[57] CLAIM

The ornamental design for a combined engine base and transmission cover for a rotary lawn mower, substantially as shown and described.

DESCRIPTION

FIG. 1 is a top plan view of a combined engine base and transmission cover for a rotary lawn mower showing our new design;

FIG. 2 is a bottom plan view thereof;

FIG. 3 is a side elevational view thereof, the opposite side being a mirror image of the side shown herein;

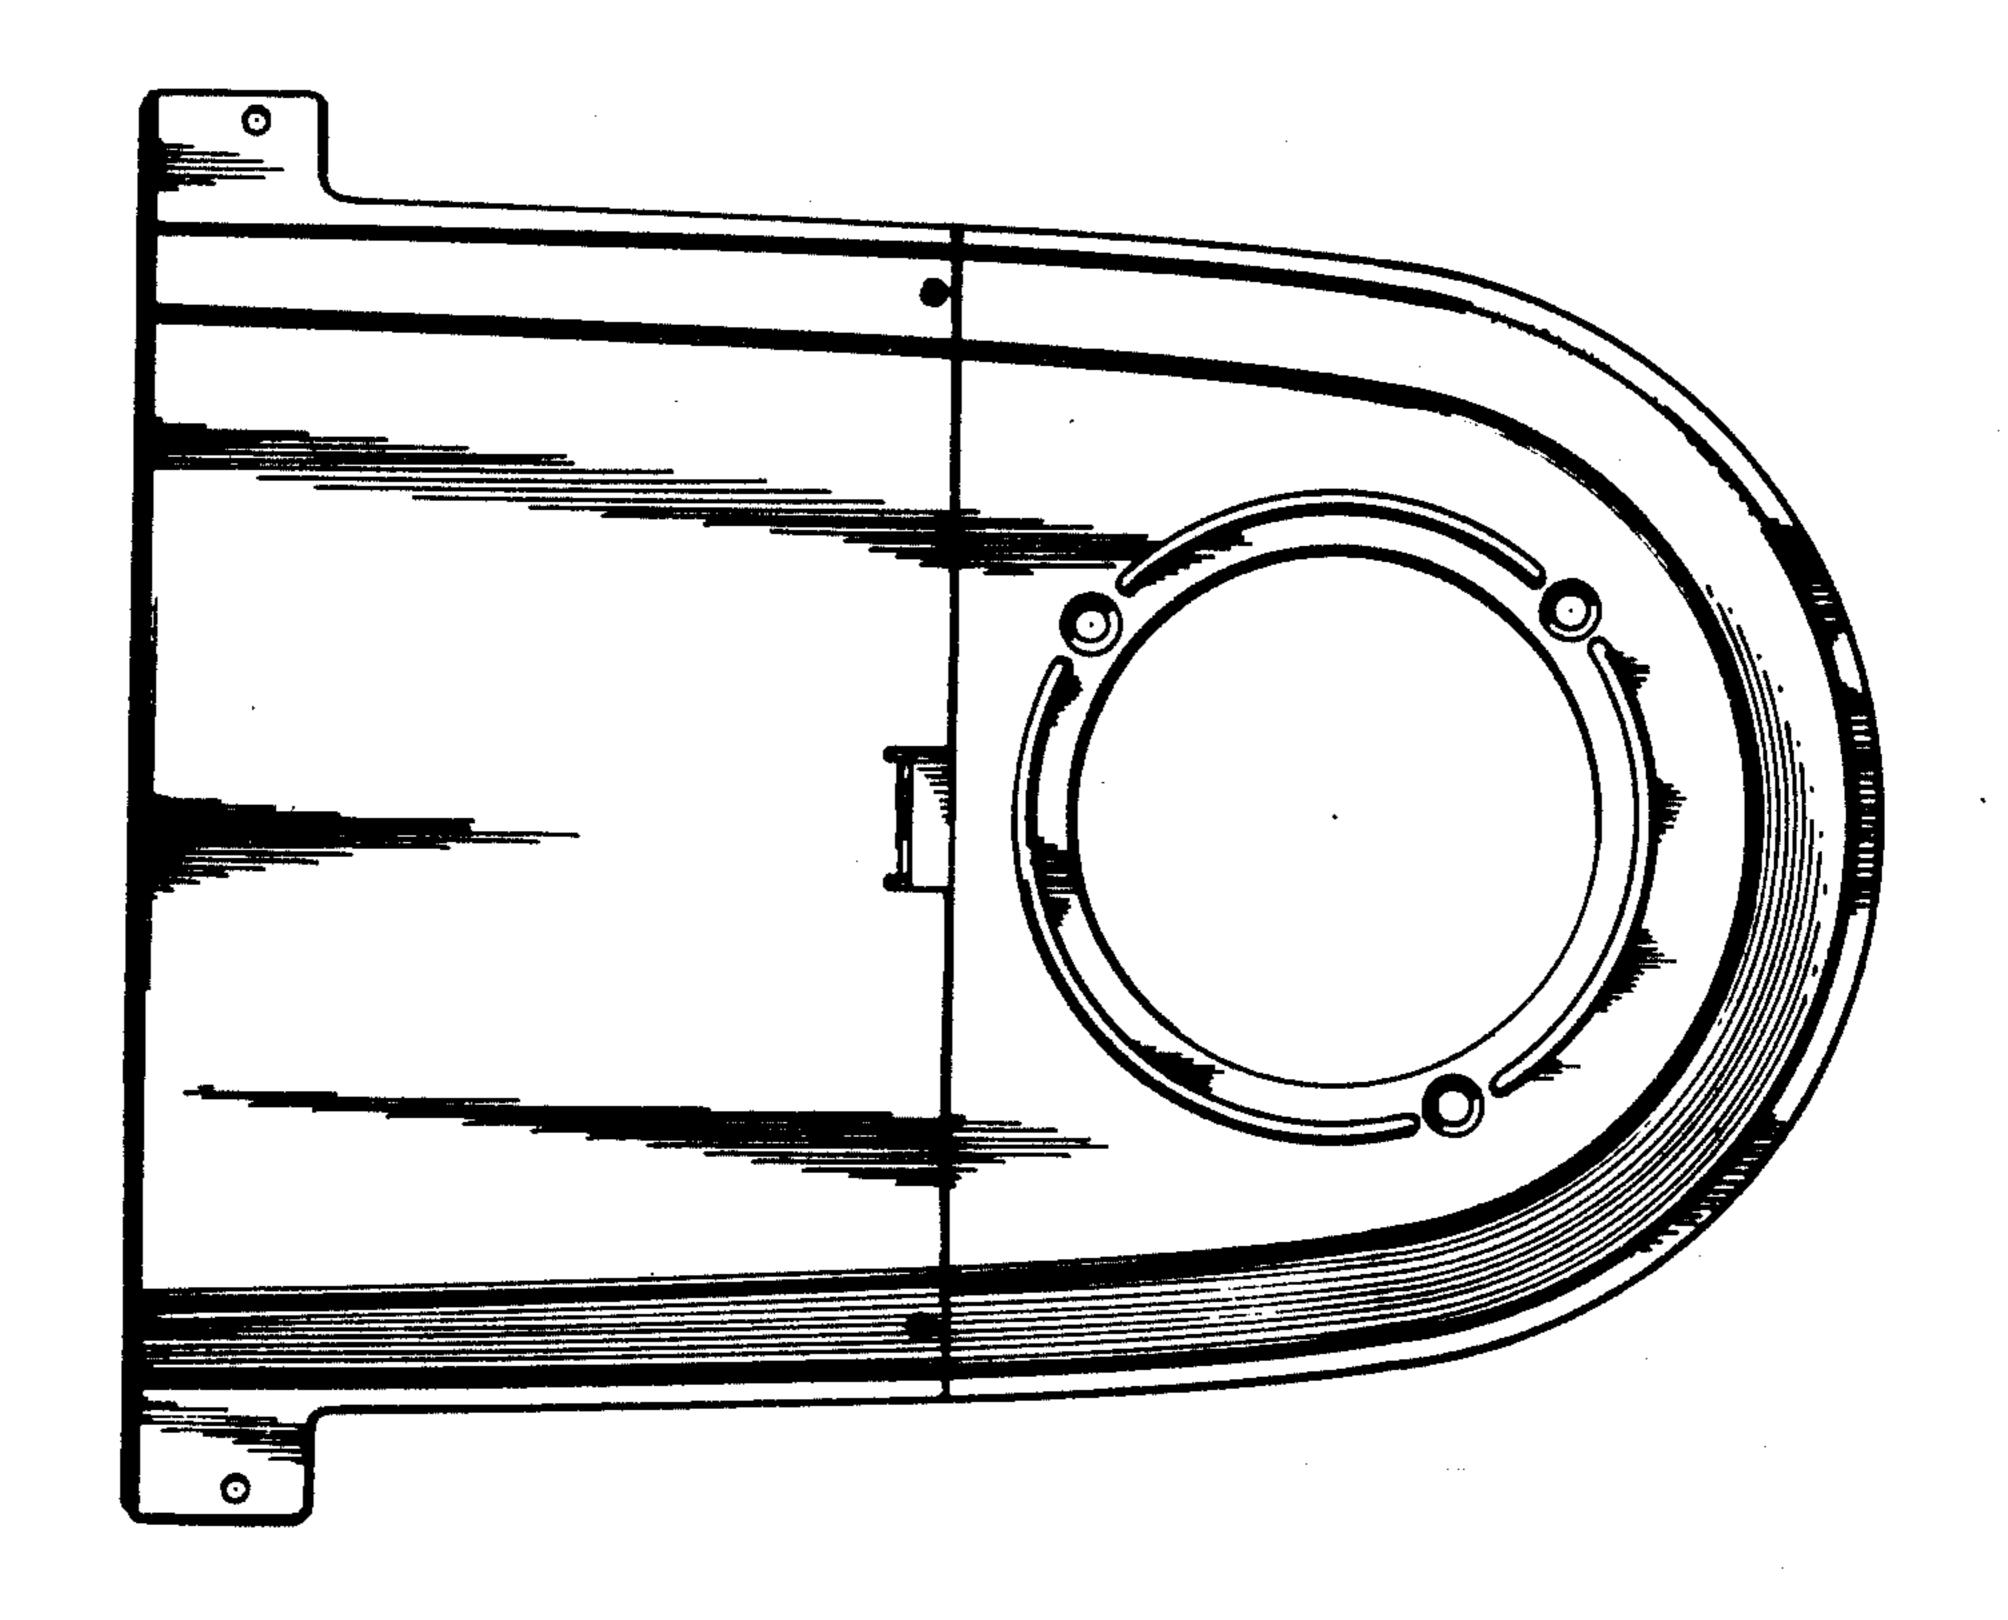

FIG. 4 is a front elevational view thereof;

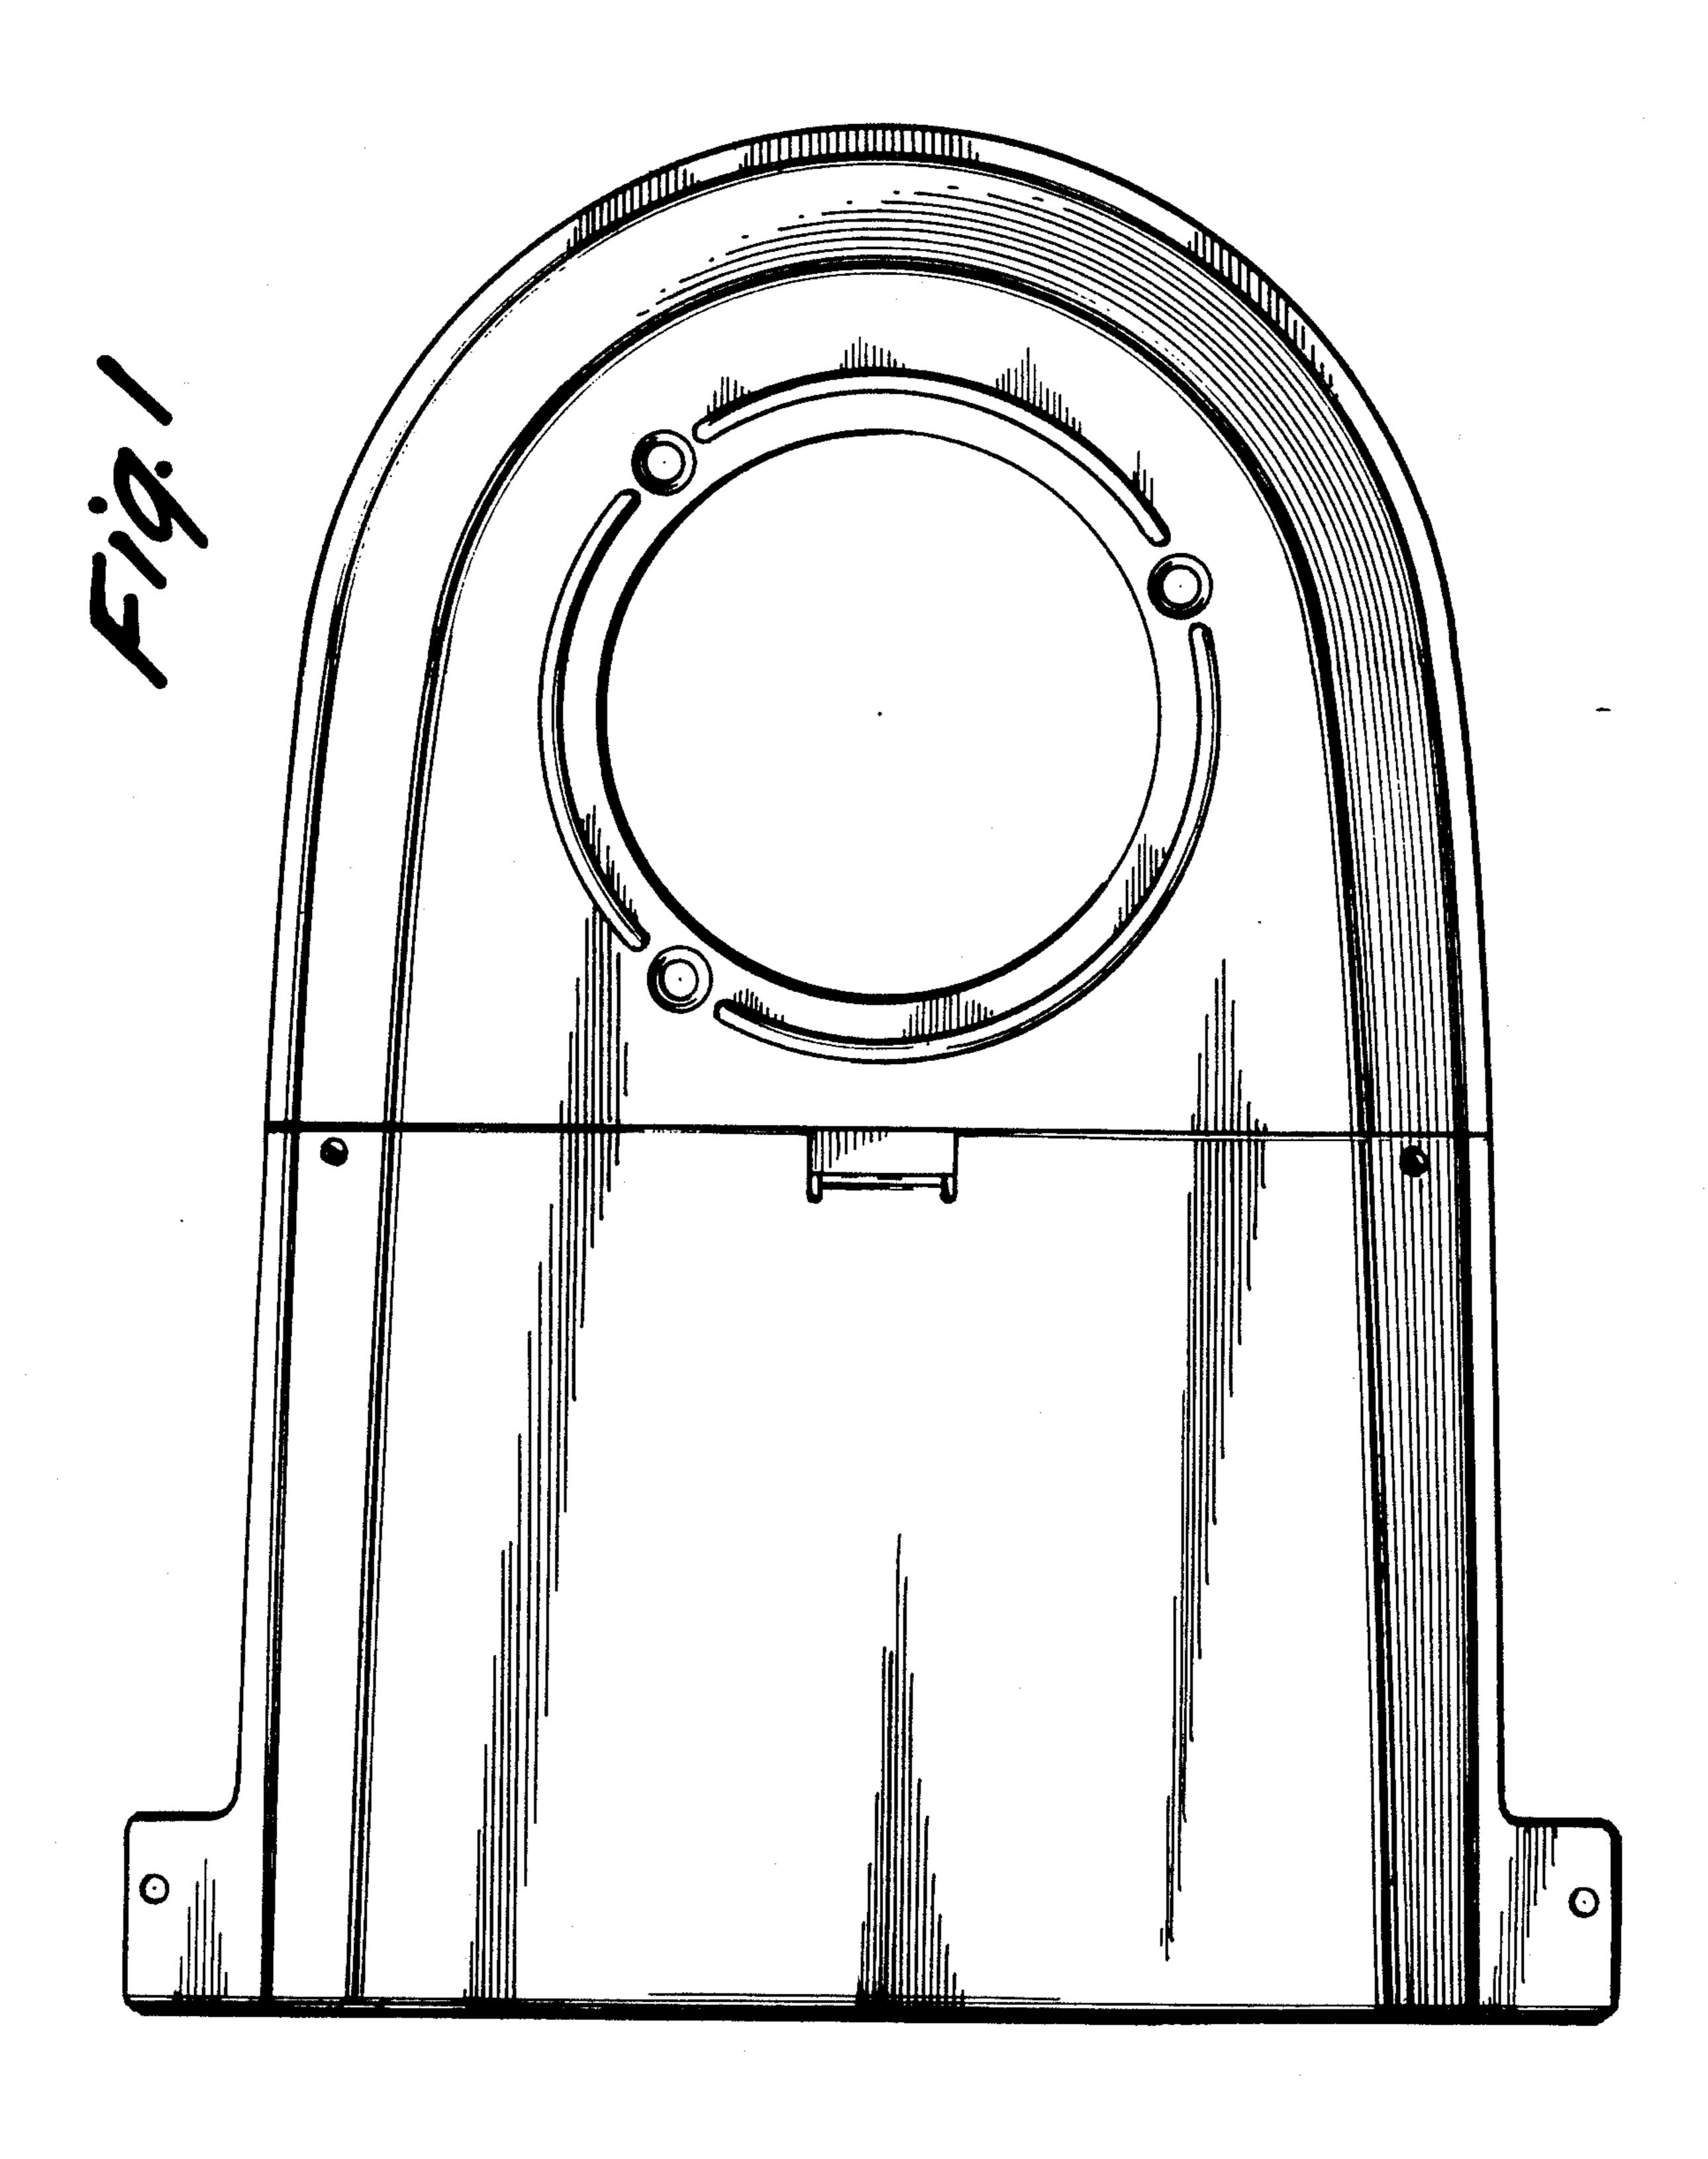

FIG. 5 is a top plan view of a combined engine base and transmission cover for a rotary lawn mower showing a second embodiment of our new design;

FIG. 6 is a bottom plan view of FIG. 5;

FIG. 7 is a side elevational view of FIG. 5, the opposite side being a mirror image of the side shown herein; and FIG. 8 is a front elevational view of FIG. 5.

The rear of the combined engine base and transmission cover is substantially flat and unornamented in both embodiments.
