[57] CLAIM

The ornamental design for a coil spring test stand, as shown and described.

DESCRIPTION

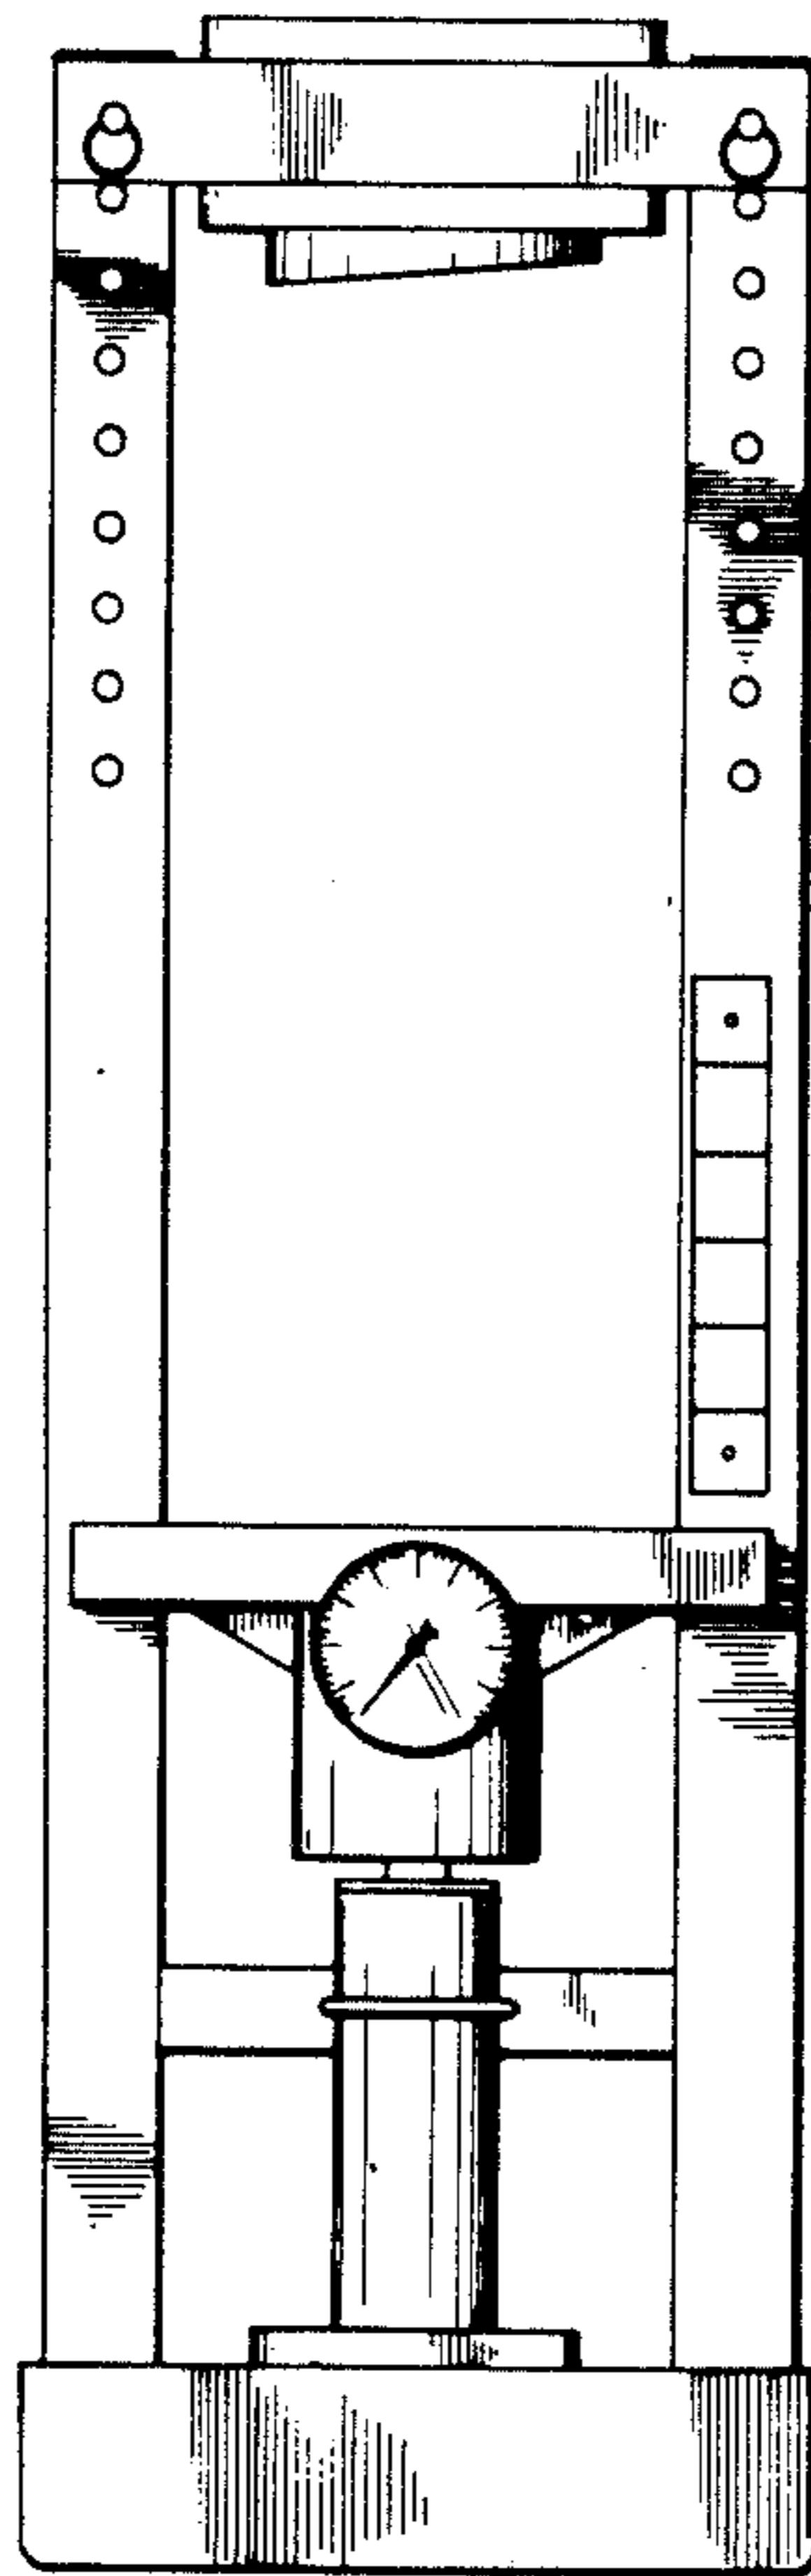

FIG. 1 is a front elevational view of a coil spring test stand showing my new design.

FIG. 2 is a right side elevational view thereof, the left side being substantially a mirror image thereto;

FIG. 3 is a top plan view thereof;

FIG. 4 is a bottom plan view thereof;

FIG. 5 is a fragmentary rear elevational view of the gauge mount and cylinder fastening nut portion of the coil spring test stand of FIG. 1 on a reduced scale, the remainder of the rear being substantially a mirror image of the front.
