[57] CLAIM

The ornamental design for a pour spout perforating tool, substantially as shown and described.

DESCRIPTION

FIG. 1 is a top plan view of a pour spout perforating tool showing my new design; FIG. 2 is a side elevational view thereof, the opposite undisclosed side thereof being a mirror image of the illustrated side; and FIG. 3 is a bottom plan view thereof. The cross lines in FIG. 2 represent a knurled surface texture which extends around the entire periphery of the pour spout perforating tool.
