[57] CLAIM

The ornamental design for a programmable scanning radio receiver or the like, as shown and described.

DESCRIPTION

FIG. 1 is a front, top and left side perspective view of a programmable scanning radio receiver or the like showing my new design;
FIG. 2 is a front elevational view with the lower right sliding door in closed position; and
FIG. 3 is a right side elevational view.
The rear and bottom of the receiver are substantially plain.

FIG. 1

FIG. 2

FIG. 3
