[57] CLAIM

The ornamental design for a one-point stereo microphone, substantially as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a one-point stereo microphone showing my new design, the two microphones being combined in stereo recording position; FIG. 2 is an elevational view taken from the left in FIG. 1; FIG. 3 is a top plan view, showing the two microphones connected together; FIG. 4 is a bottom plan view, showing the two microphones connected together; FIG. 5 is a perspective view similar to FIG. 1, but showing the two microphones separated; FIG. 6 is an elevational view showing the mating surface of the right-hand microphone as shown in FIG. 5; and FIG. 7 is a bottom plan view of the microphone shown in FIG. 6.
