[57] CLAIM

The ornamental design for a multiple station service
counter, as shown and described.

DESCRIPTION

FIG. 1 is a rear perspective view of a multiple station
service counter embodying our new design;
FIG. 2 is a front perspective view of FIG. 1;
FIG. 3 is a reduced rear perspective view of a second
embodiment of the design of FIG. 1, the only differ-
ences being the alignment of the rear elevation and the
omission of drawer handles.
