Assistant Examiner—James M. Gandy

[57] CLAIM

The ornamental design for a hose coupling, substantially as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a hose coupling showing my new design;

FIG. 2 is a front end elevation view of one of the semi-circular halves of the hose coupling shown in FIG. 1;

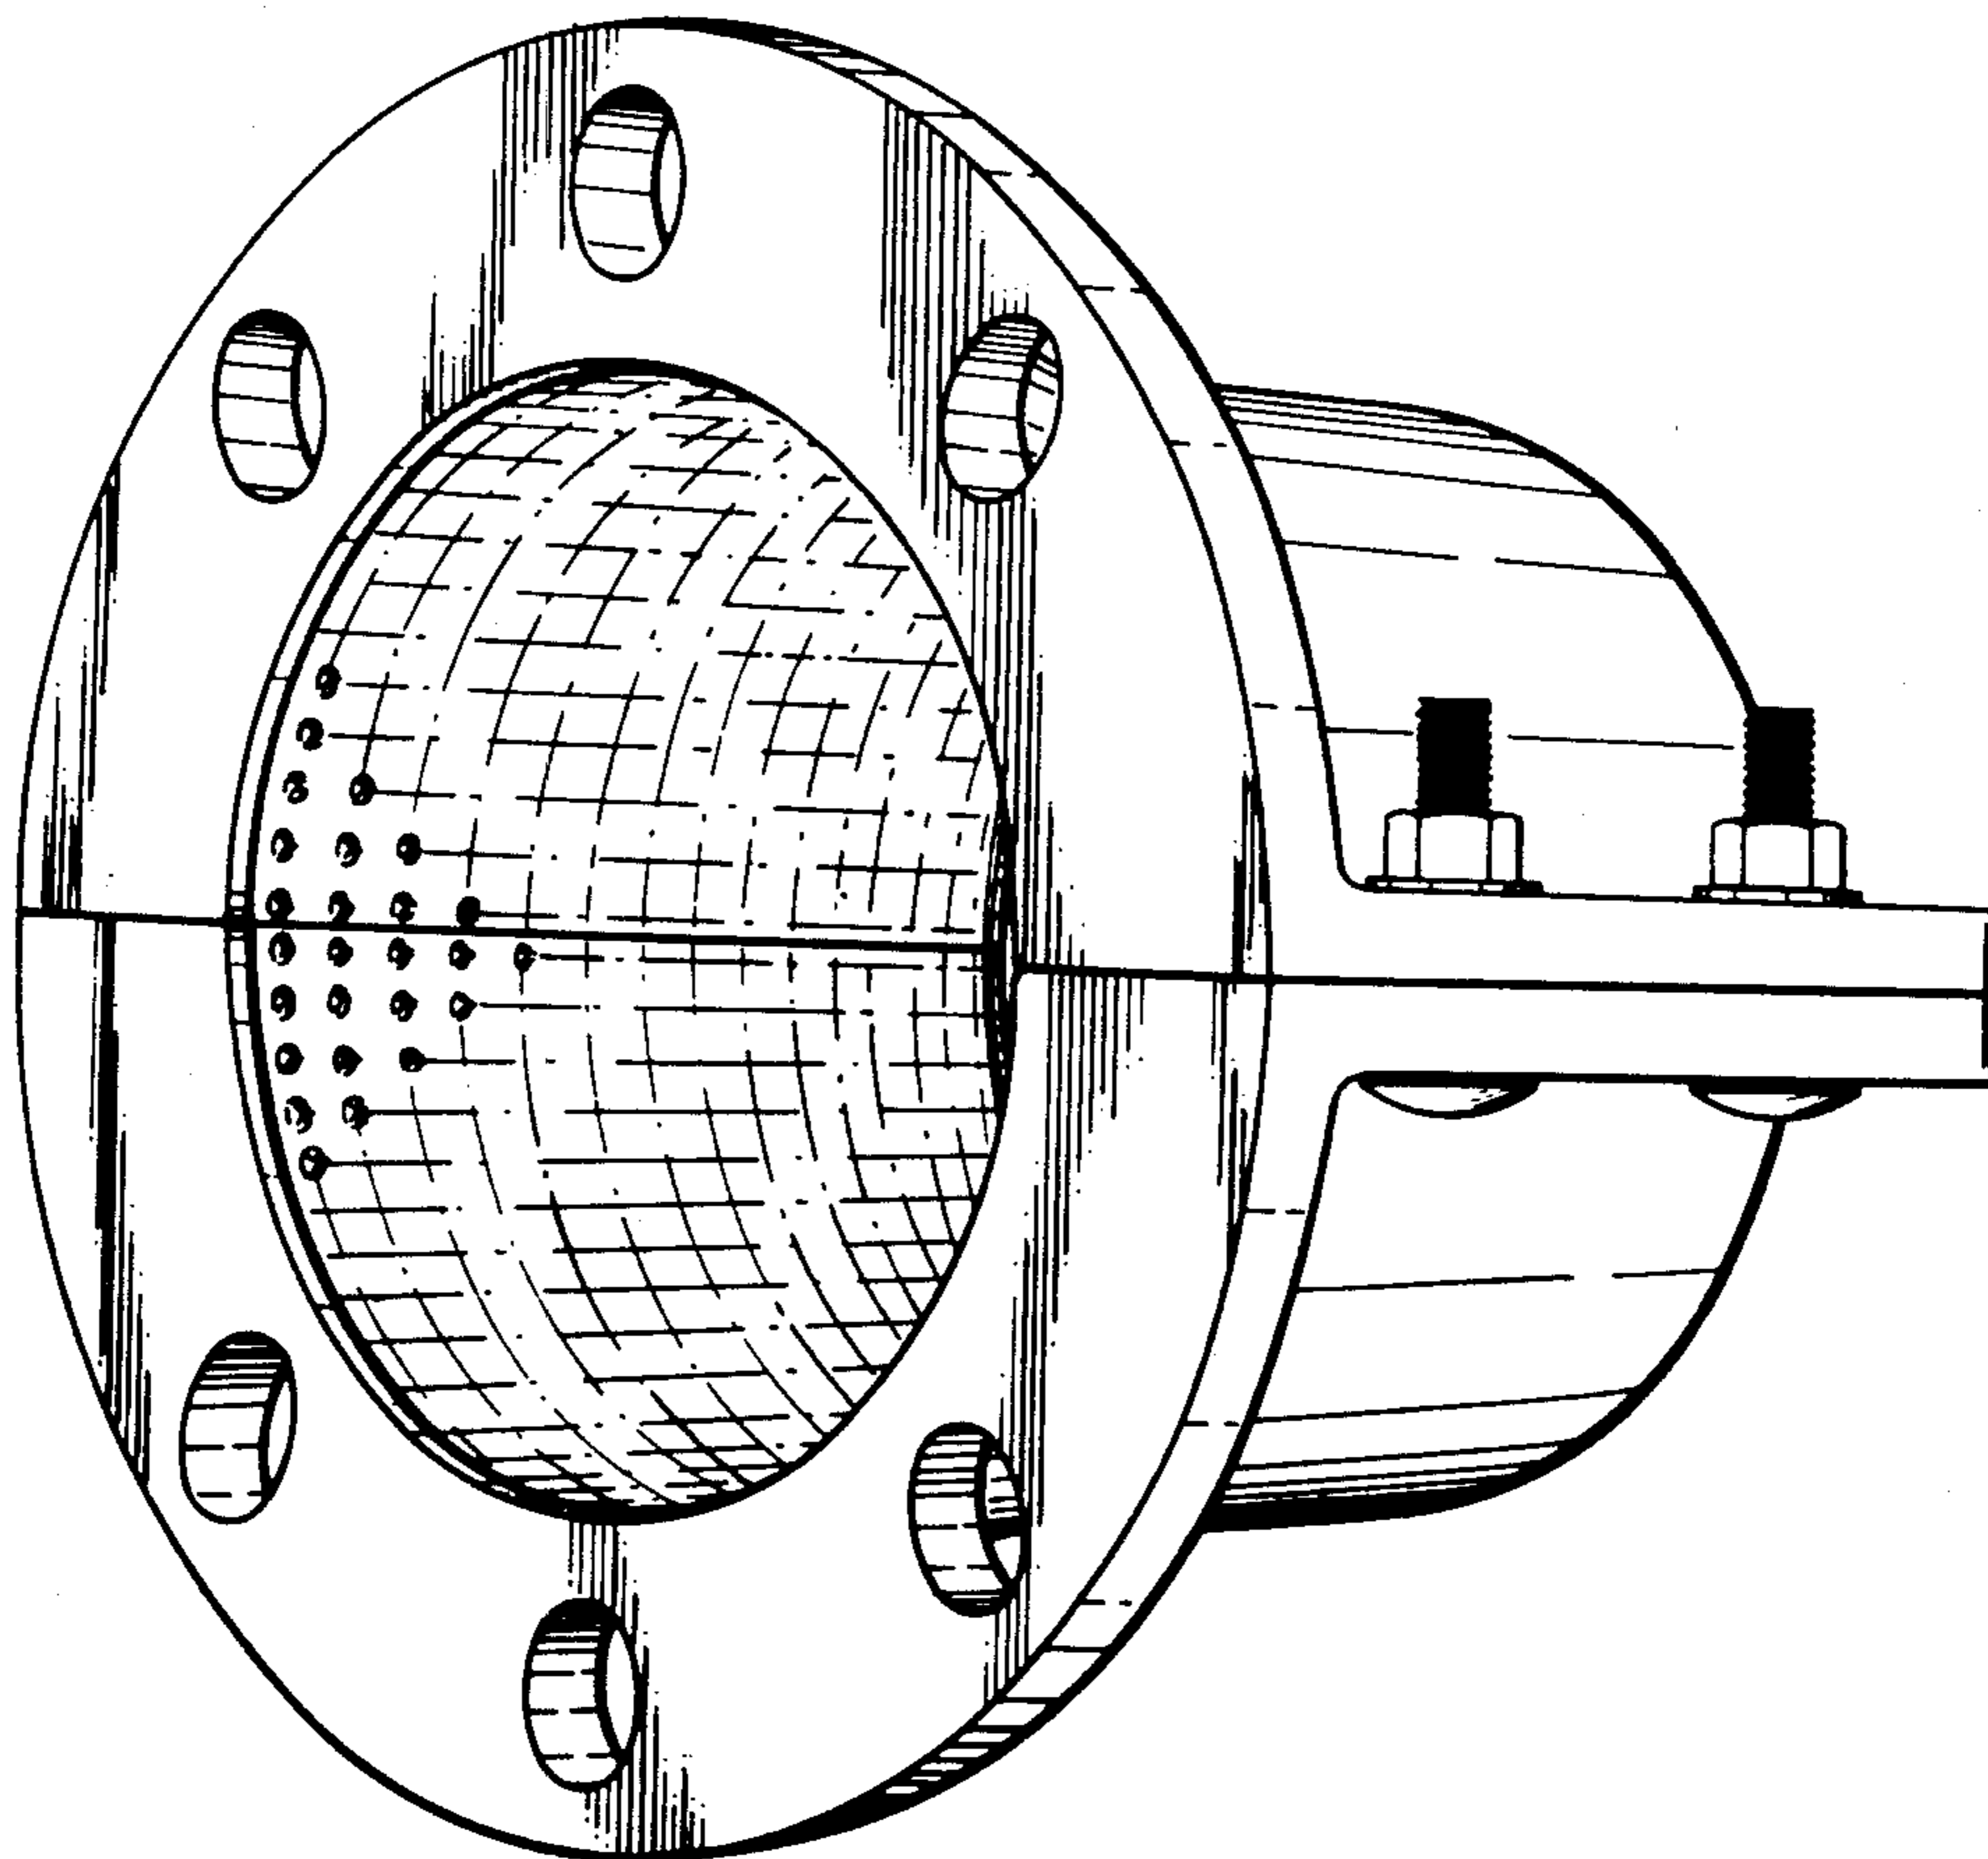

FIG. 3 is a top plan view of the hose coupling half shown in FIG. 2;

FIG. 4 is a rear end elevation view of the hose coupling half shown in FIG. 2;

FIG. 5 is a side elevation view of the hose coupling half shown in FIG. 2; and

FIG. 6 is a bottom plan view of the hose coupling half shown in FIG. 2.

The hose coupling half opposite to that shown in FIGS. 2 through 6 is substantially a mirror image thereof, and the lugs which have been partially shown in FIGS. 1 and 6 are understood to be repeated uniformly throughout the inside walls of the coupling as indicated by the cross line pattern shown therein.

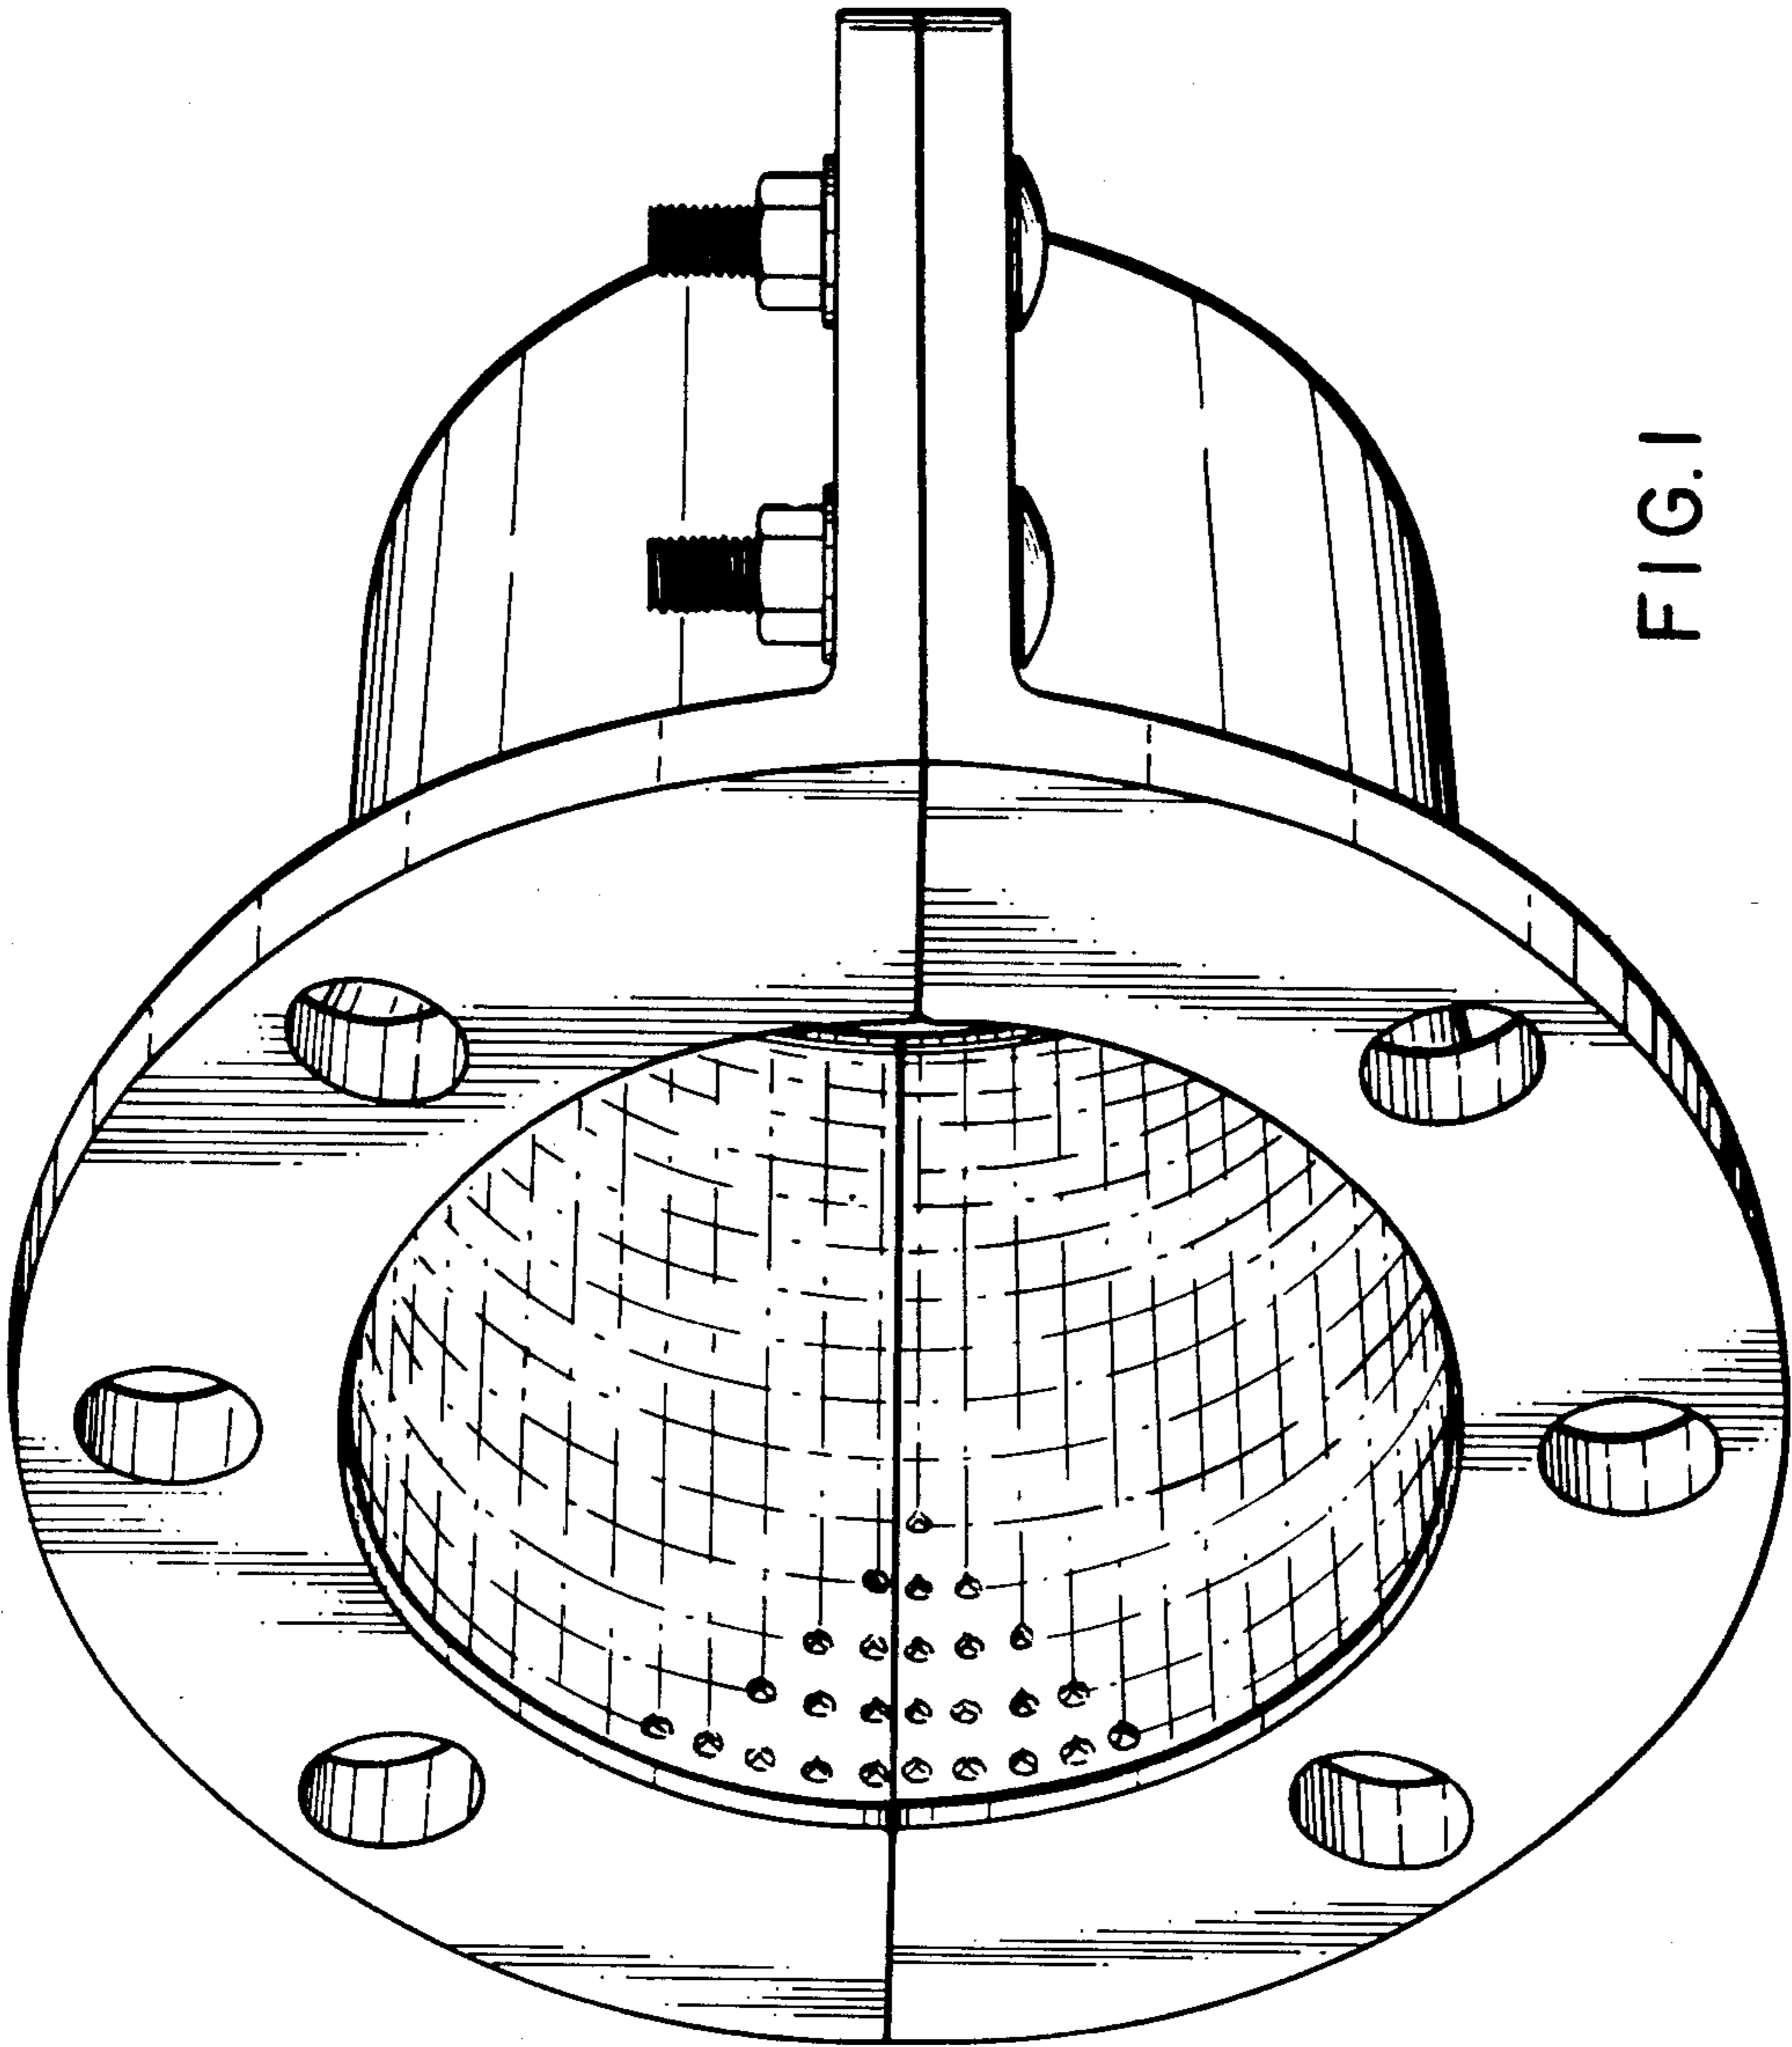

FIG. 1
