[57] CLAIM

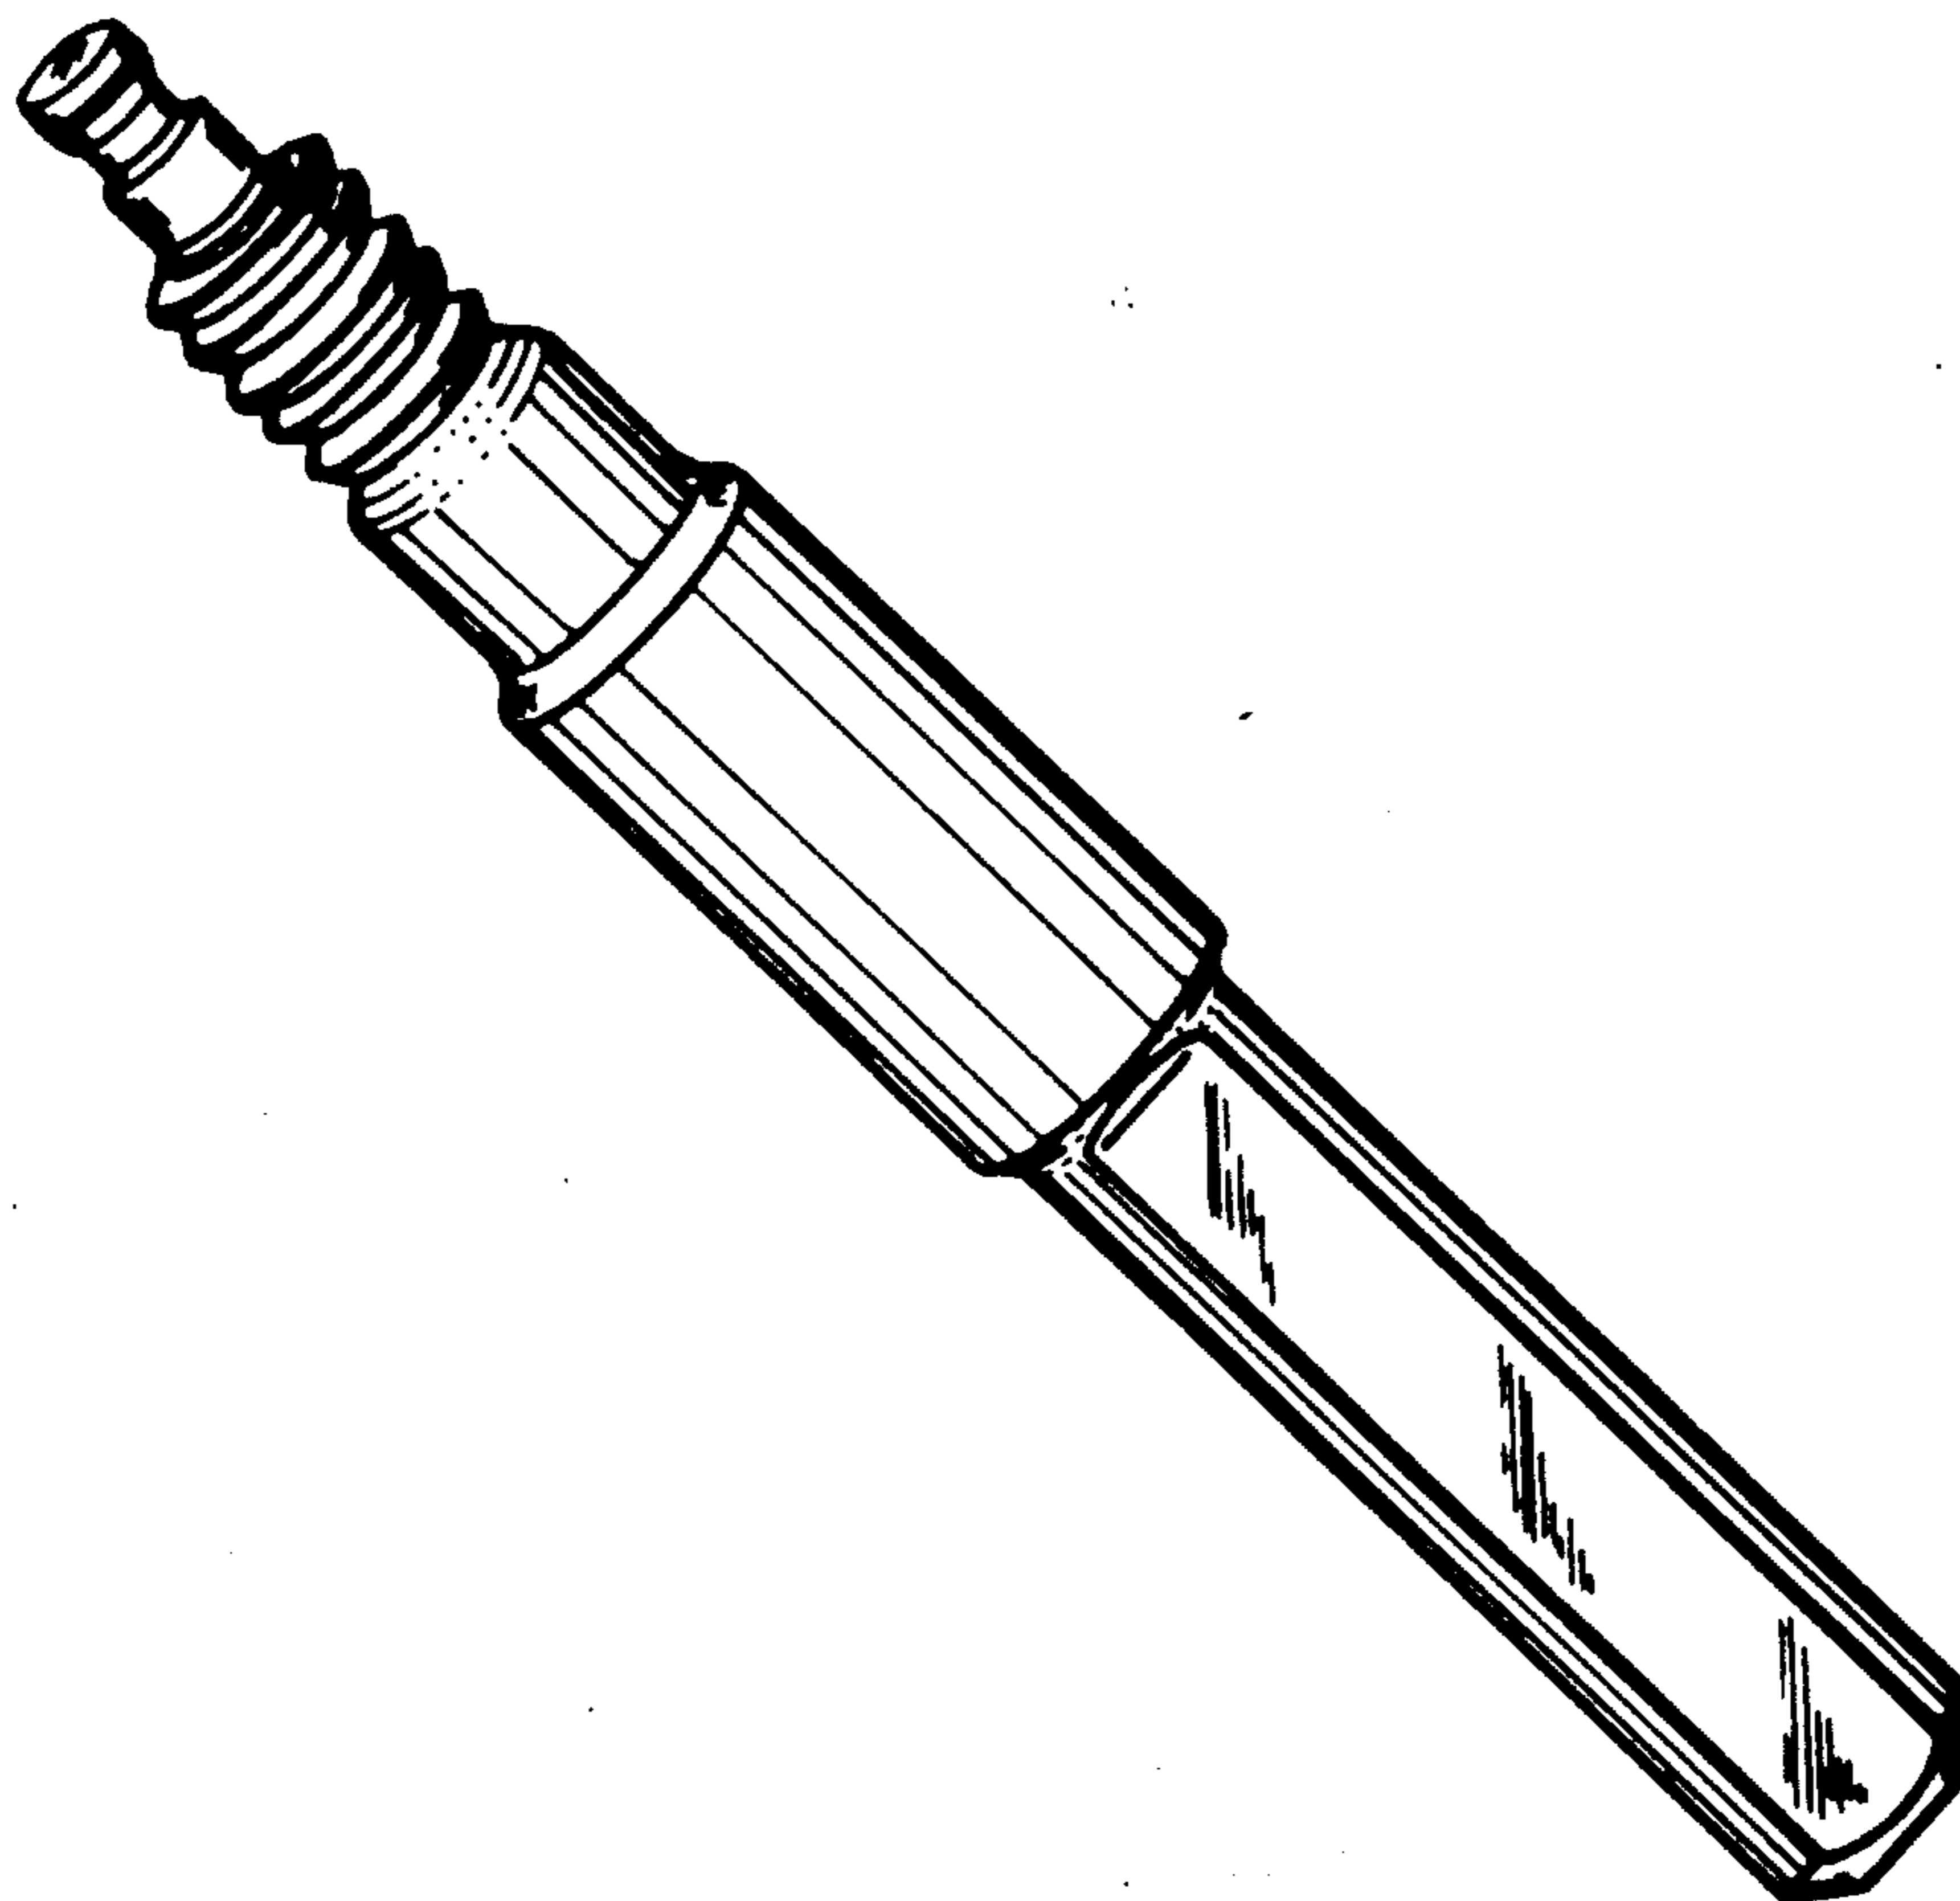

The ornamental design for a honing tool, as shown.

DESCRIPTION

FIG. 1 is a perspective view of a honing tool showing my new design;

FIG. 2 is a top plan view, the other side being a mirror image thereof, of the honing tool illustrated in FIG. 1; and

FIG. 3 is a side elevational view of the honing tool illustrated in FIGS. 1 and 2, taken ninety degrees to the right of FIG. 2.

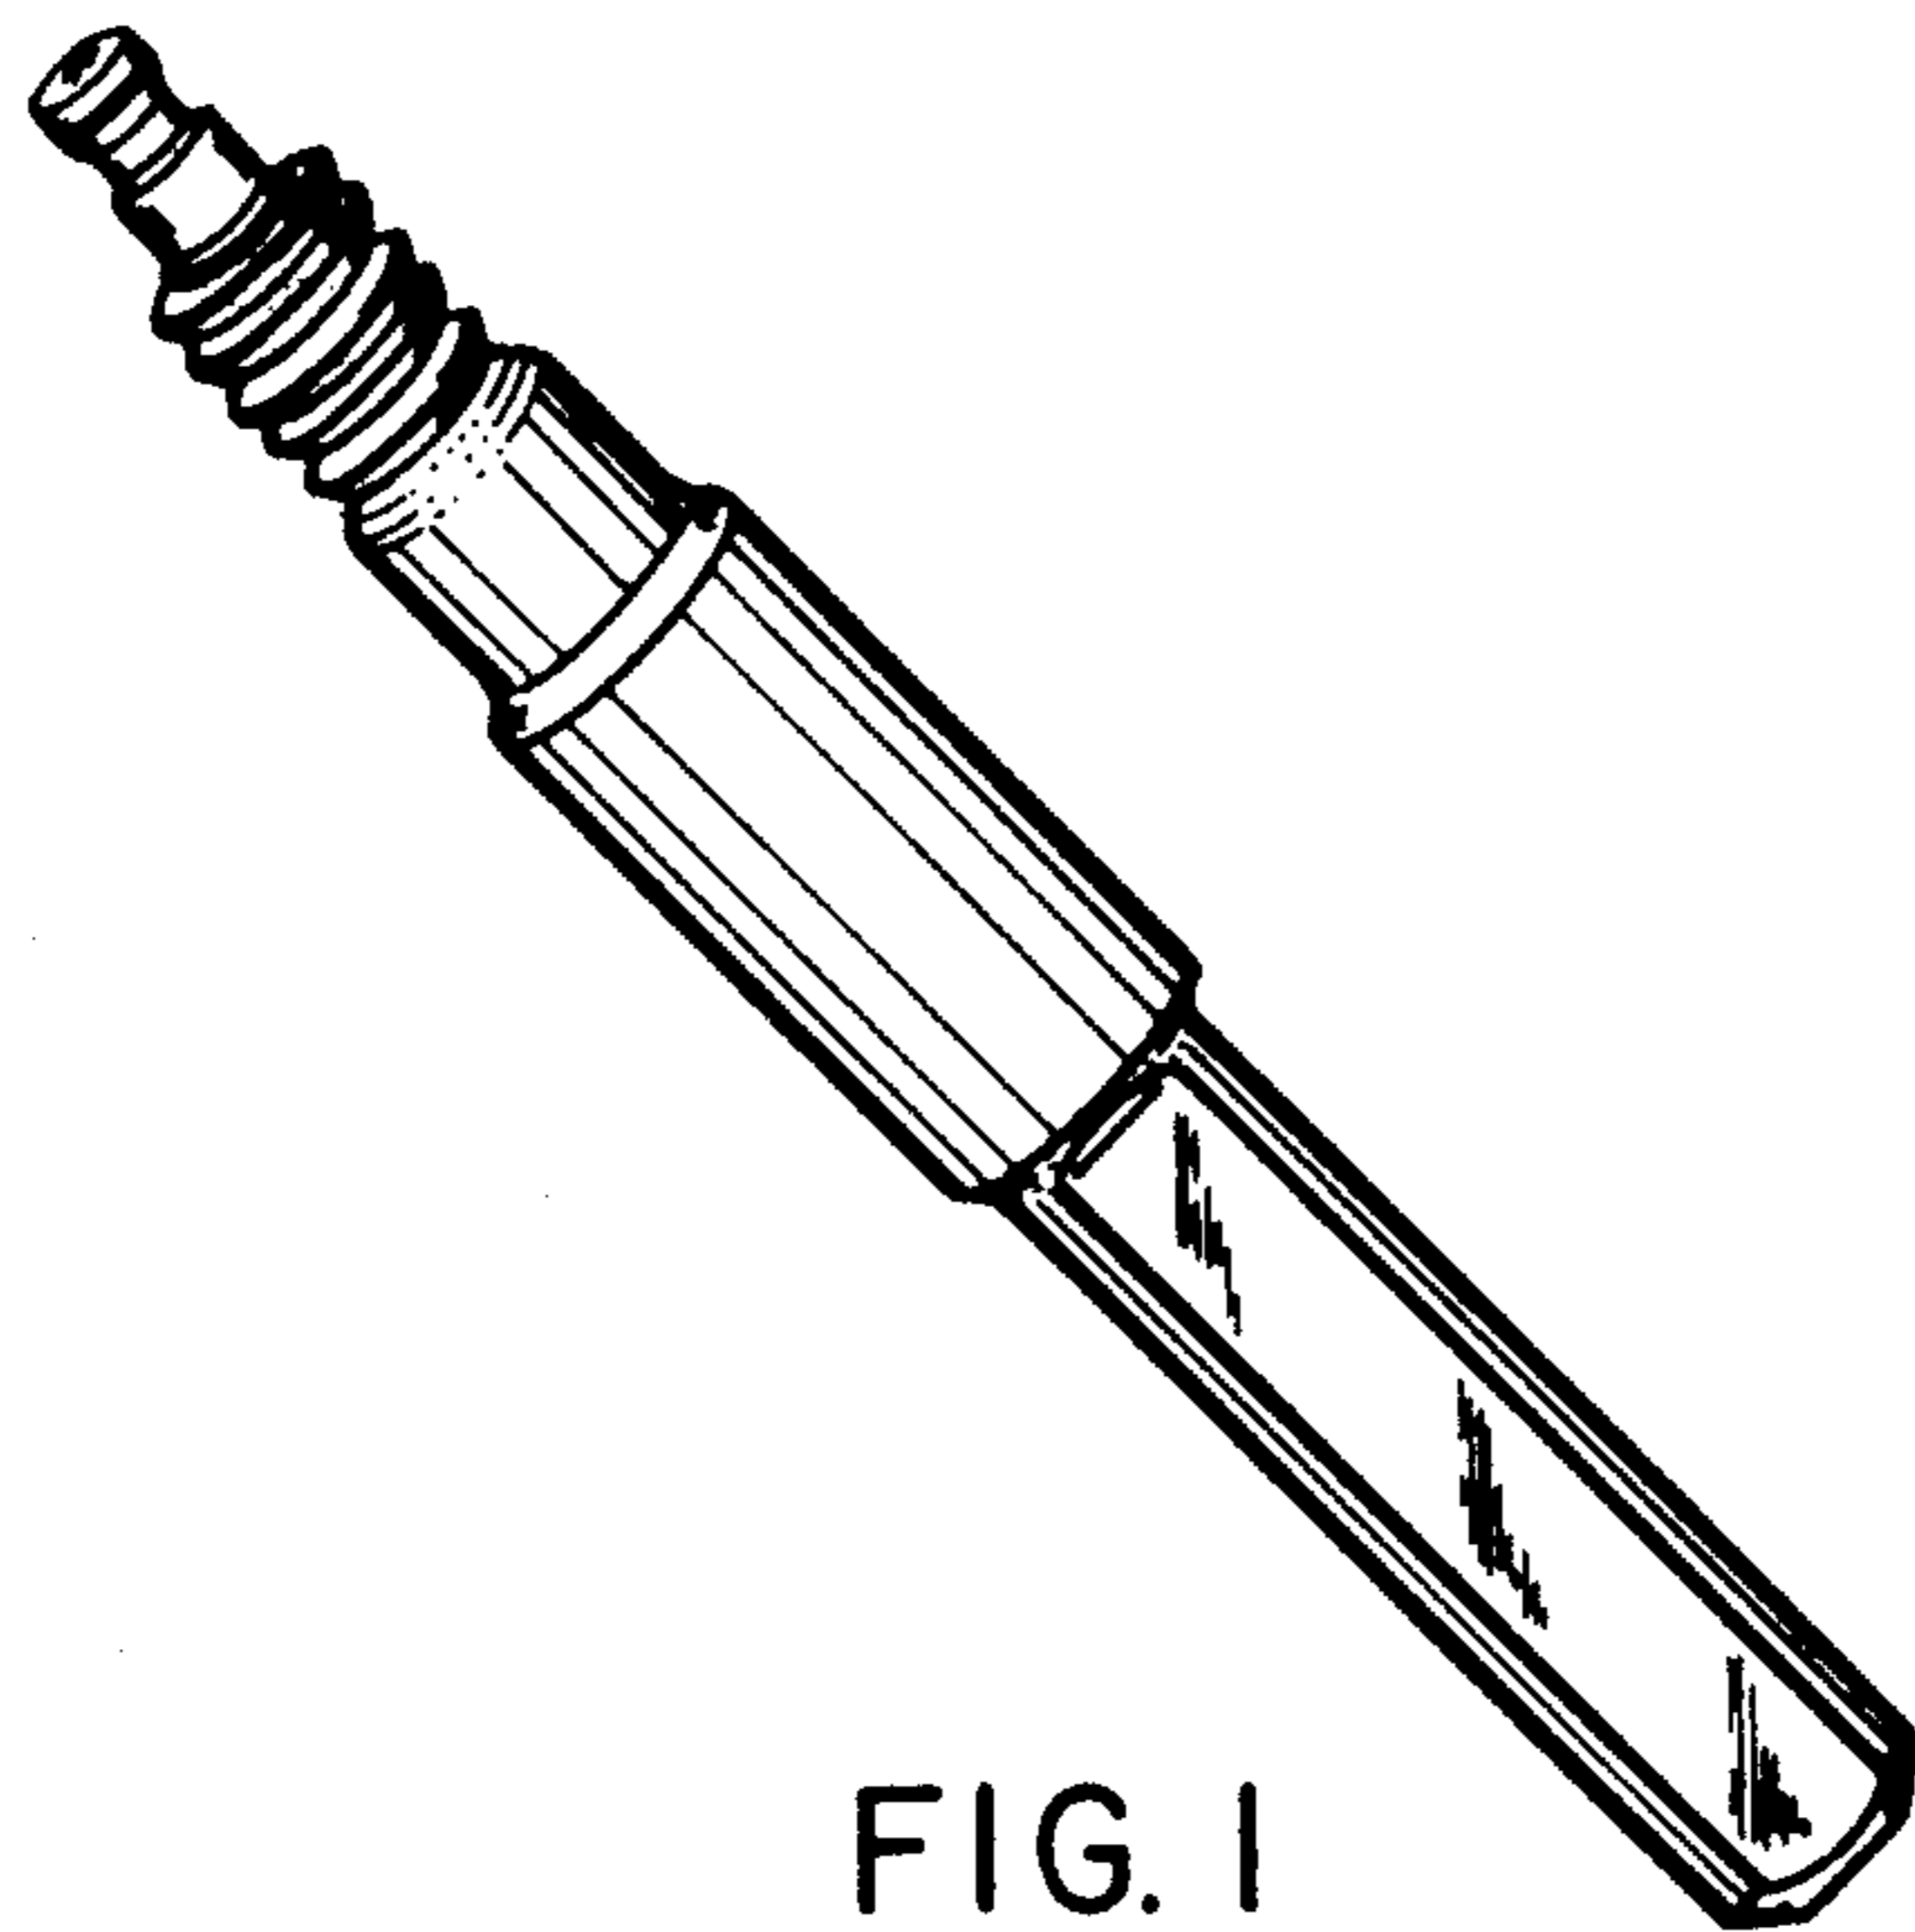

FIG. 1

FIG. 2

FIG. 3
