[57] CLAIM

The ornamental design for a hub for bicycle, substantially as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a hub for bicycle showing my new design;

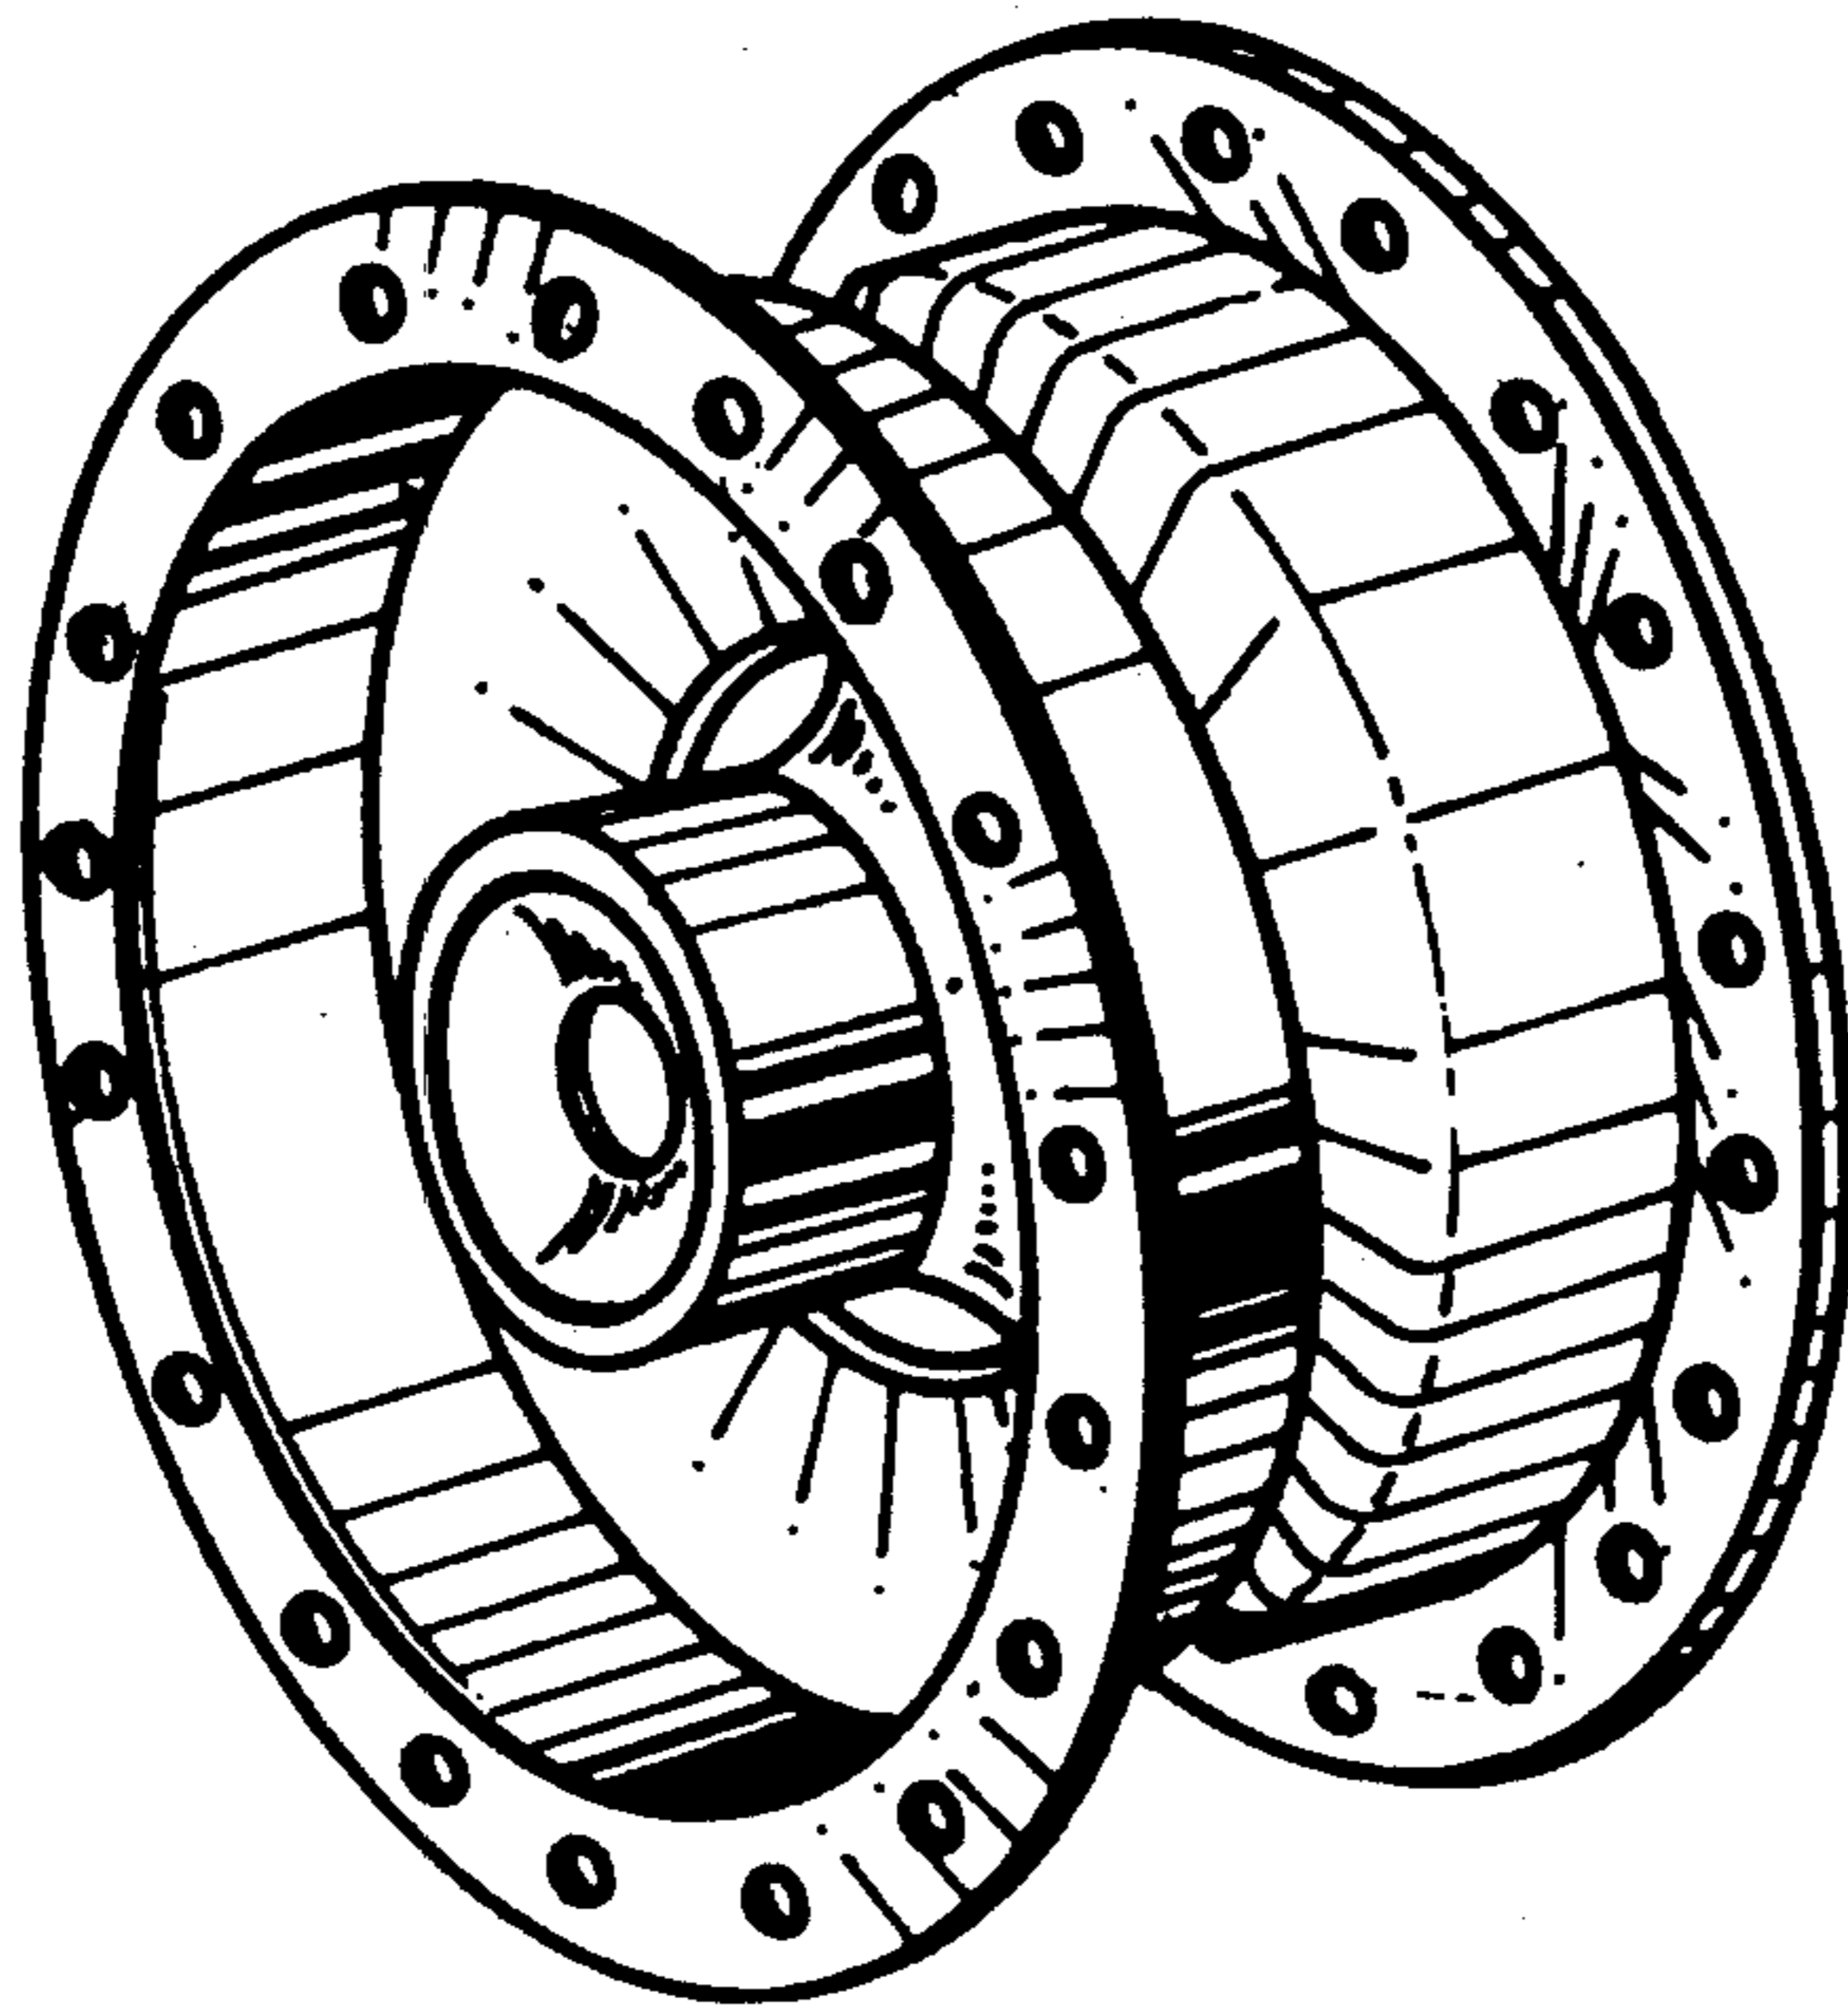

FIG. 2 is a top plan view thereof;

FIG. 3 is a right side elevational view thereof;

FIG. 4 is a left side elevational view thereof; and

FIG. 5 is a perspective view thereof.

The rear and bottom of the hub are substantially mirror images of the front and top shown in FIGS. 1 and 2, respectively.

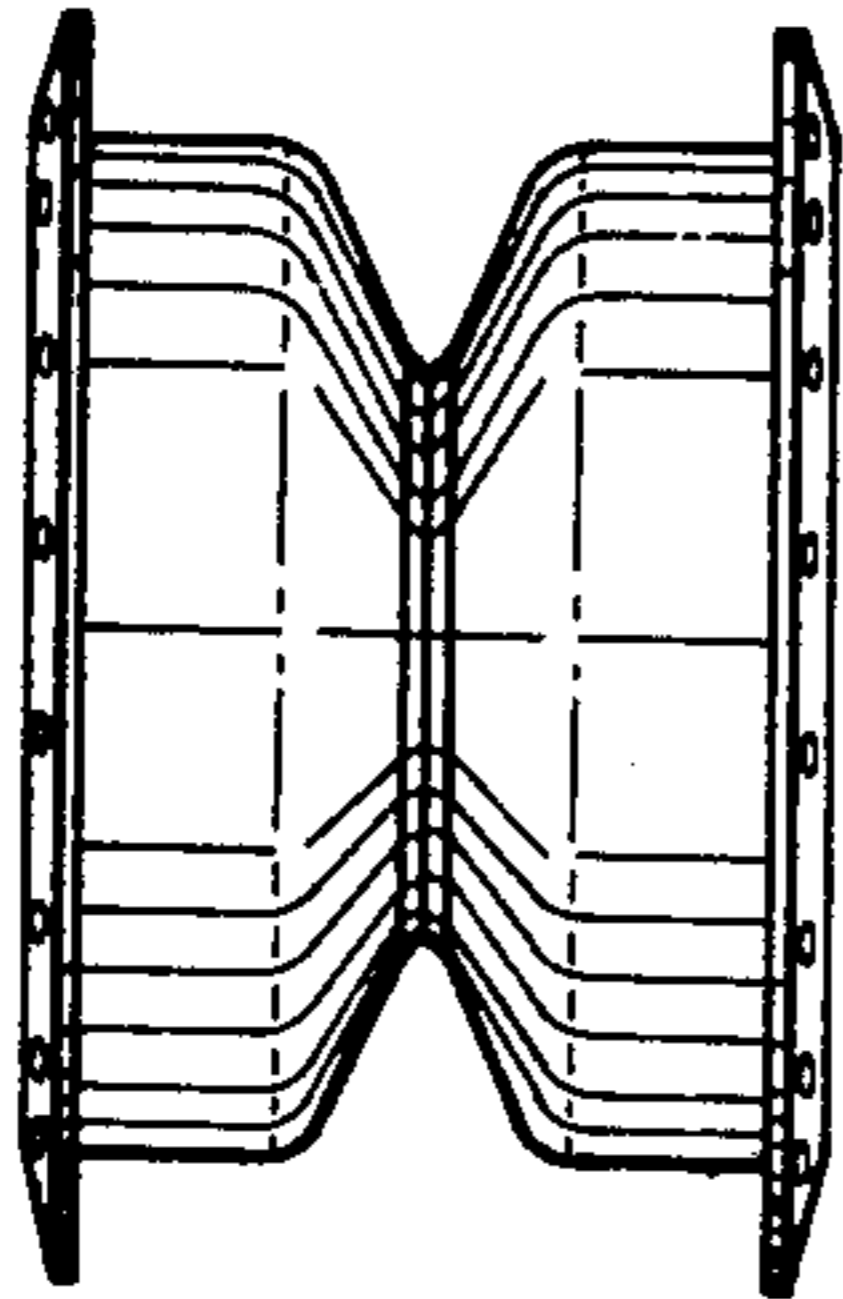

FIG. 1

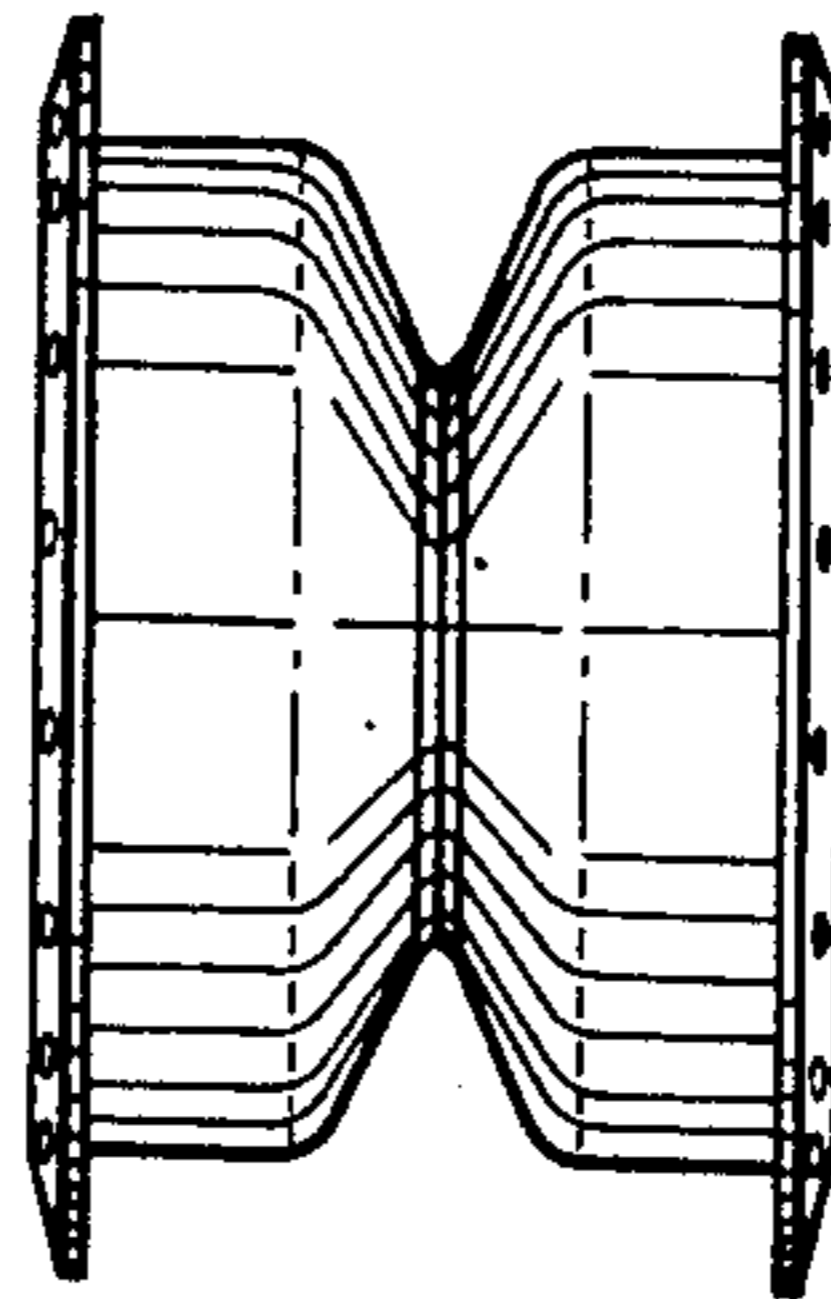

FIG. 2

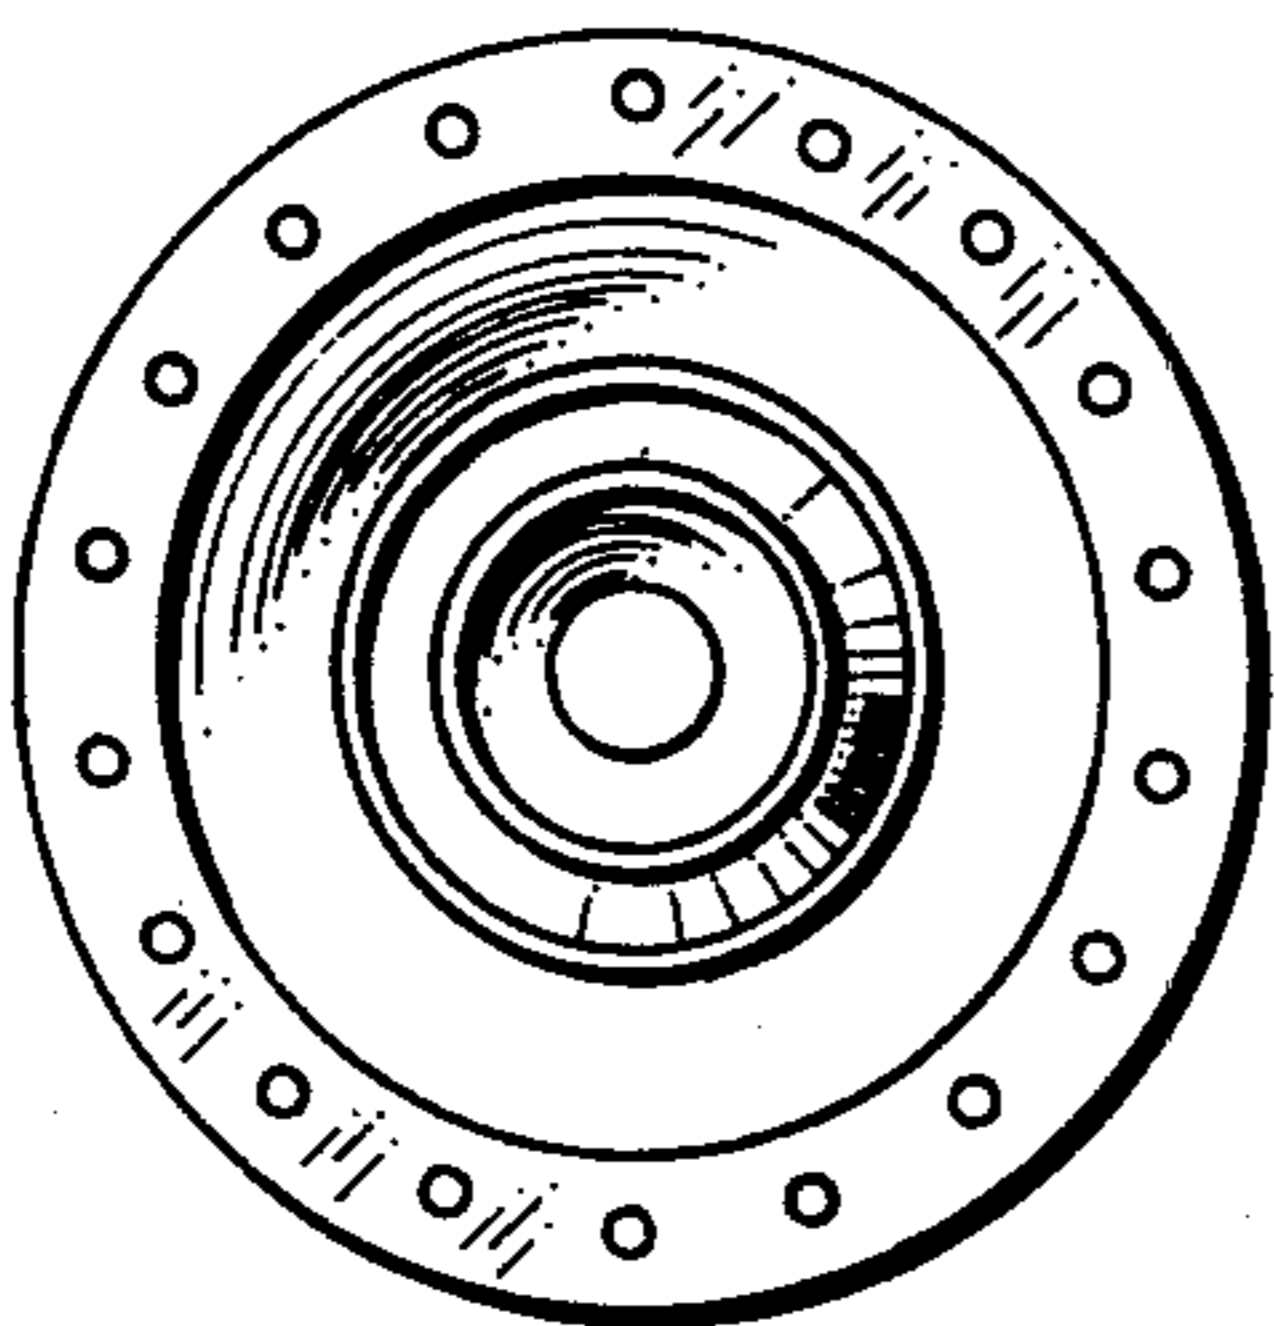

FIG. 3

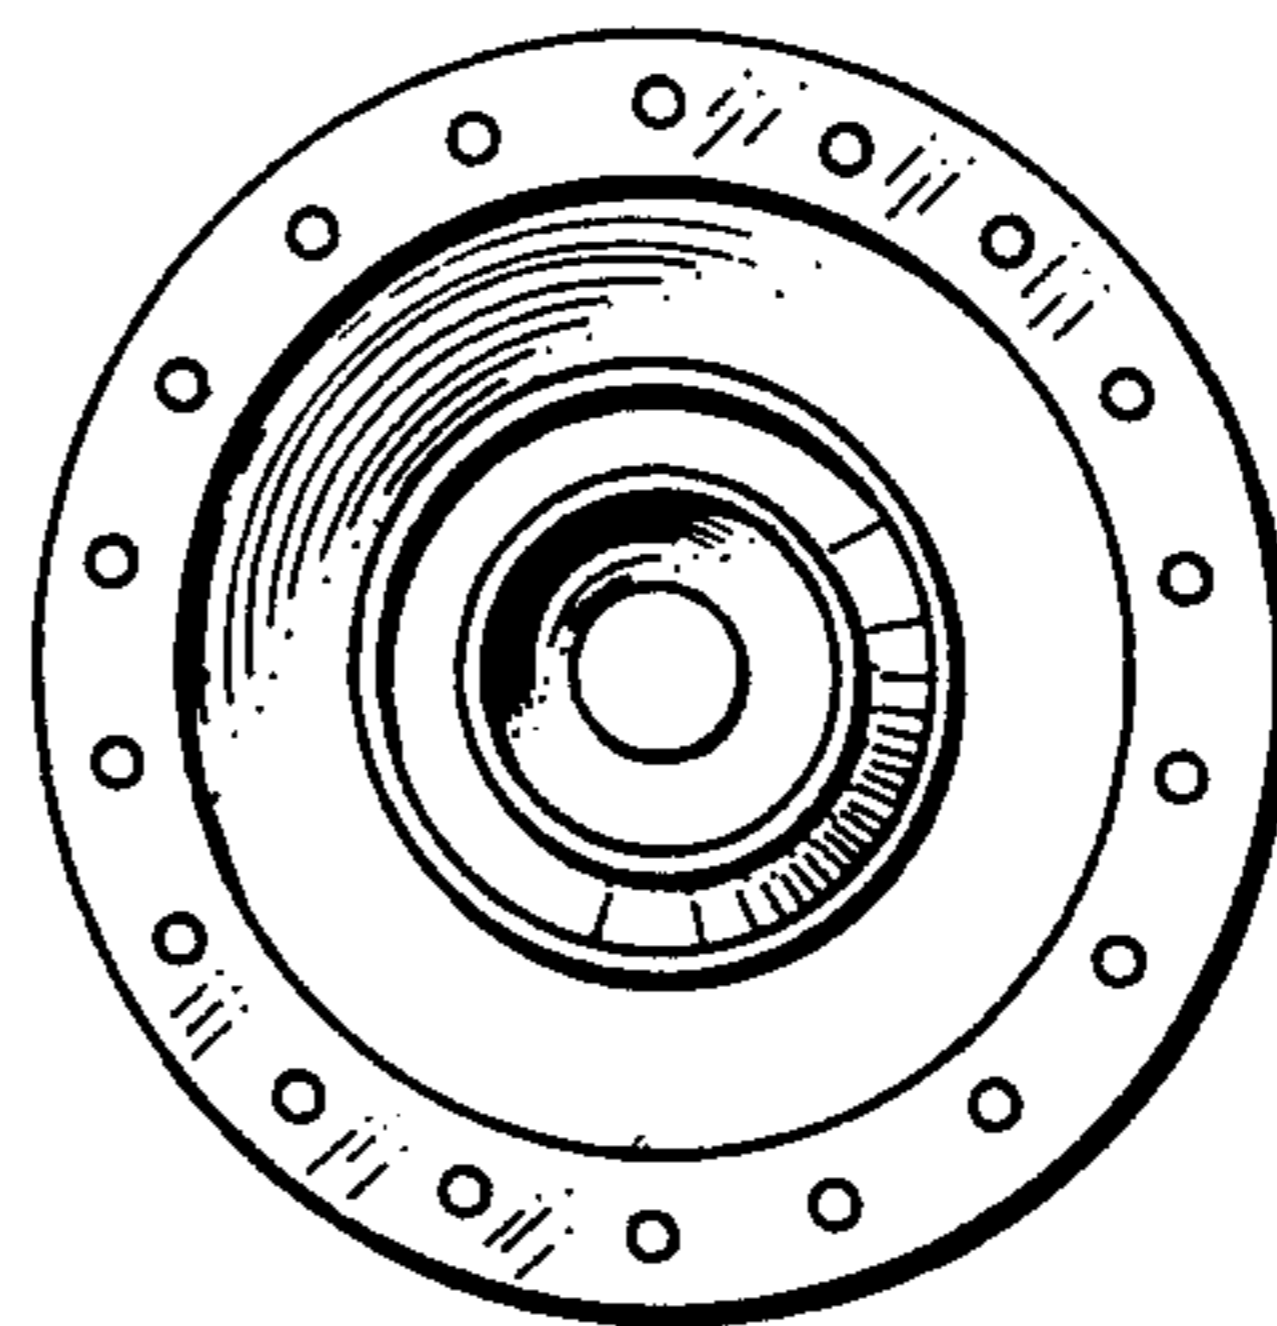

FIG. 4

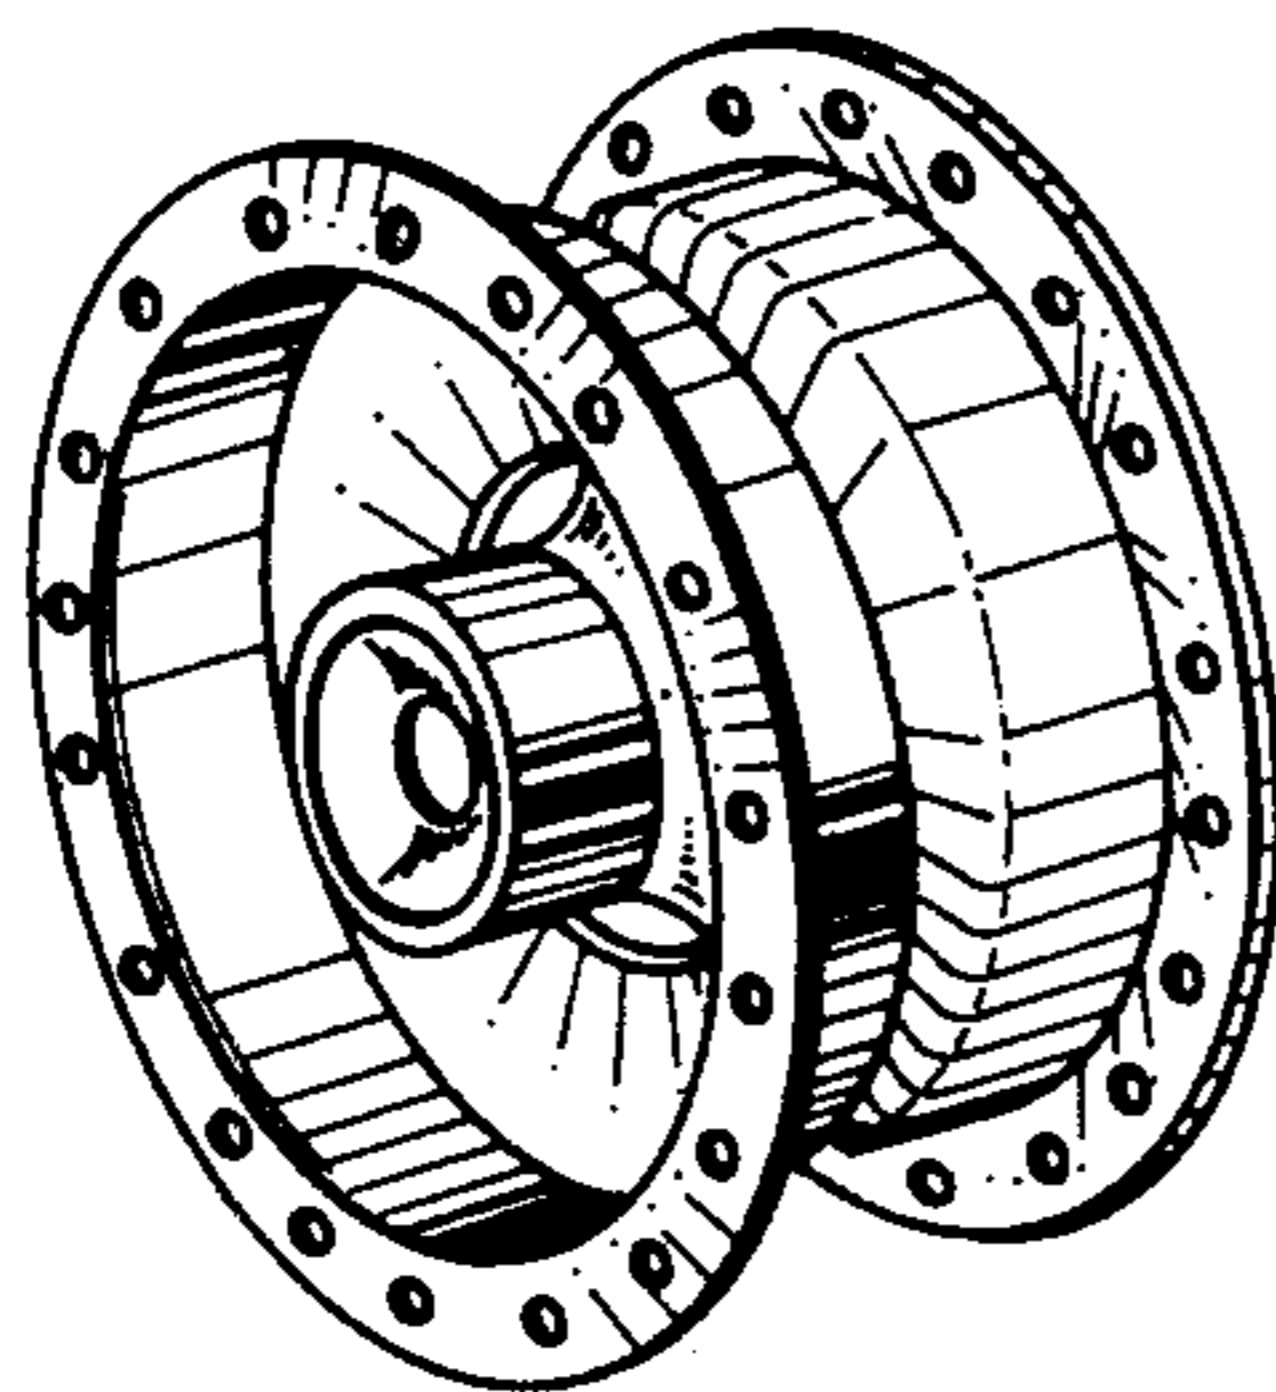

FIG. 5
