[57] **CLAIM**

The ornamental design for a push button telephone, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of a push button telephone showing my new design;
 FIG. 2 is a perspective view thereof taken at an alternate position with the handset removed from the telephone base;
 FIG. 3 is a front perspective view of a modified embodiment of the push button telephone illustrated in FIG. 1; and
 FIG. 4 is a perspective view thereof, taken at an alternative position with the handset removed from the telephone base.
 The undisclosed rear portions of the telephone are plane and unornamented.

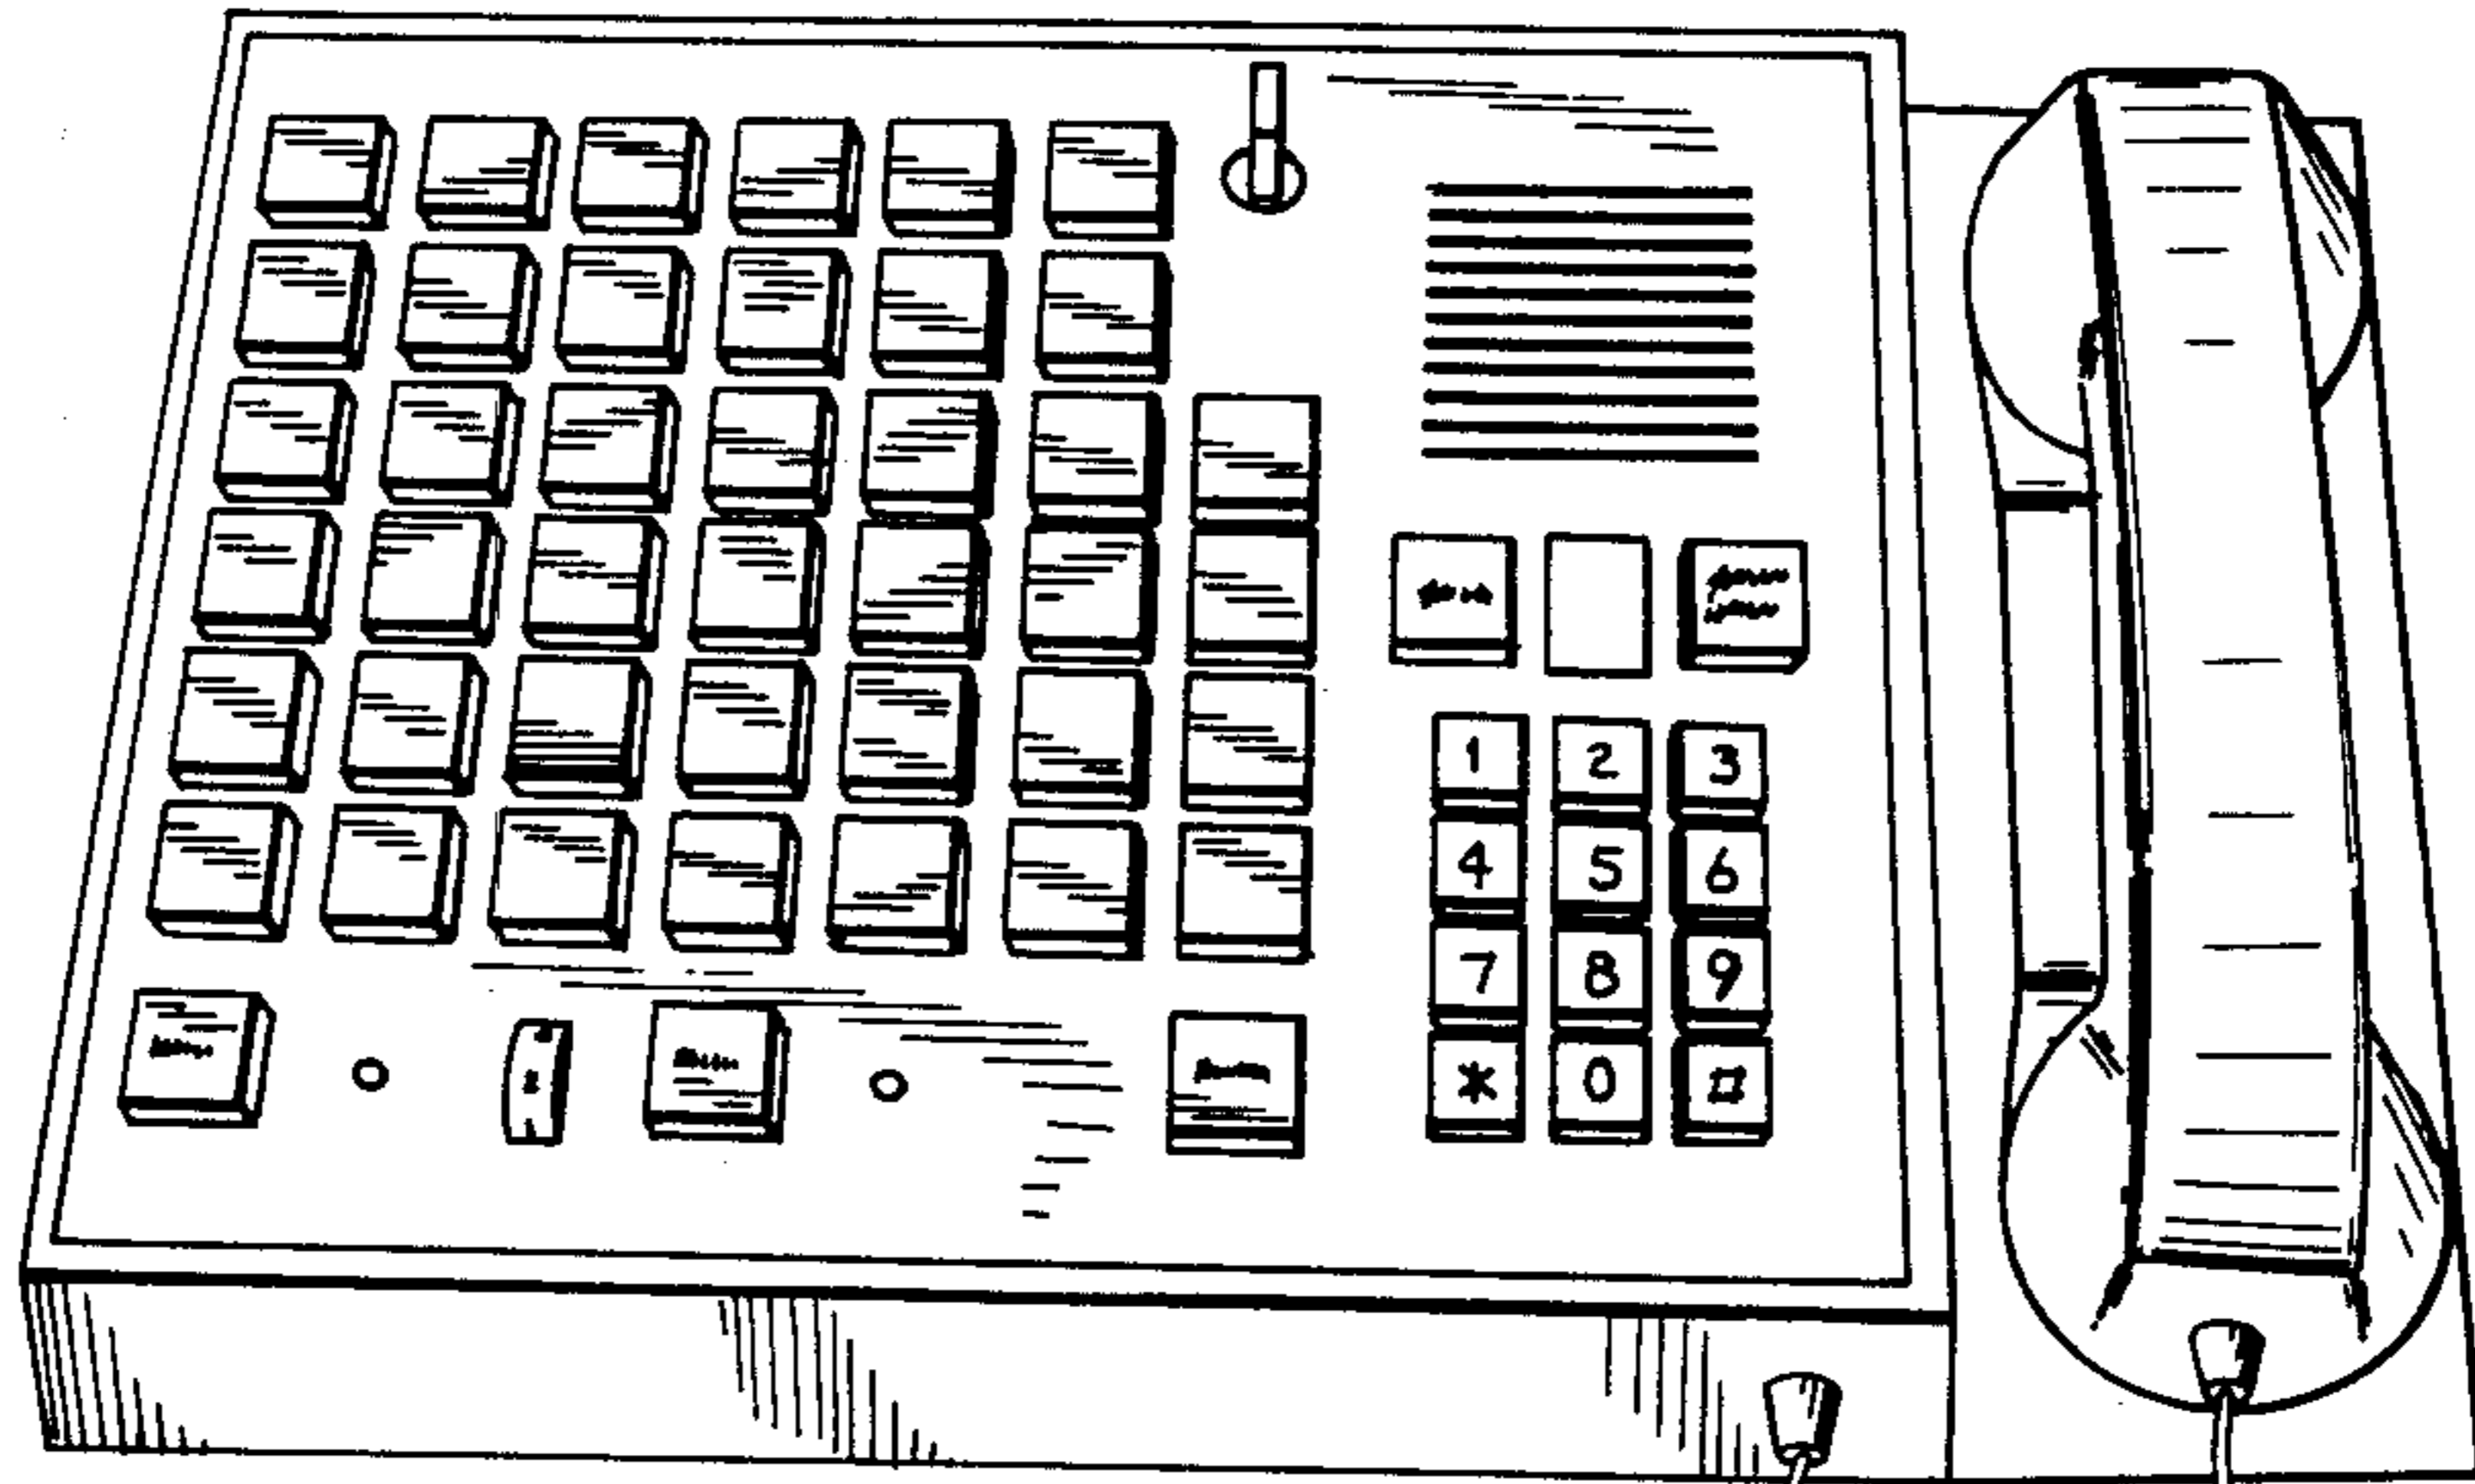

FIG. 3

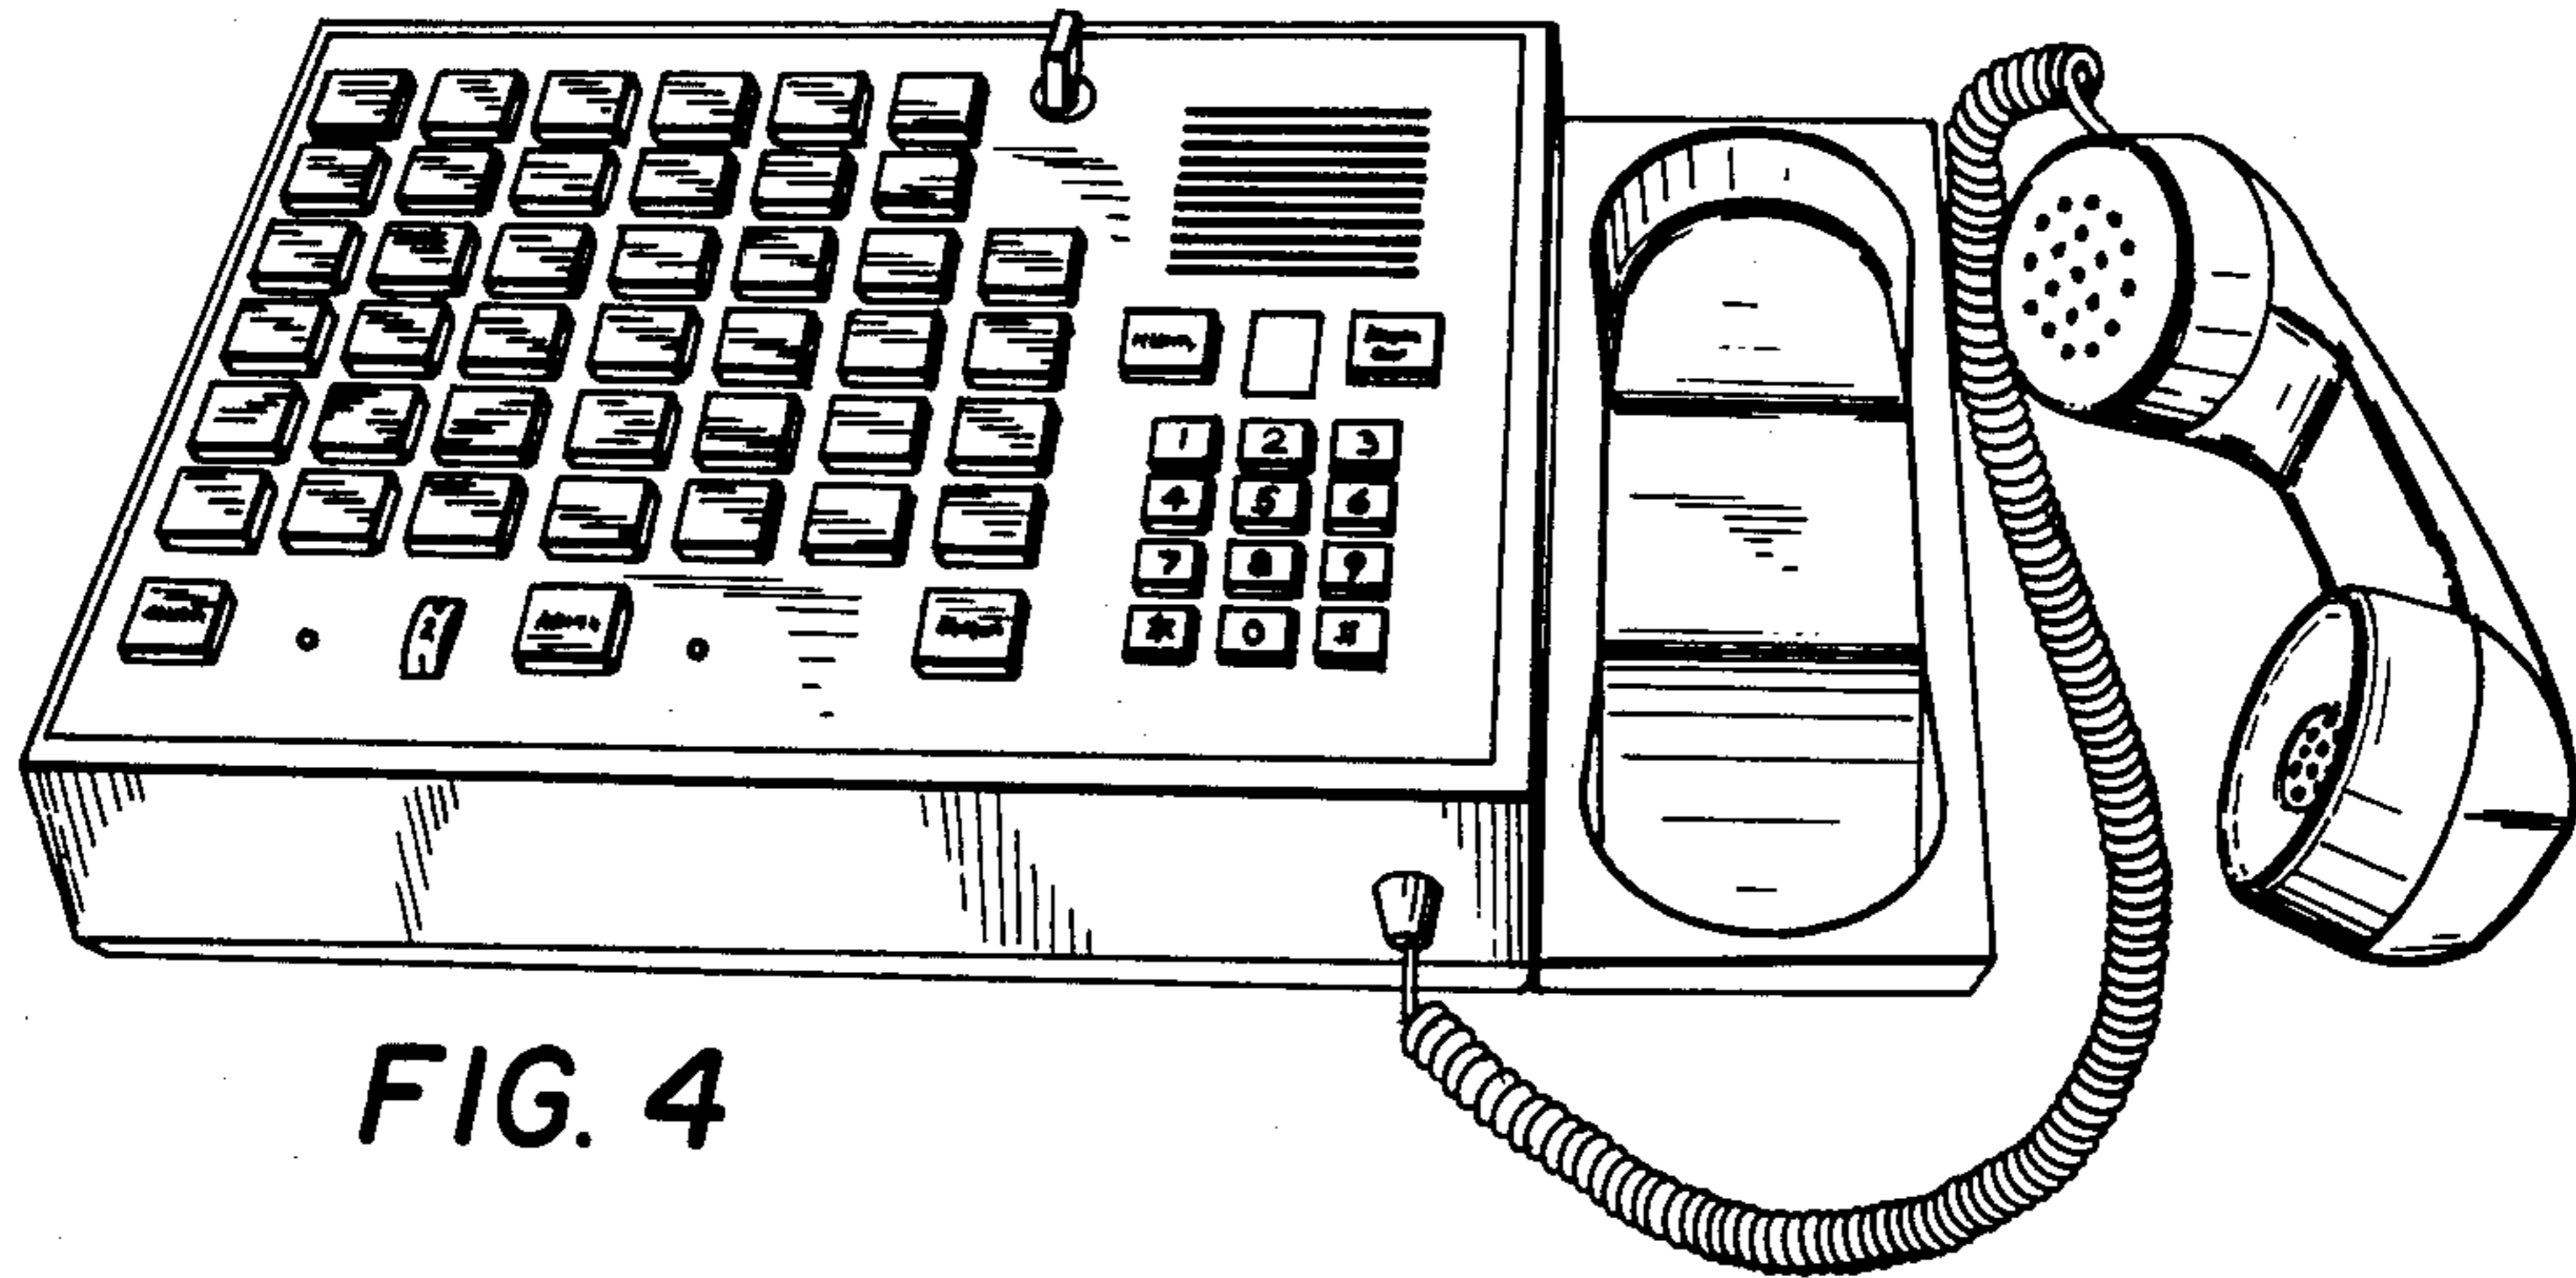

FIG. 4
