[57] **CLAIM**

The ornamental design of a blank for a combined vent and insulation baffle, substantially as shown and described.

DESCRIPTION

FIG. 1 is a top plan view of a blank for a combined vent and insulation baffle showing my new design, the bottom being a mirror image of the top shown; FIG. 2 is a right side elevational view thereof; FIG. 3 is a left side elevational view thereof; FIG. 4 is a front elevational view thereof; FIG. 5 is a rear elevational view thereof; FIG. 6 is a top plan view of a modified form of the blank for a combined vent and insulation baffle shown in FIG. 1; the bottom being a mirror image of the top shown; FIG. 7 is a right side elevational view of FIG. 6; FIG. 8 is a left side elevational view of FIG. 6; FIG. 9 is a front elevational view of FIG. 6; FIG. 10 is a rear elevational view of FIG. 6; FIG. 11 is a top plan view of a second modified form of the blank for a combined vent and insulation baffle shown in FIG. 1, the bottom being a mirror image of the top shown; FIG. 12 is a right side elevational view of FIG. 11; FIG. 13 is a left side elevational view of FIG. 11; FIG. 14 is a front elevational view of FIG. 11; FIG. 15 is a rear elevational view of FIG. 11; FIG. 16 is a top plan view of a third modified form of the blank for a combined vent and insulation baffle shown in FIG. 1, the bottom being a mirror image of the top shown; FIG. 17 is a right side elevational view of FIG. 16; FIG. 18 is a left side elevational view of FIG. 16; FIG. 19 is a front elevational view of FIG. 16; and FIG. 20 is a rear elevational view of FIG. 16.
