CLAIM

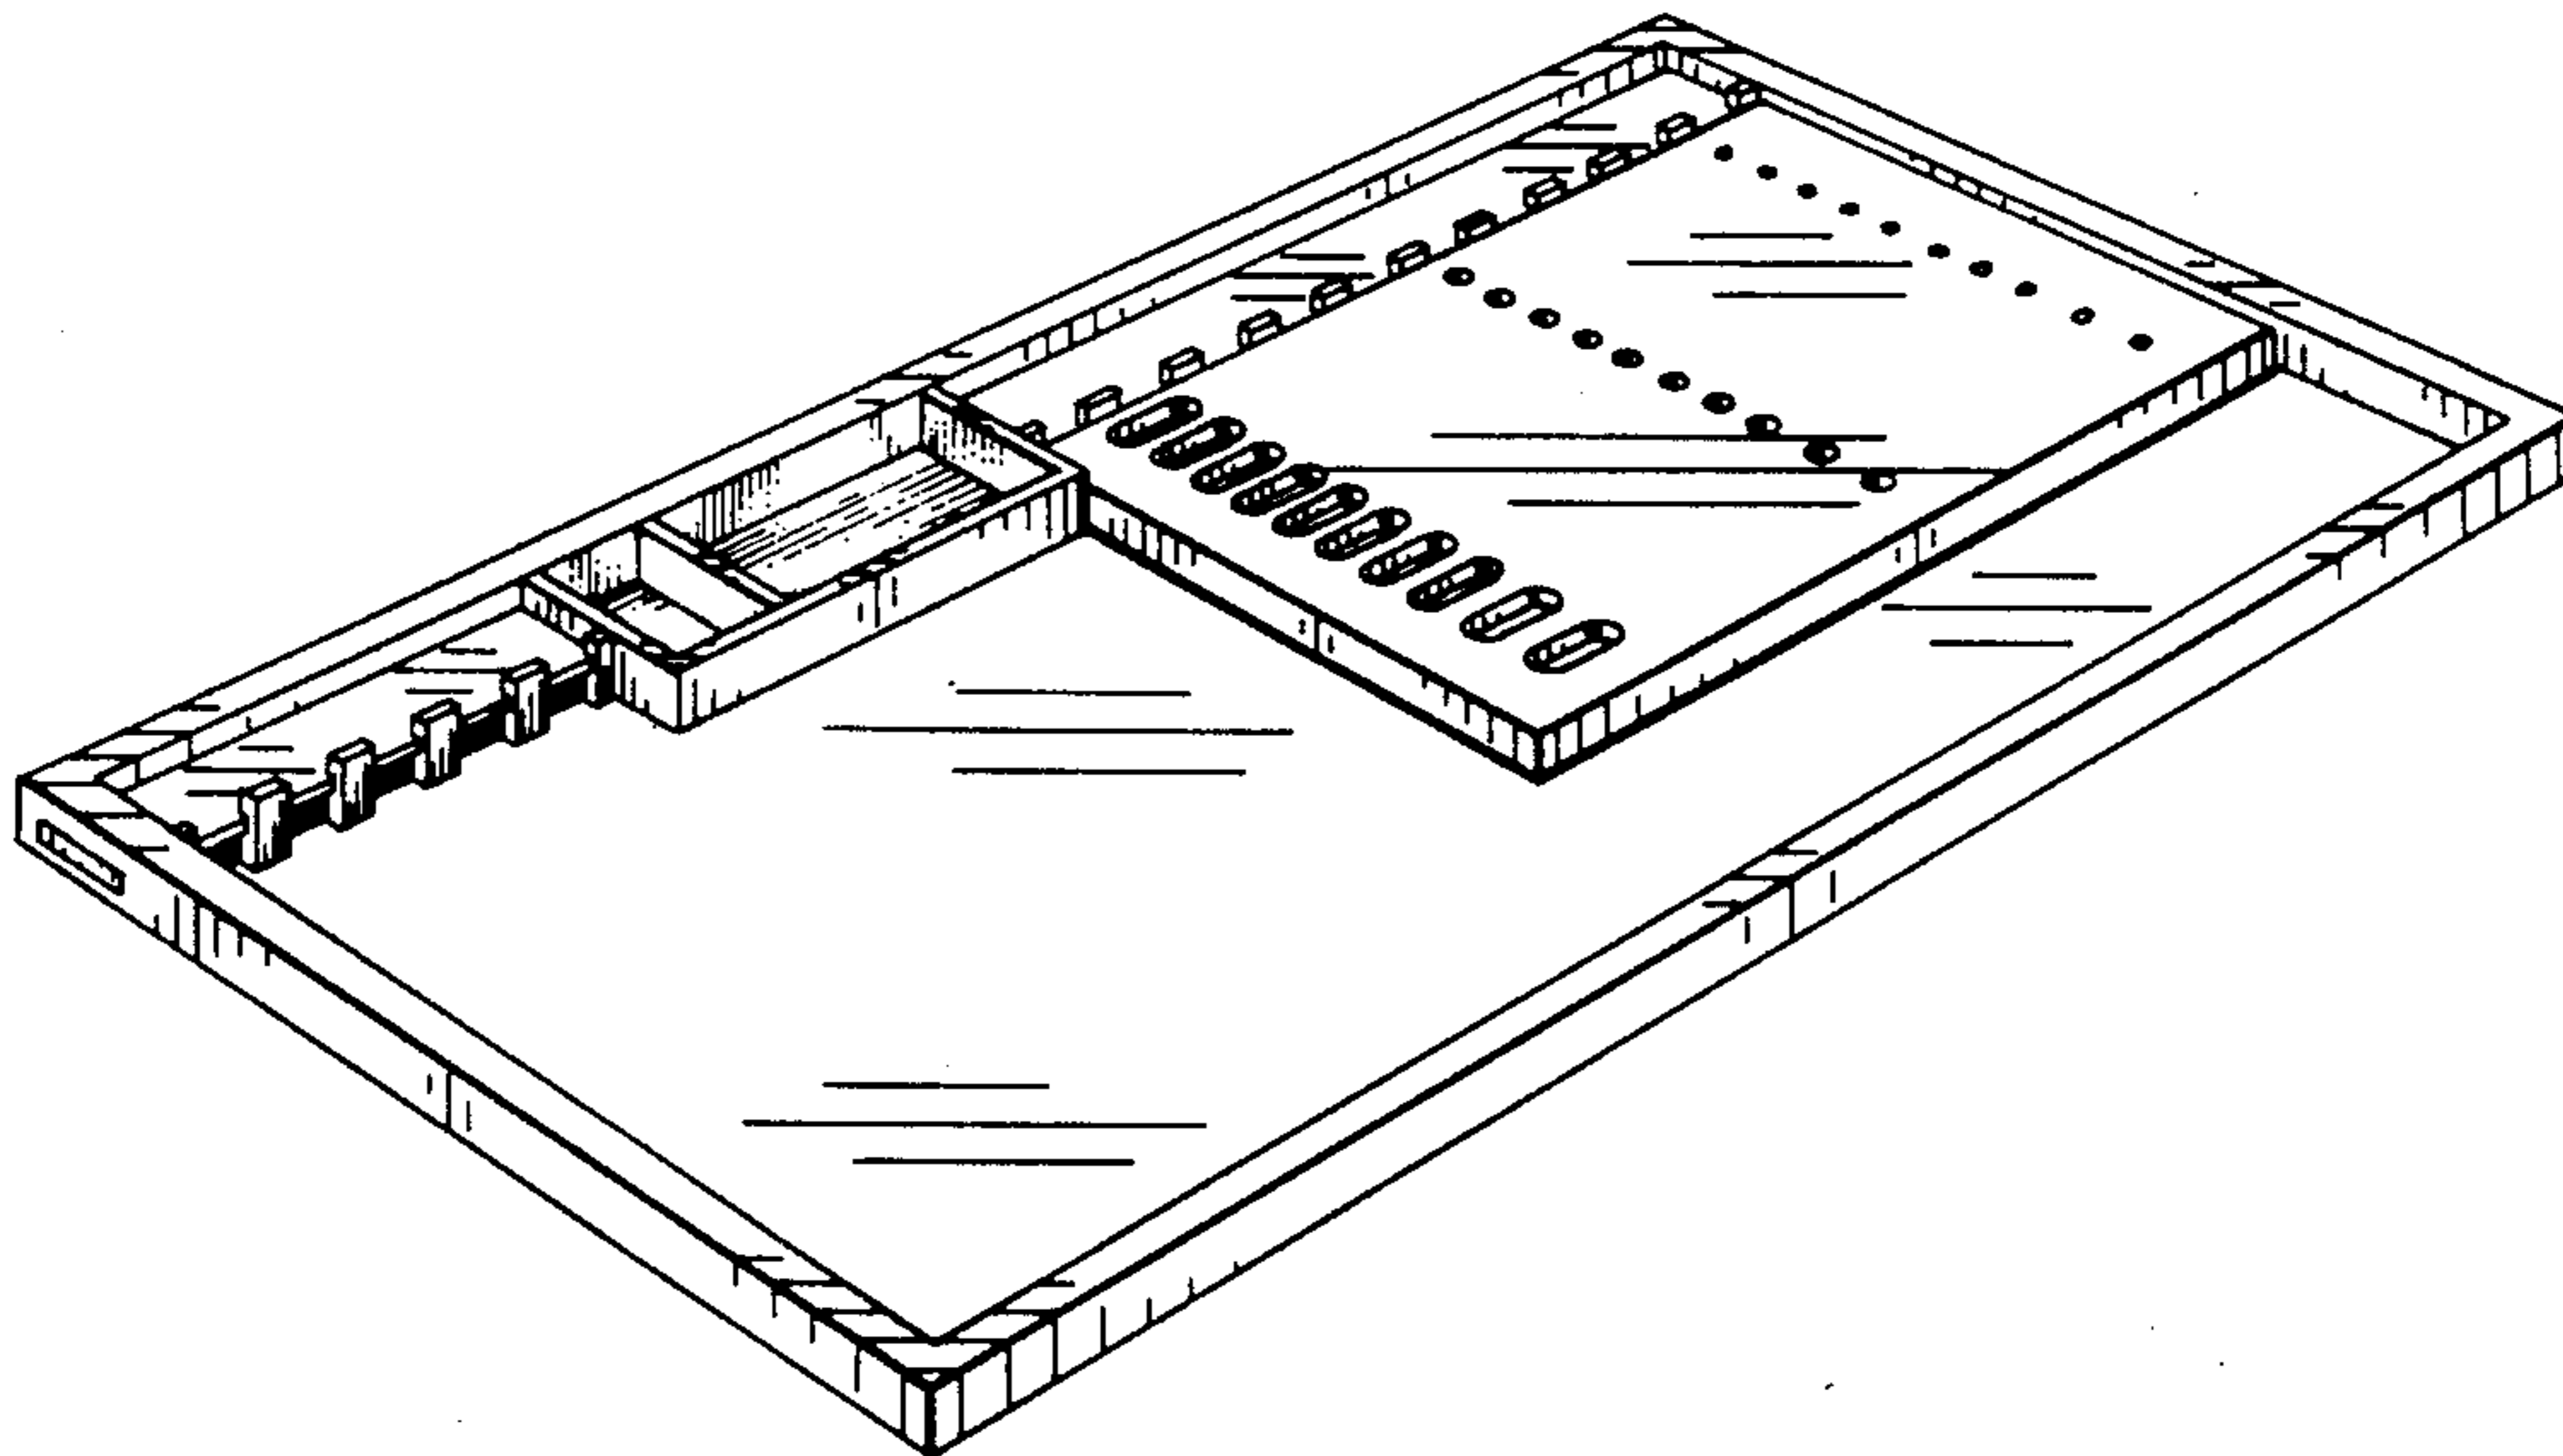

The ornamental design for a combined educational game board and counting board for teaching fundamentals of arithmetic, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a combined educational game board and counting board for teaching fundamentals of arithmetic showing our new design. The bottom of the board is a flat planar surface.

FIG. 2 is a perspective view taken from the right thereof with the counting board removed for convenience of illustration;

FIG. 3 is another perspective view taken from the left of FIG. 2.
