[57] CLAIM

The ornamental design for a mounted fluid valve assembly for diesel starting systems as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of our new mounted fluid valve assembly for diesel starting systems; FIG. 2 is a side elevational view of the same; FIG. 3 is a bottom plan view of the same; FIG. 4 is a top plan view of the same; and FIG. 5 is a rear elevational view of the same. A side elevational view taken from the side opposite that shown in FIG. 2 is essentially a mirror image thereof.
