[57] CLAIM

The ornamental design for a sport sock, as shown and described.

DESCRIPTION

FIG. 1 is a left side elevational view of a sport sock showing my new design in flattened condition, the right side being a mirror image thereof; FIG. 2 is a view similar to FIG. 1 with the skirt portion folded up, the right side of the sock in this condition being a mirror image thereof; and FIG. 3 is a fragmentary perspective view of the lower portion of the sock in partially unflattened condition. The ornamental appearance of the side opposite to that shown in FIGS. 1 and 2 corresponds to that shown in FIGS. 1 and 2, subject to normal reversal of the left and right portions of the same design when viewed from the opposite side.
