[57] CLAIM

The ornamental design for a motion picture projector, substantially as shown and described.

## **DESCRIPTION**

FIG. 1 is a front end view of a motion picture projector showing our new design with the cover in place;

FIG. 2 is a rear end view thereof with the cover in place;

FIG. 3 is a right side elevational view thereof;

FIG. 4 is a left side elevational view thereof showing the cover;

FIG. 5 is a top plan view thereof with the cover in place;

FIG. 6 is a bottom plan view thereof with the cover in place;

FIG. 7 is an exploded perspective view thereof showing the cover removed therefrom;

FIG. 8 is a front end view thereof without the cover;

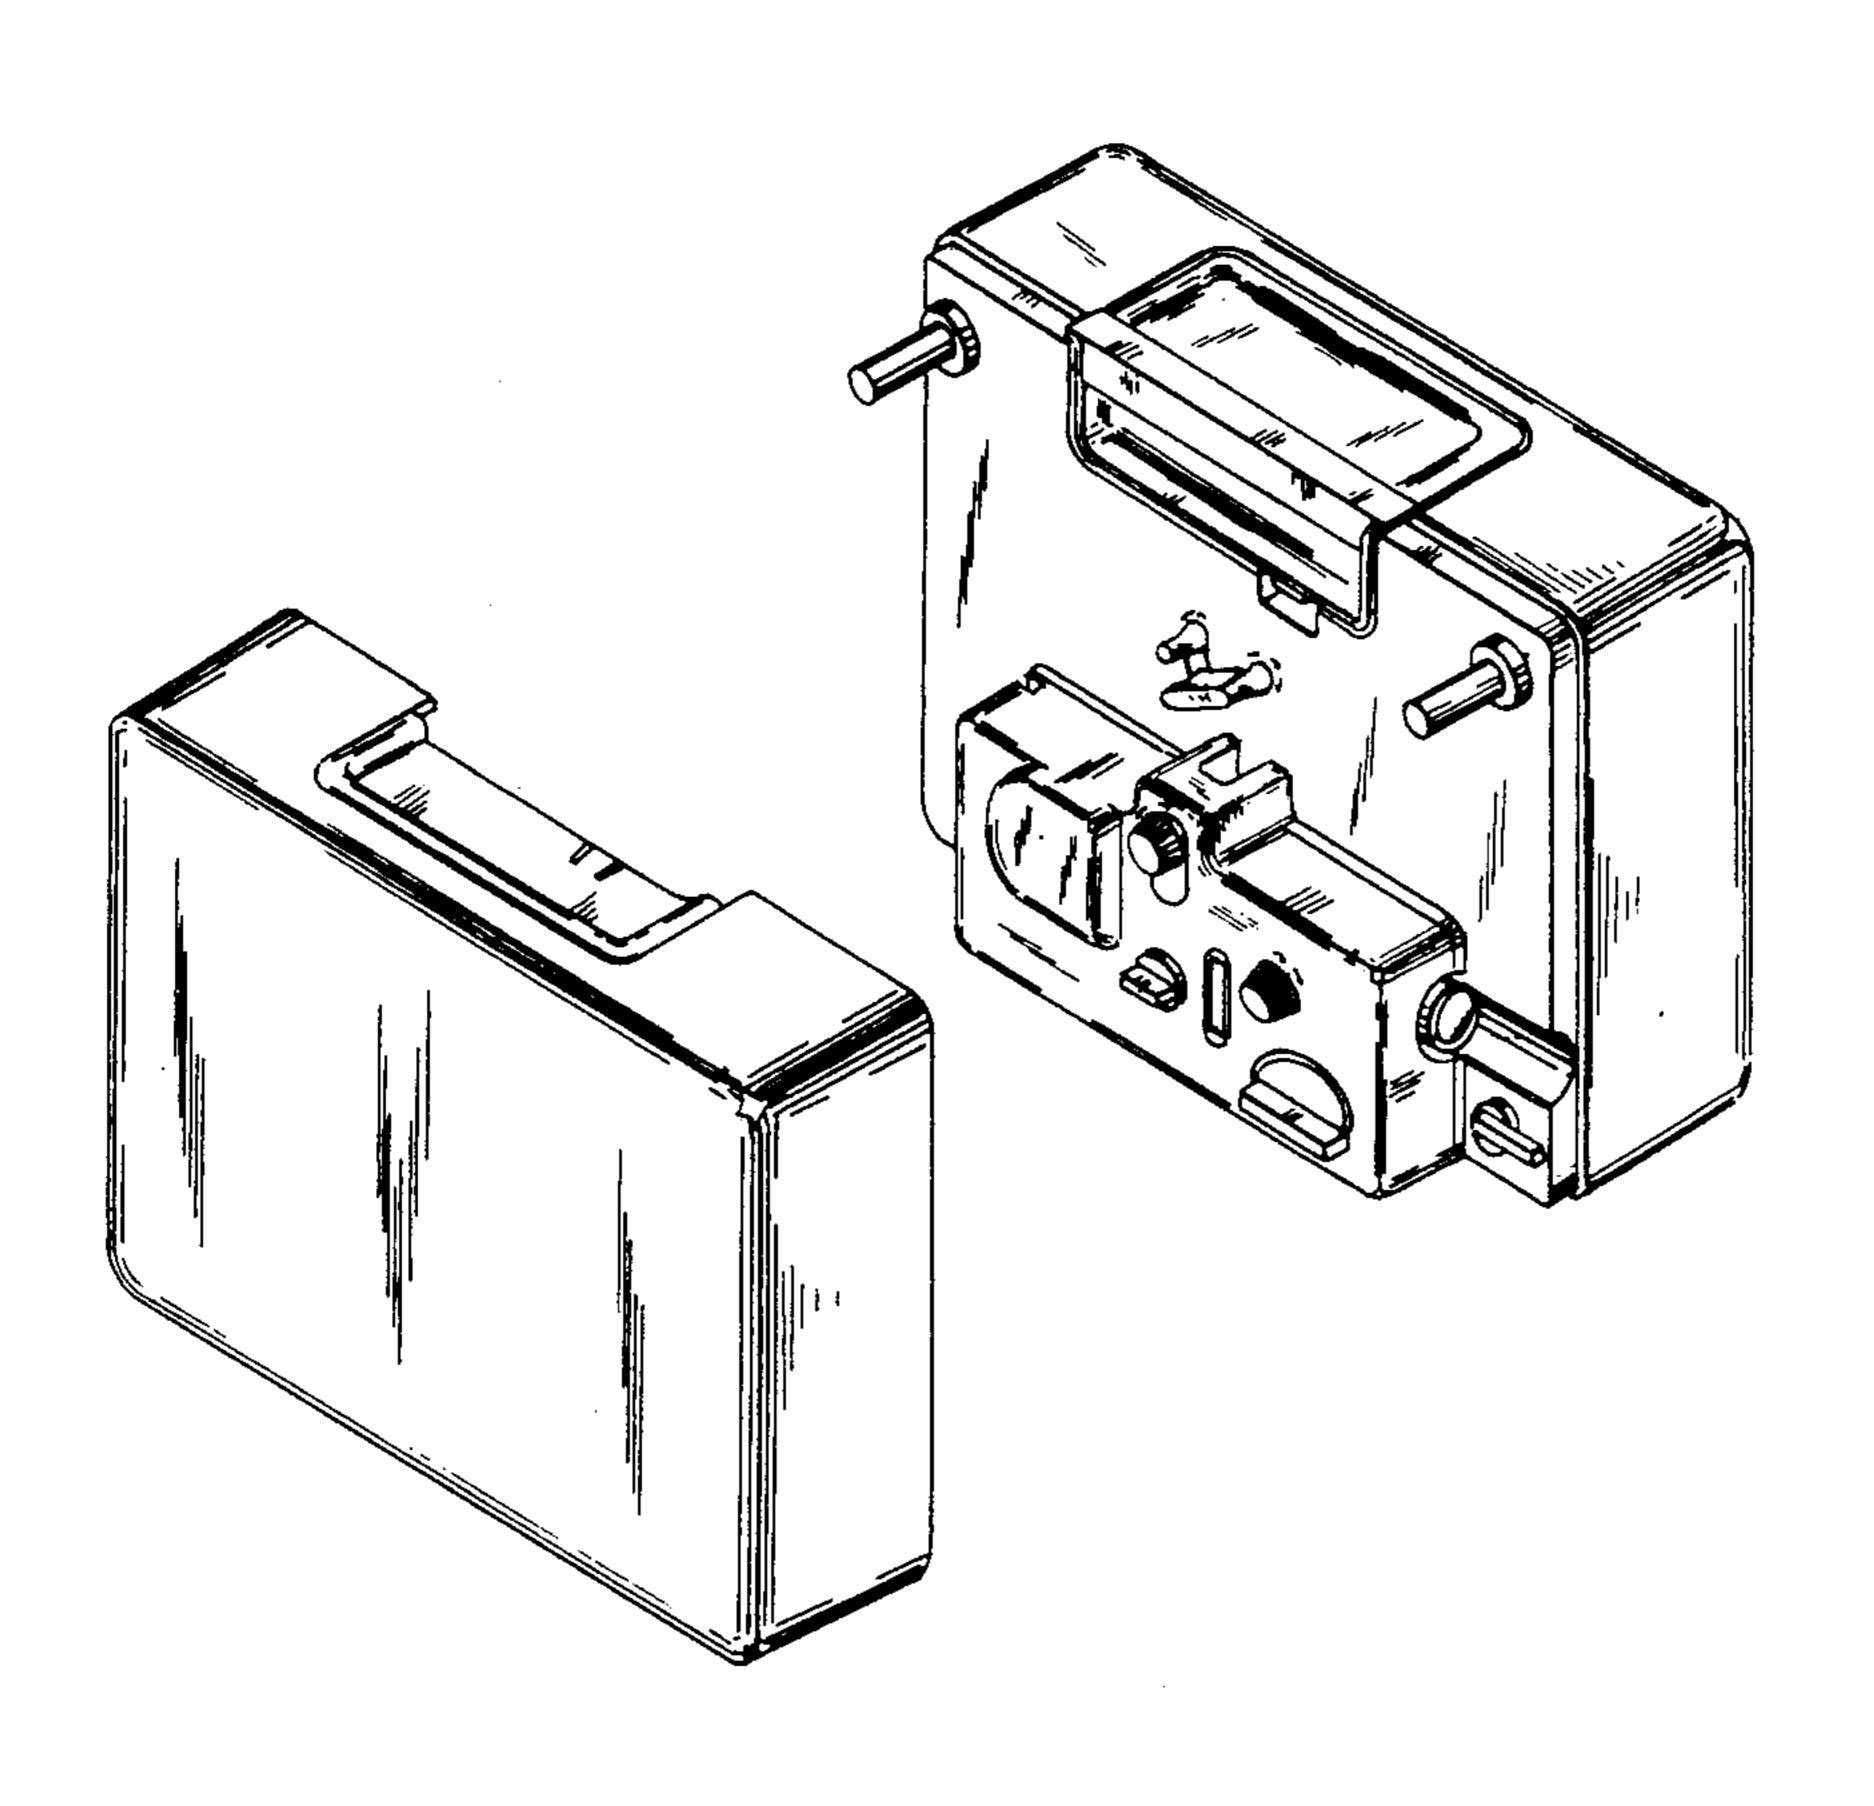

FIG. 9 is a rear end view thereof without the cover;

FIG. 10 is a left side elevational view thereof without the cover;

FIG. 11 is a top plan view thereof without the cover; and

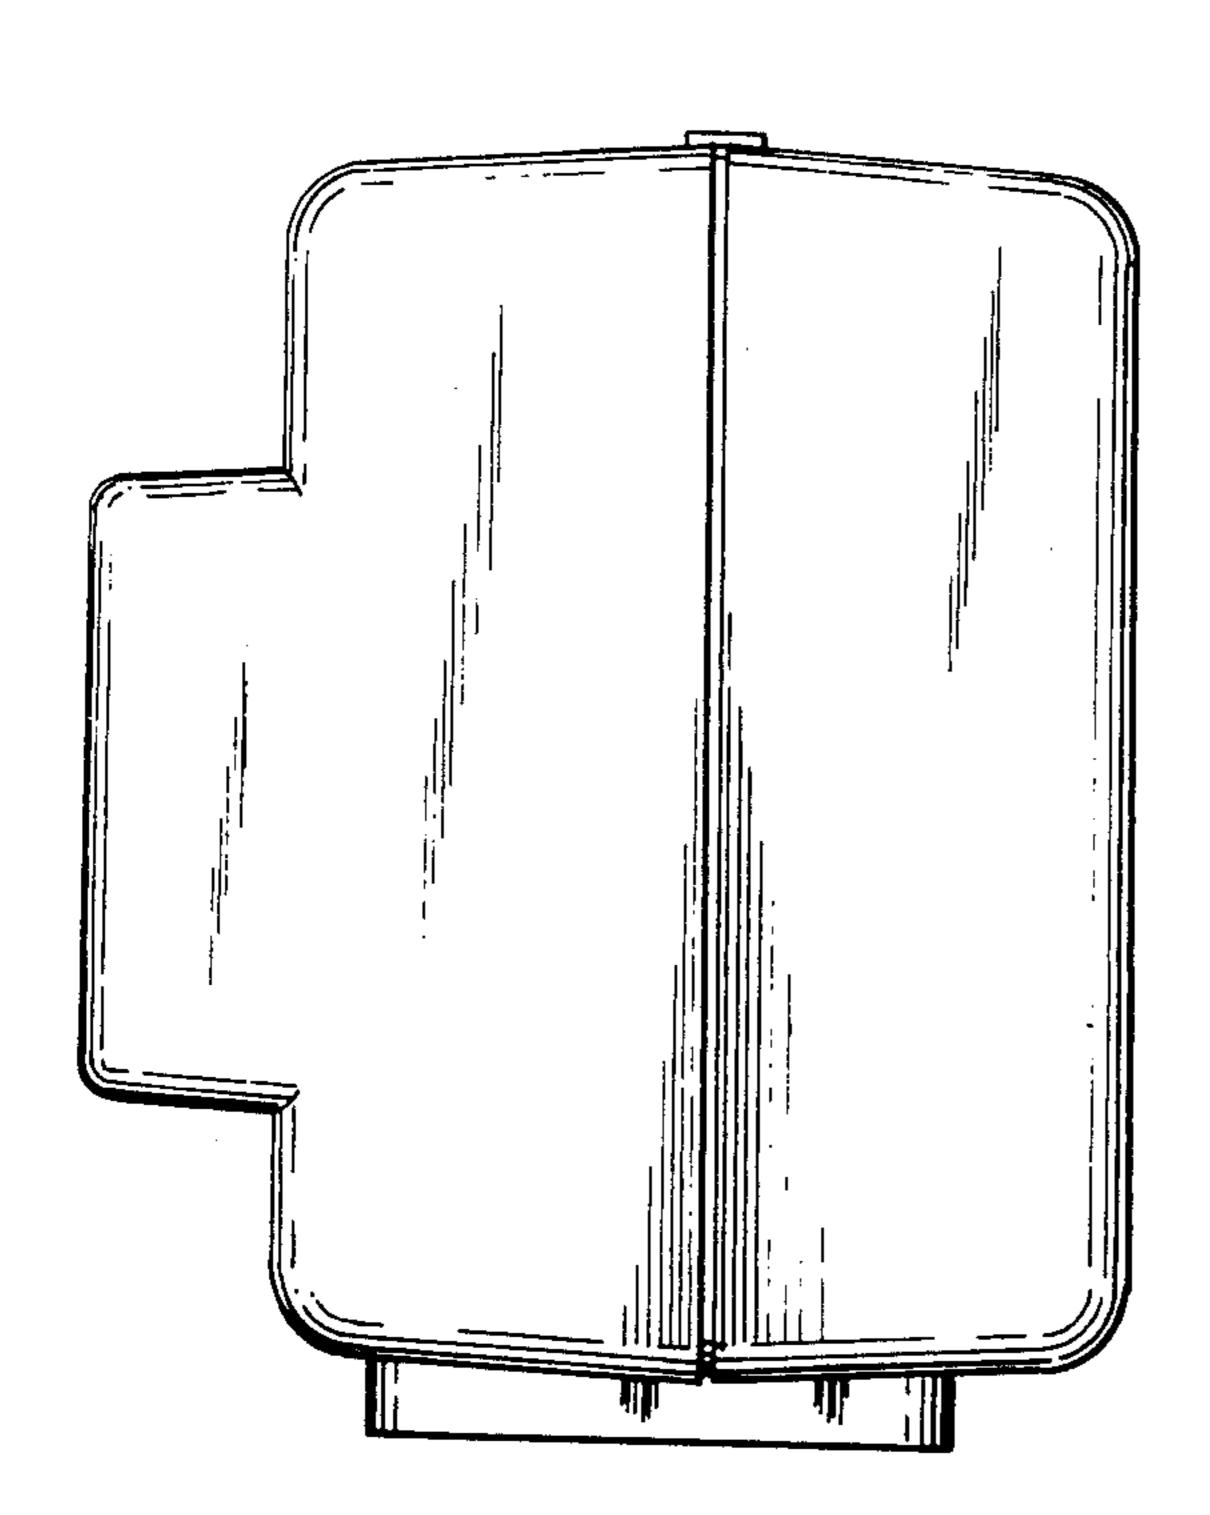

FIG. 12 is a bottom plan view thereof without the cover.

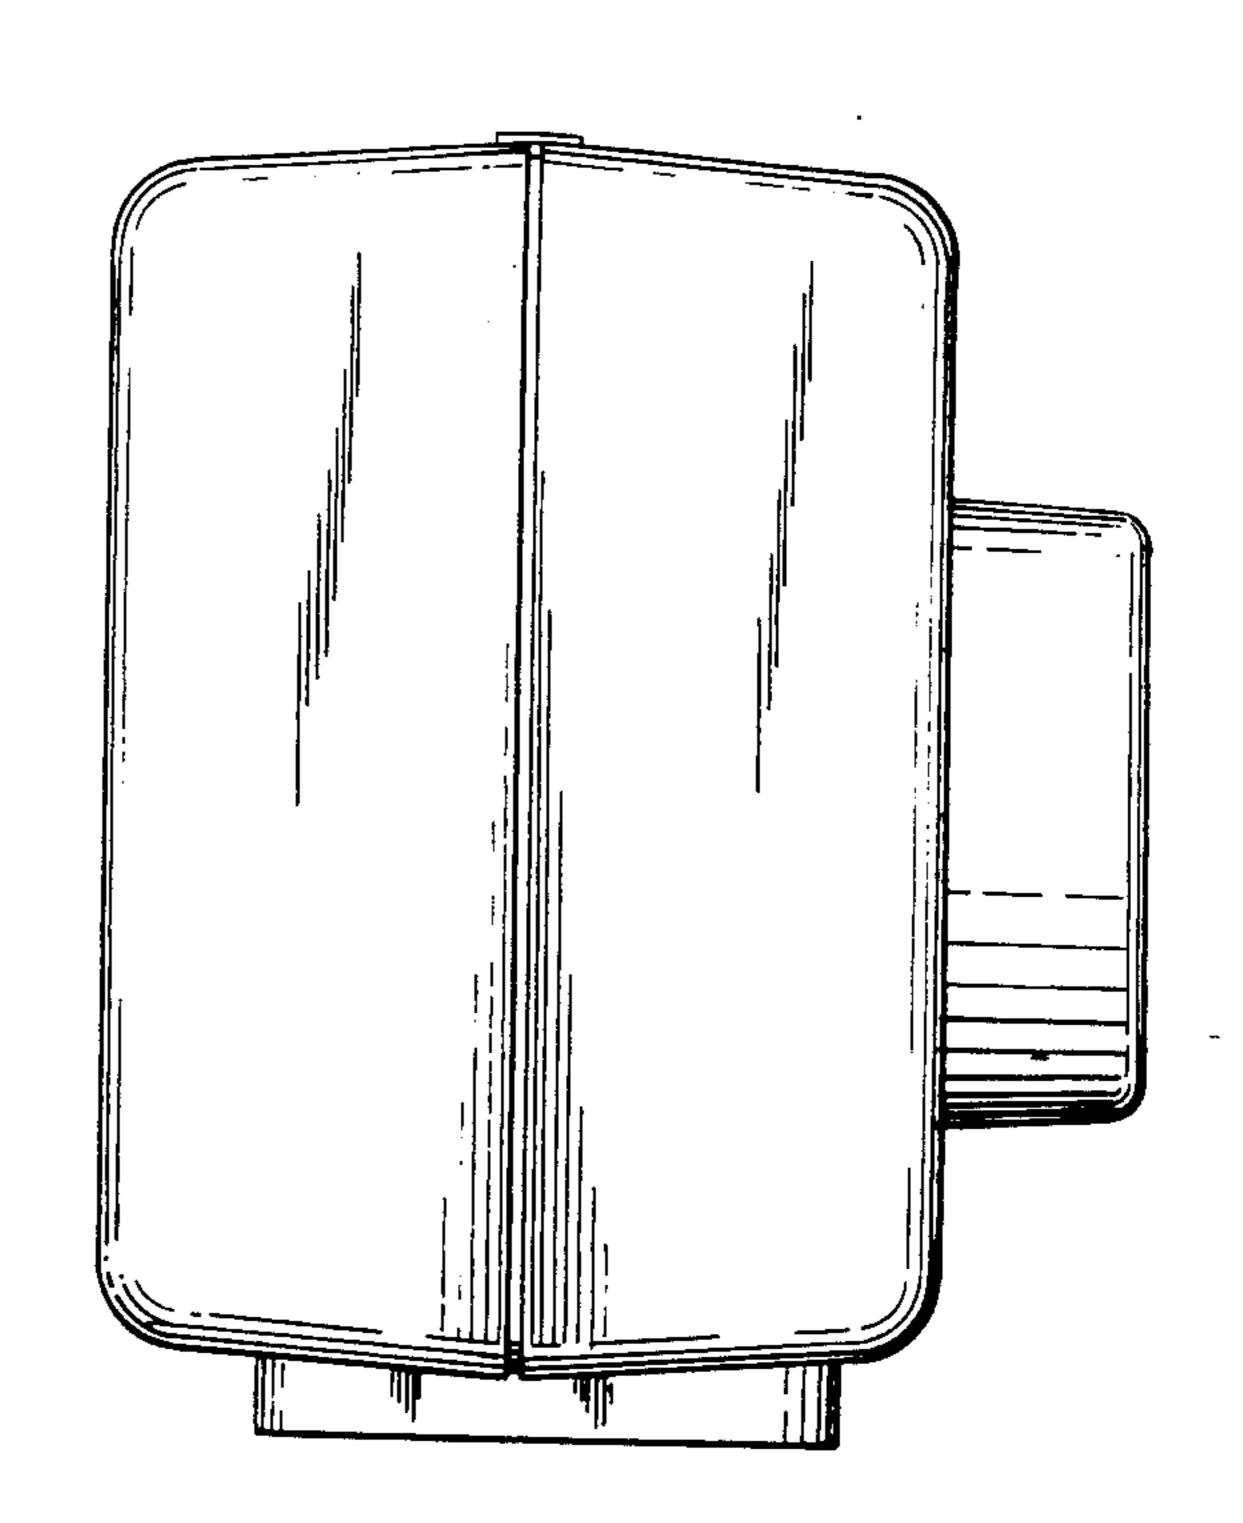

The conventional electrical cord has been shown fragmentarily in FIGS. 7-12 for convenience of illustration.
