[57] CLAIM

The ornamental design for an ultrasonic intrusion detector, substantially as shown and described.

DESCRIPTION

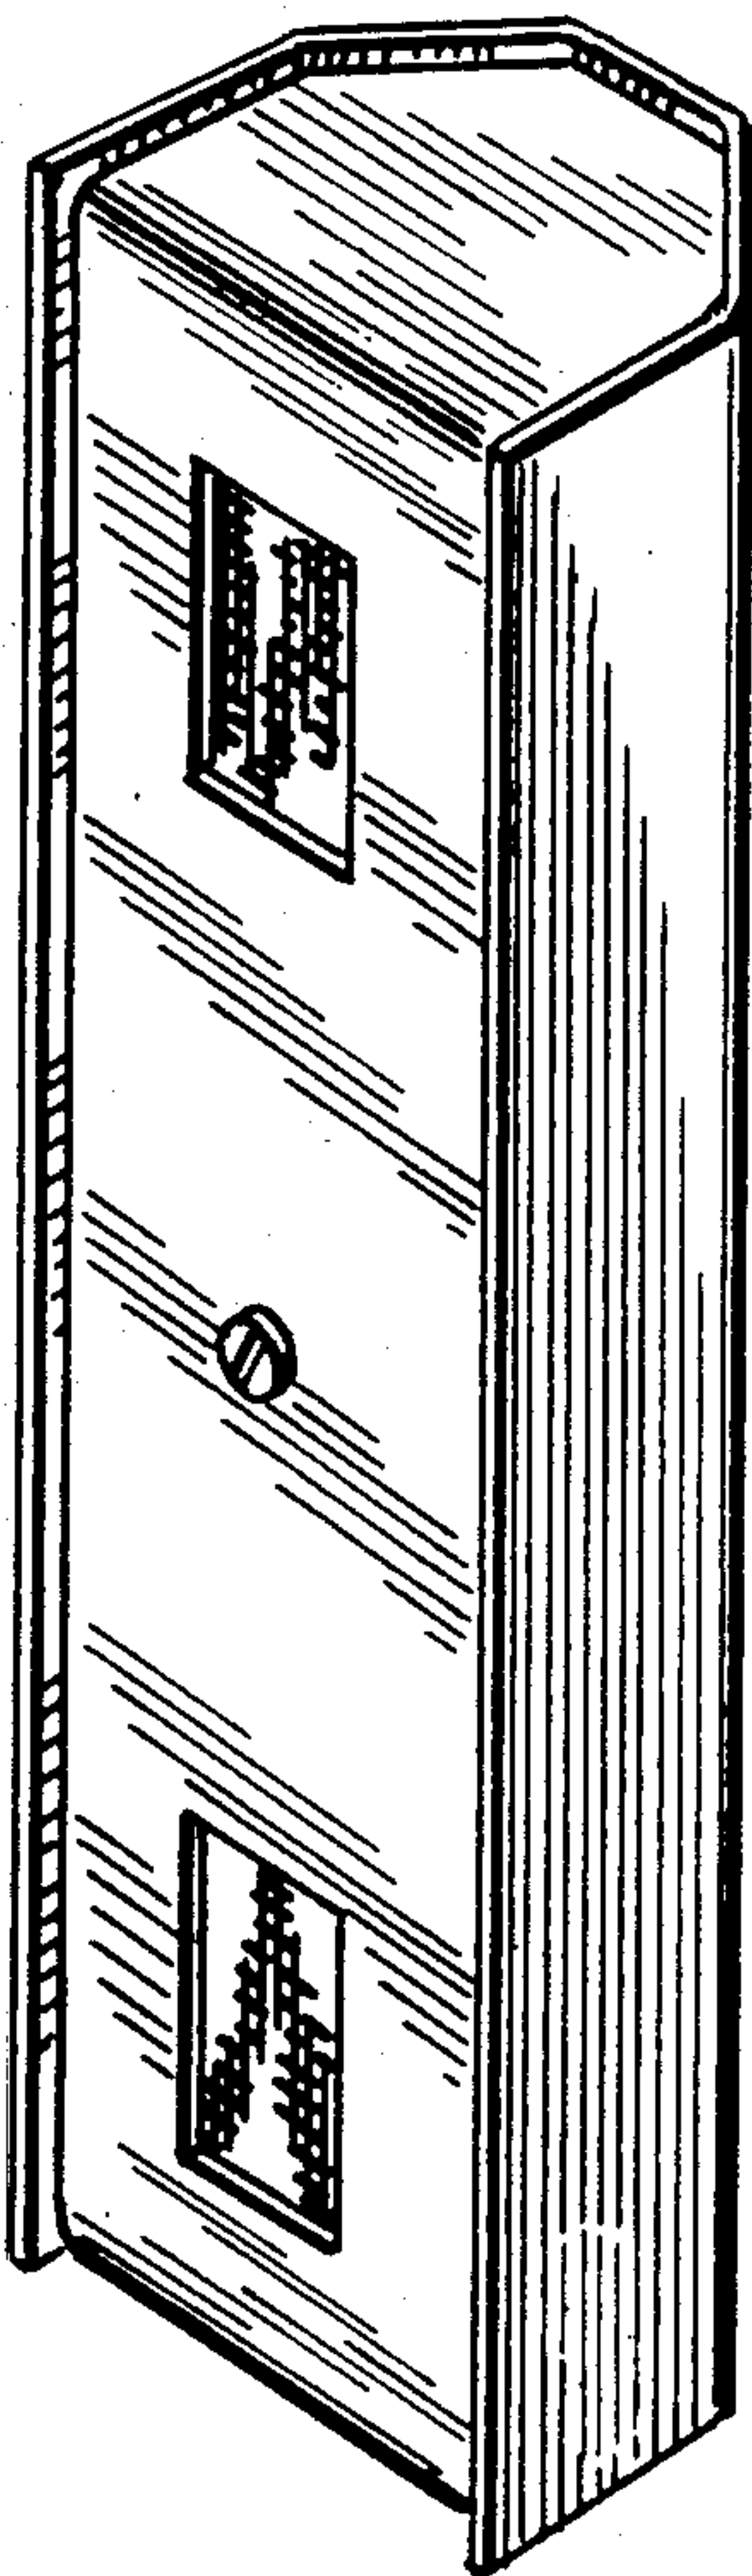

FIG. 1 is a perspective view of an ultrasonic intrusion detector embodying the design of the invention;

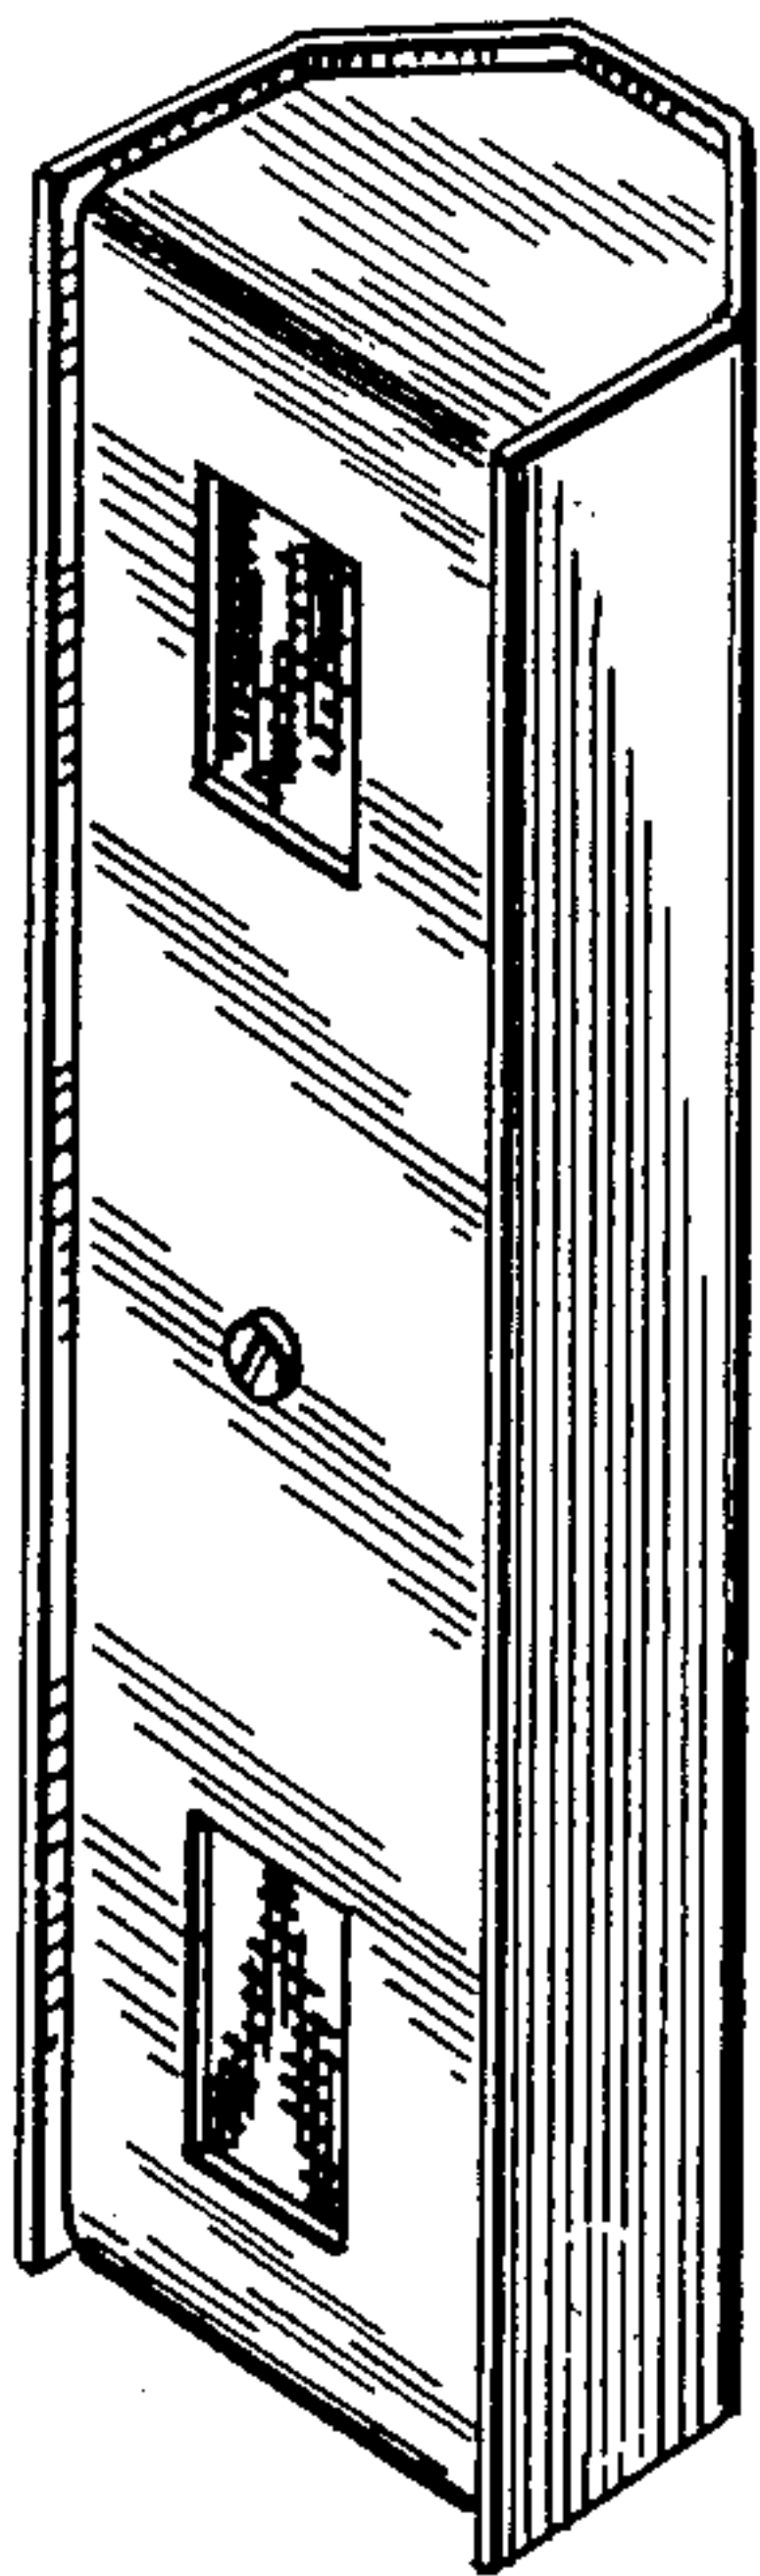

FIG. 2 is a top plan view on an enlarged scale of the detector of FIG. 1, the bottom plan view being identical;

FIG. 3 is a rear elevational view on an enlarged scale of the detector of FIG. 1;

FIG. 4 is a right elevational view on an enlarged scale of the detector of FIG. 1, the left elevational view being the mirror image thereof; and

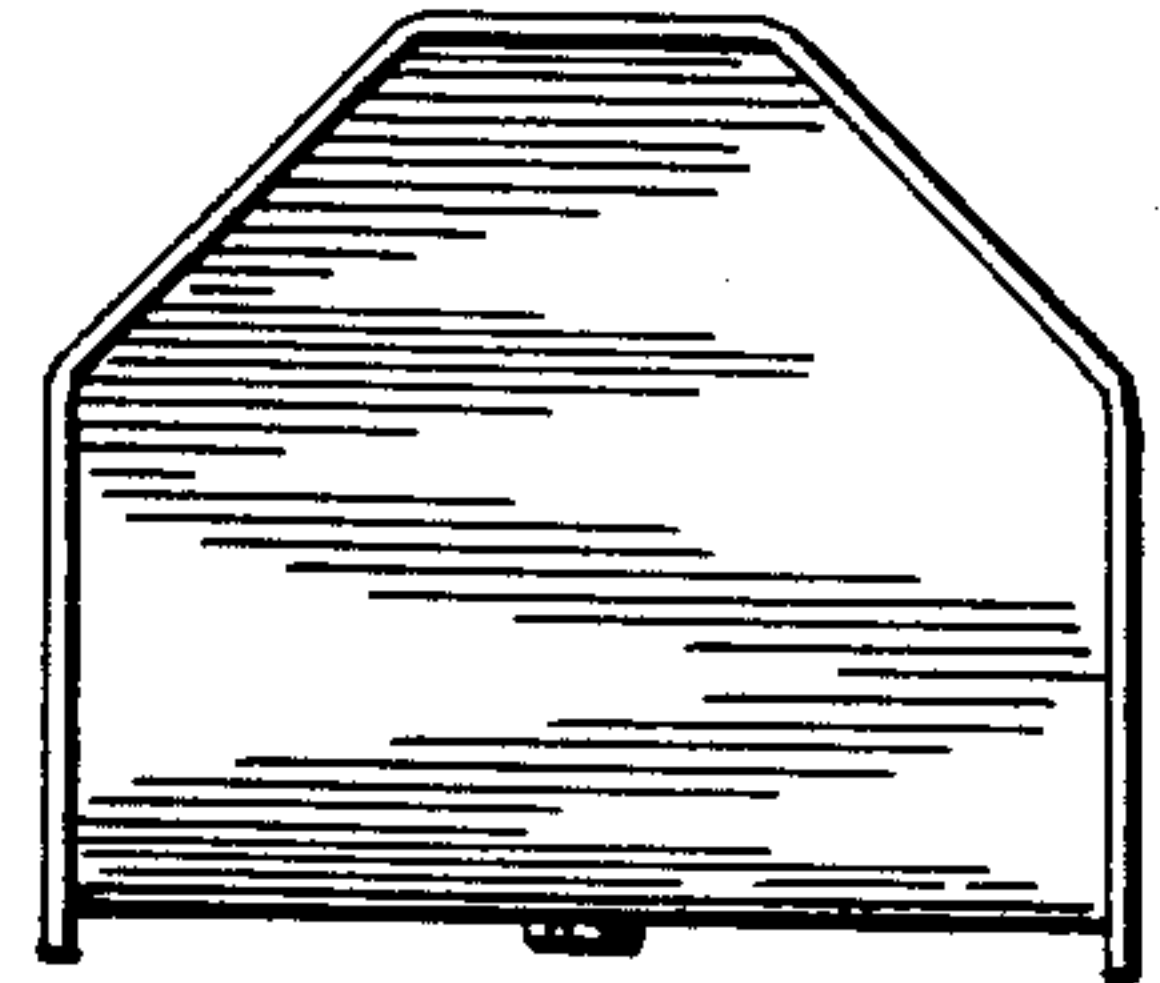

FIG. 5 is a front elevational view on an enlarged scale of the detector of FIG. 1.
