[57] CLAIM

The ornamental design for a corner insulator for electric fences, substantially as shown.

DESCRIPTION

FIG. 1 is a perspective view of a corner insulator for electric fences embodying our new design, the insulator being shown in its latched or closed condition;

FIG. 2 is a perspective view of our insulator taken in the same direction as in FIG. 1 but with the insulator unlatched or open;

FIG. 3 is an elevational view of the side shown in FIG. 1, the opposite side being a mirror image thereof;

FIG. 4 is a top plan view thereof;

FIG. 5 is an end elevational view taken from the left in FIG. 3;

FIG. 6 is an end elevational view taken from the right in FIG. 3;

FIG. 7 is a bottom plan view of our insulator;

FIG. 8 is an end view corresponding to FIG. 5 but with the insulator unlatched or open as shown in FIG. 2; and

FIG. 9 is a perspective view of our insulator showing the side opposite that shown in FIGS. 1, 2 and 3.
