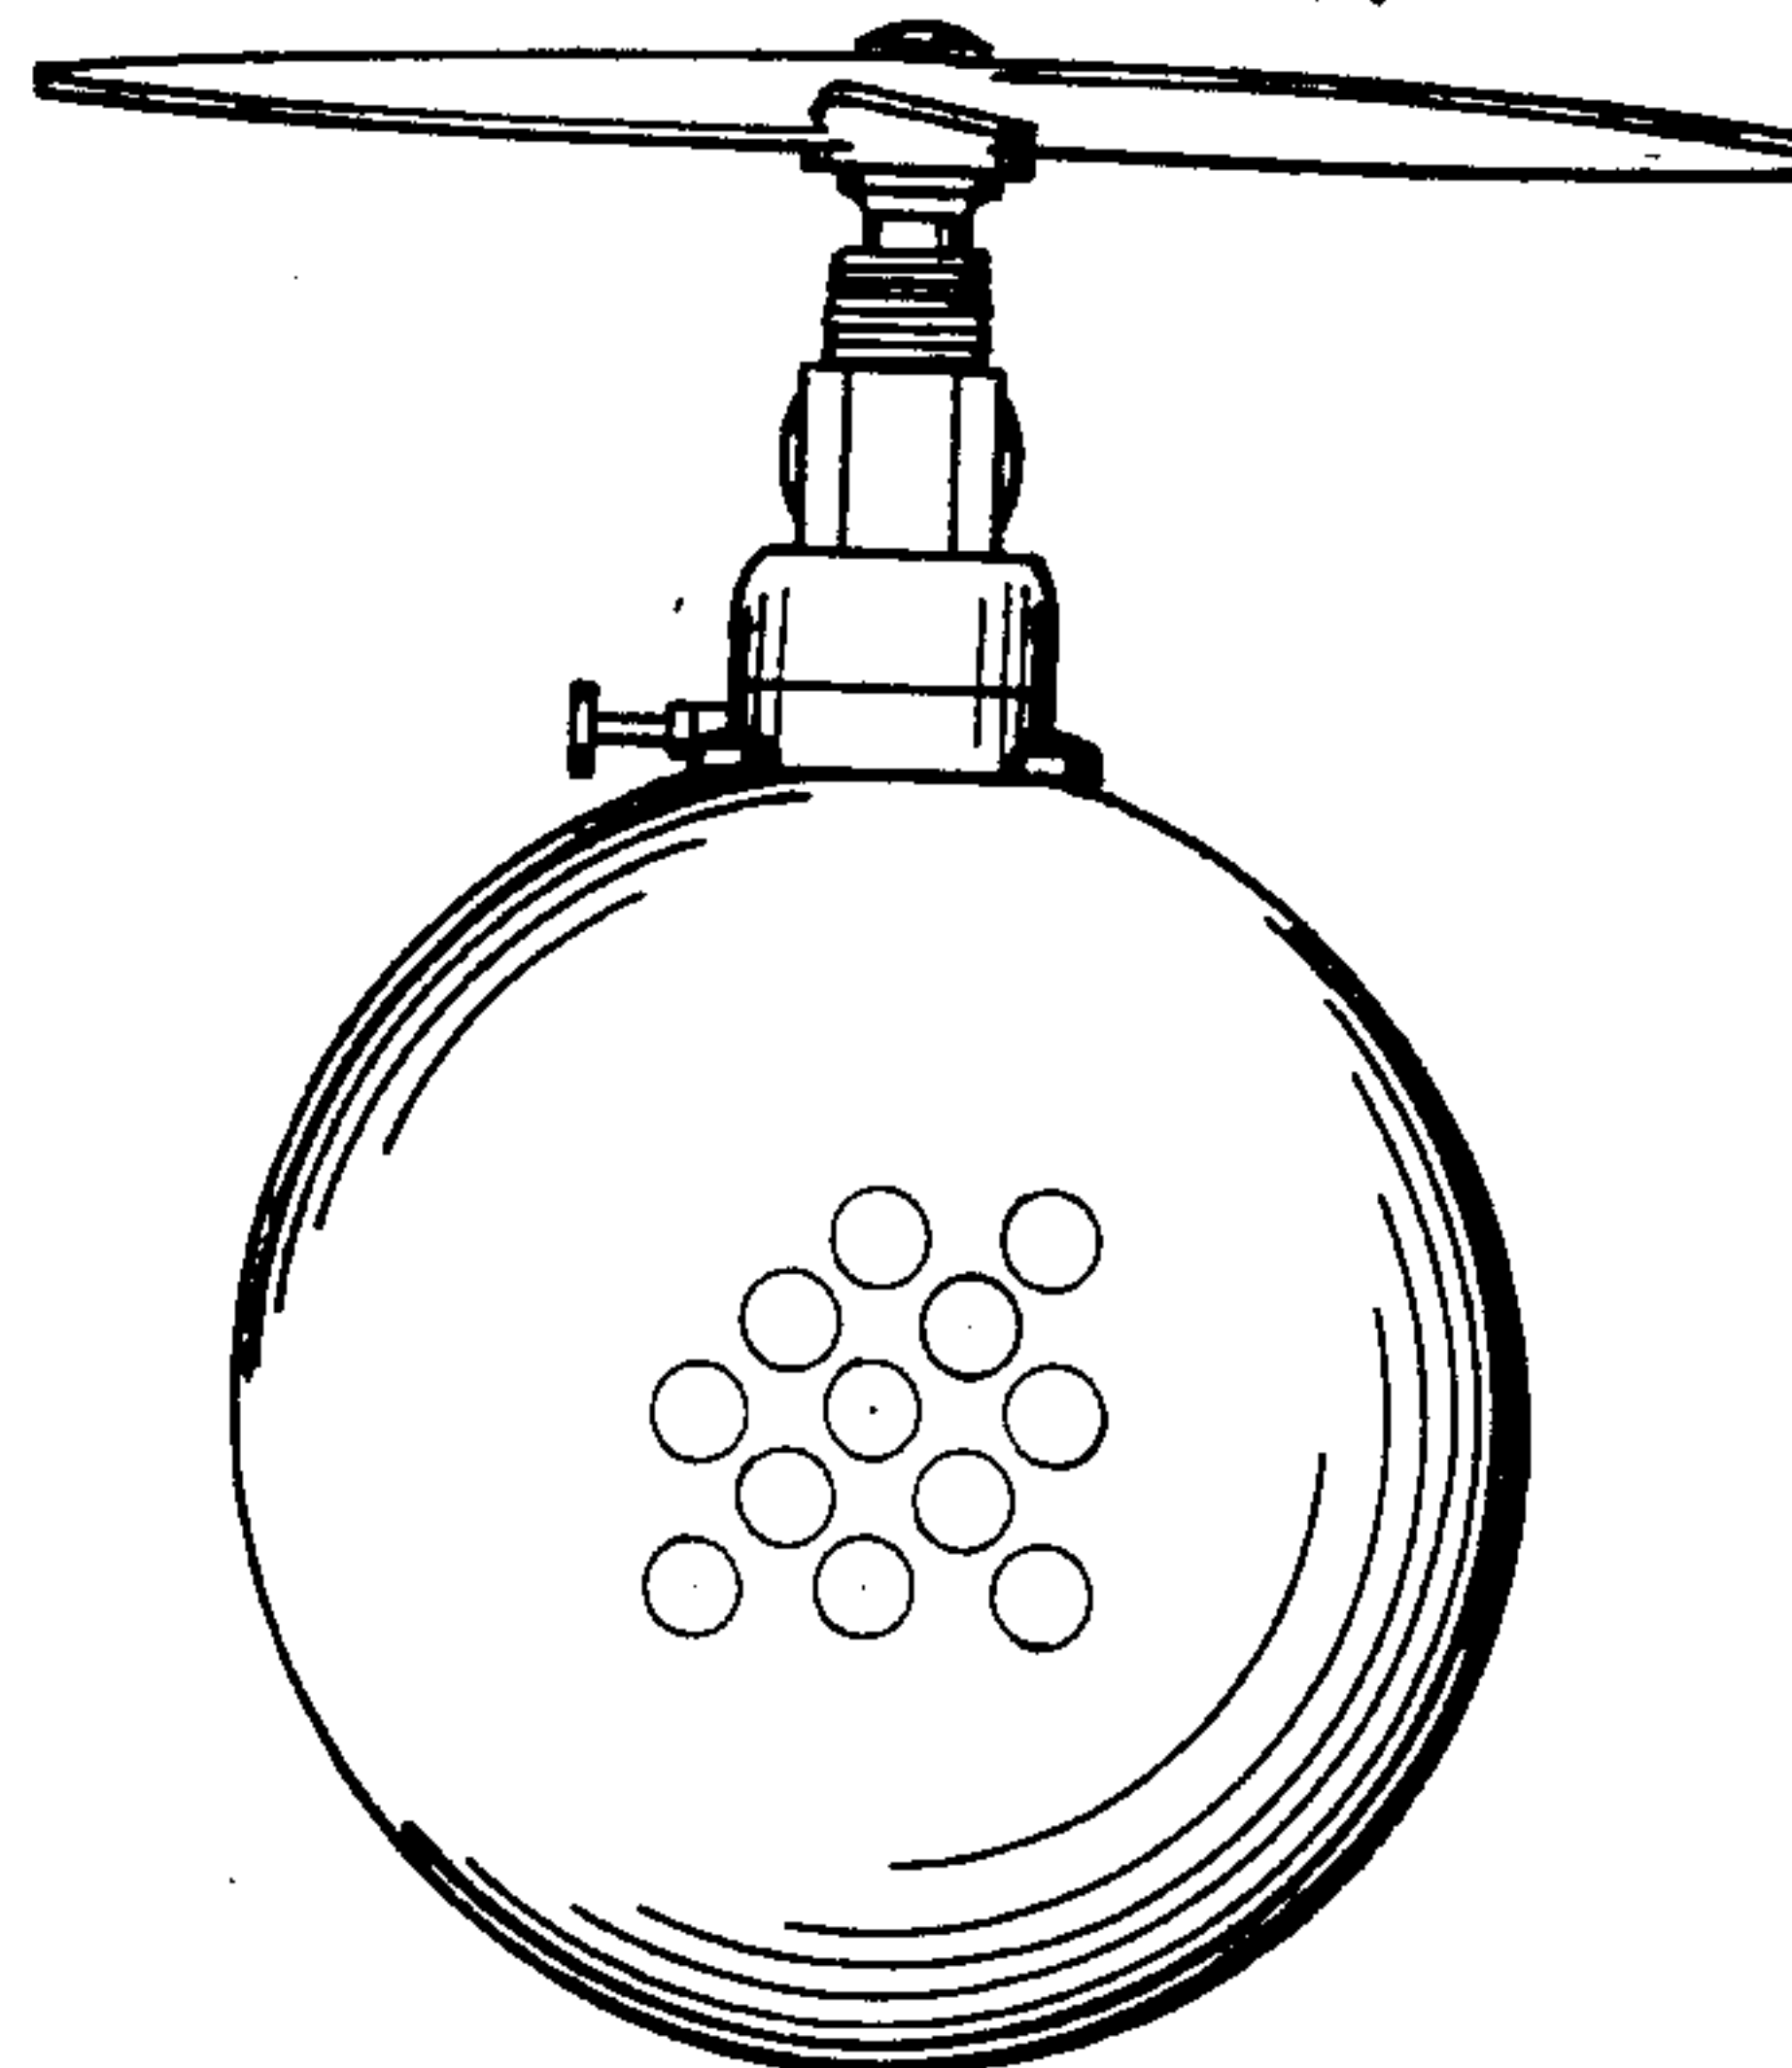

FIG. 5.

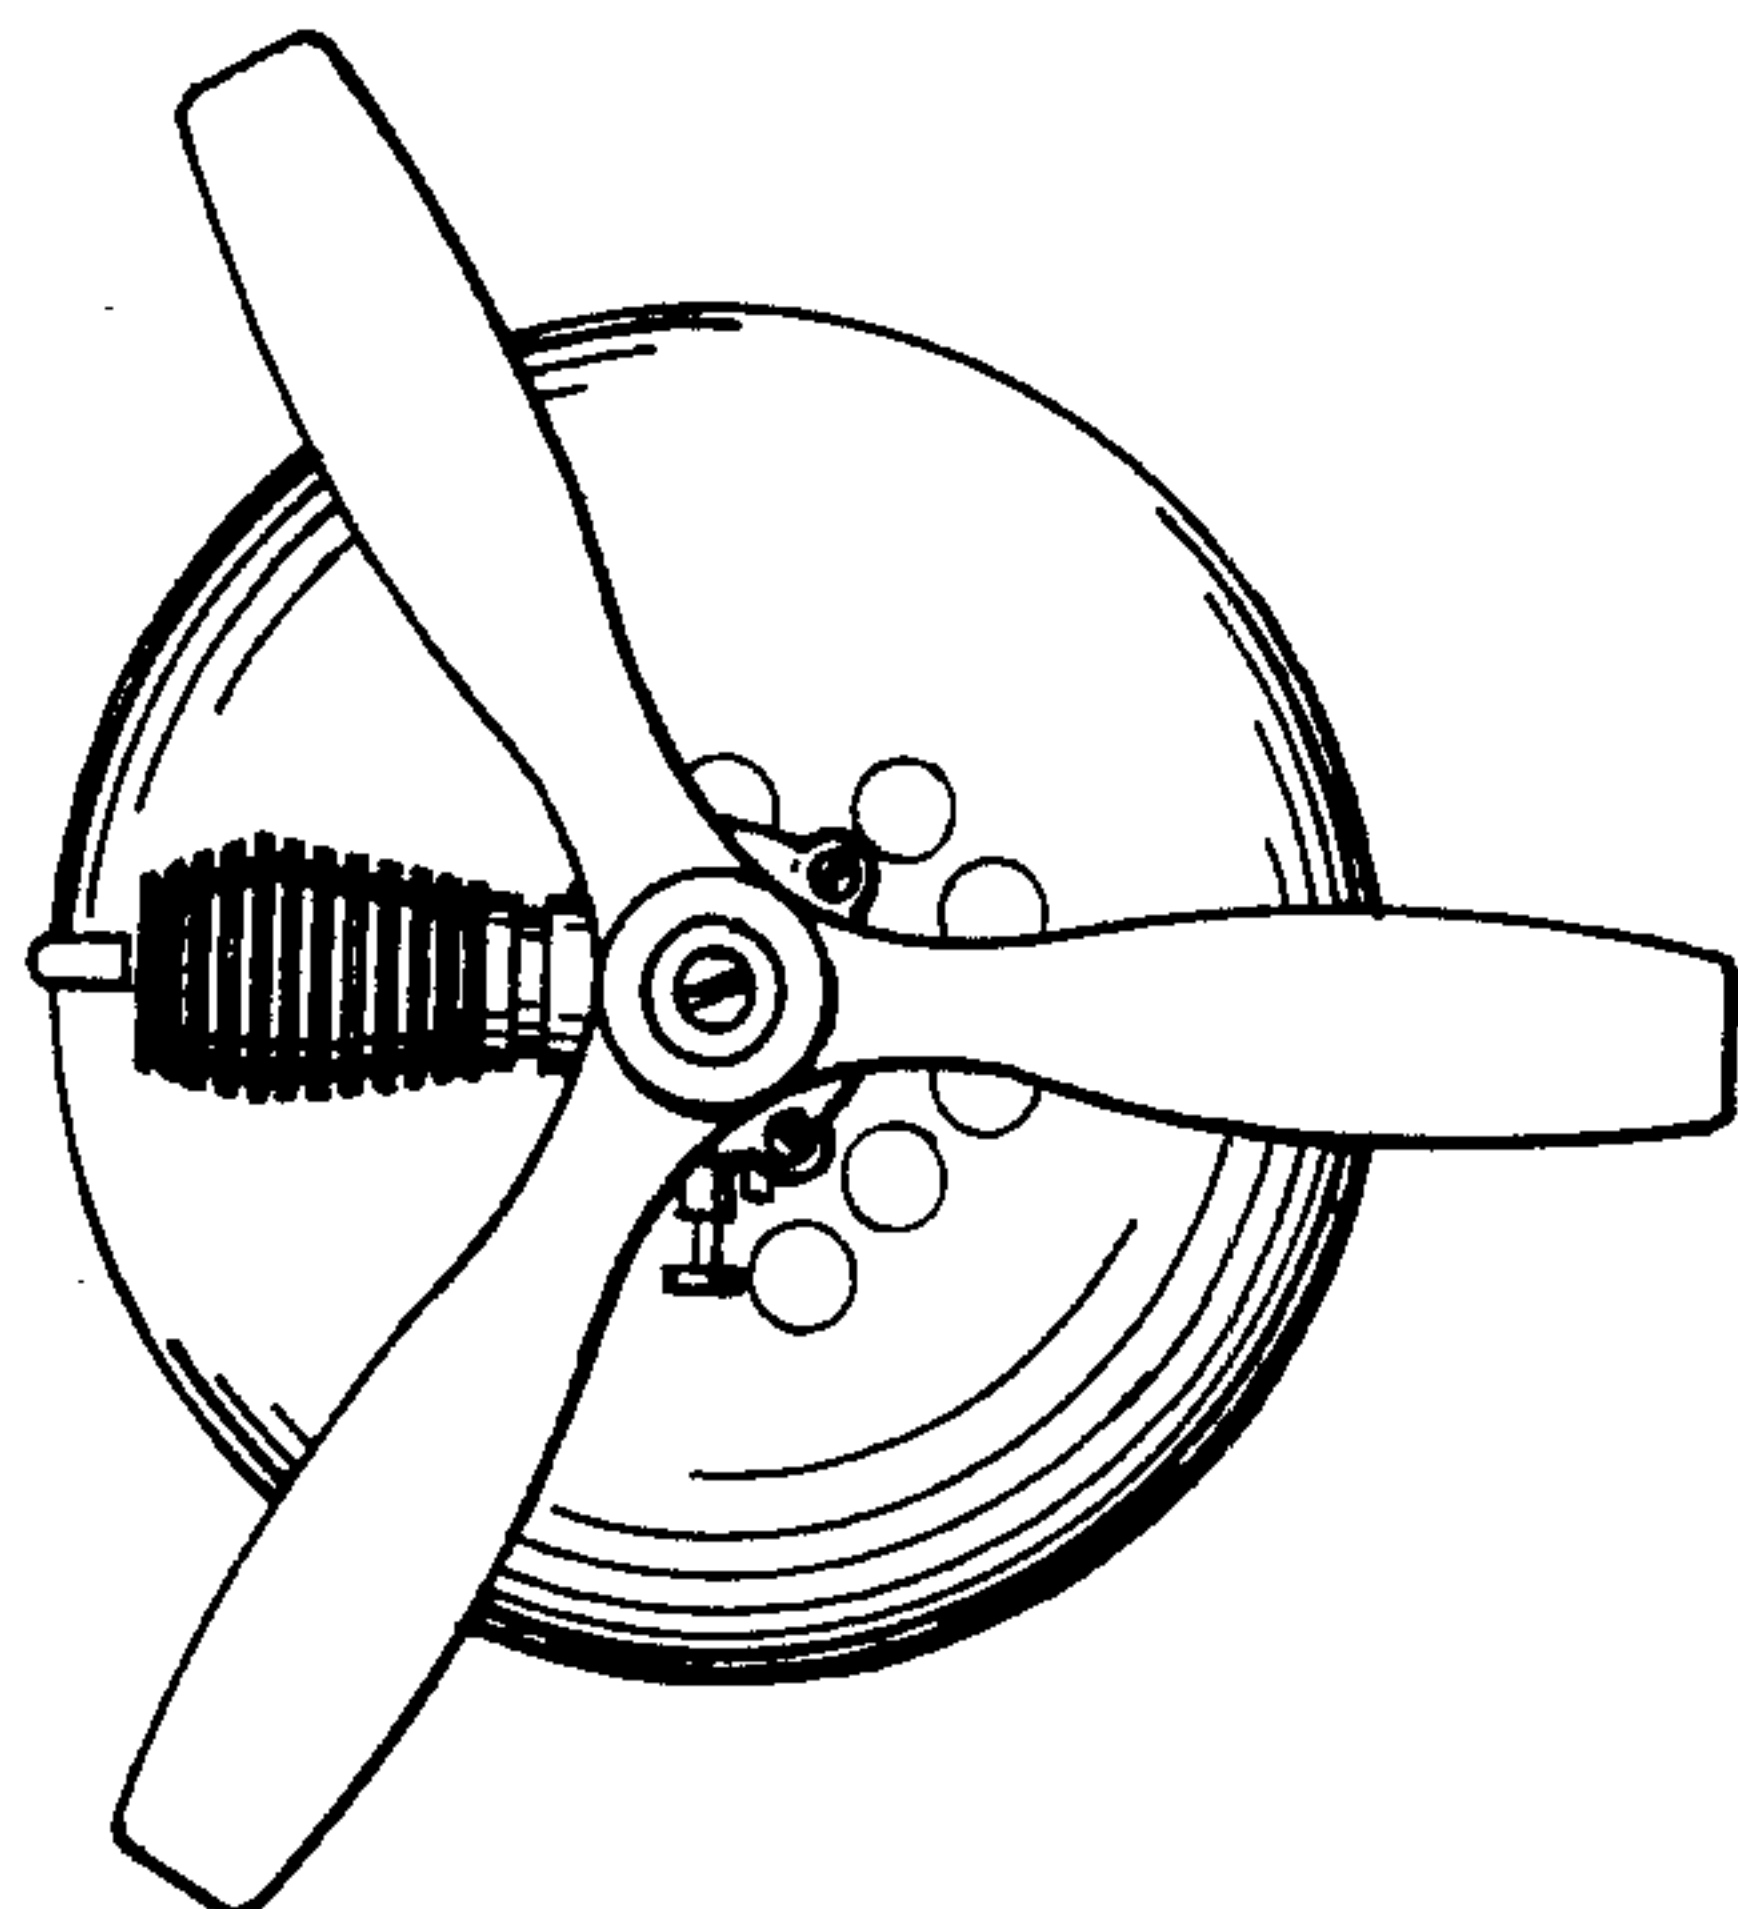

FIG. 6.
