[57] **CLAIM**

The ornamental design for a weighted golf club practice device, as shown and described.

DESCRIPTION

FIG. 1 is a side elevational view of a weighted golf club practice device showing my new design, the side opposite to that shown being a mirror image thereof:

FIG. 2 is a top plan view thereof;

FIG. 3 is a bottom plan view thereof;

FIG. 4 is a front elevational view thereof; and

FIG. 5 is a rear elevational view thereof.

The design is particularly characterized in that the stacked discs are of contrasting colors with the centrally disposed disc being of lighter color than the upper and lower discs, as indicated by stippling, and in that the discs comprising the stack of discs progressively vary in diameter and thickness.
