[57] CLAIM

The ornamental design for a radar unit holder, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a radar unit holder embodying my design.

FIG. 2 is a front elevational view thereof with the radar unit shown in broken lines for illustration only.

FIG. 3 is a rear elevational view thereof with the radar unit shown in broken lines for illustration only with the line and connectors on each end thereof omitted for clarity of illustration.

FIG. 4 is a side elevational view thereof and showing a supporting windshield and sun visor in broken lines for illustration only, the other side being substantially identical.

FIG. 5 is a top plan view thereof with the line and connectors on each end thereof omitted for clarity of illustration.

FIG. 6 is a view looking upwardly from the bottom thereof with the line and connectors on each end thereof omitted for clarity of illustration.

FIG. 7 is a fragmentary transverse sectional view taken on line 7-7 of FIG. 5.
