[57] **CLAIM**

The ornamental design for a speakers lectern, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a speakers lectern showing my new design.

FIG. 2 is a perspective view looking toward the speakers lectern from a point between the top and bottom thereof, so that the upper surface of the bottom is illustrated and the undersurface of the top is illustrated.

It should be understood that the two opposite edges, not shown, are identical to the two edges illustrated, while the flat bottom surface of the speakers lectern is plain.

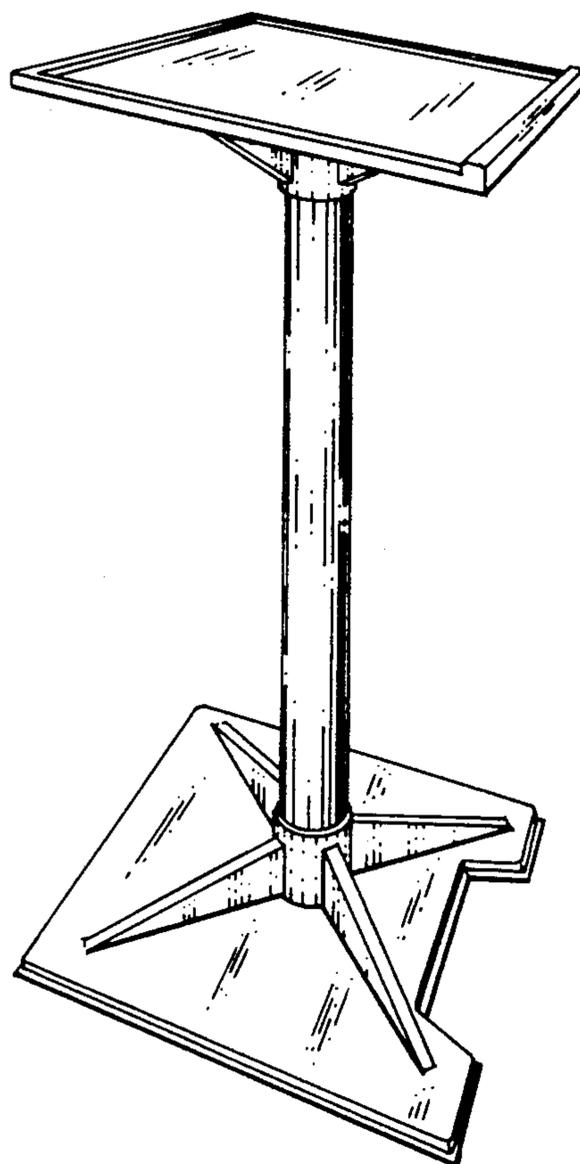

FIG. 1

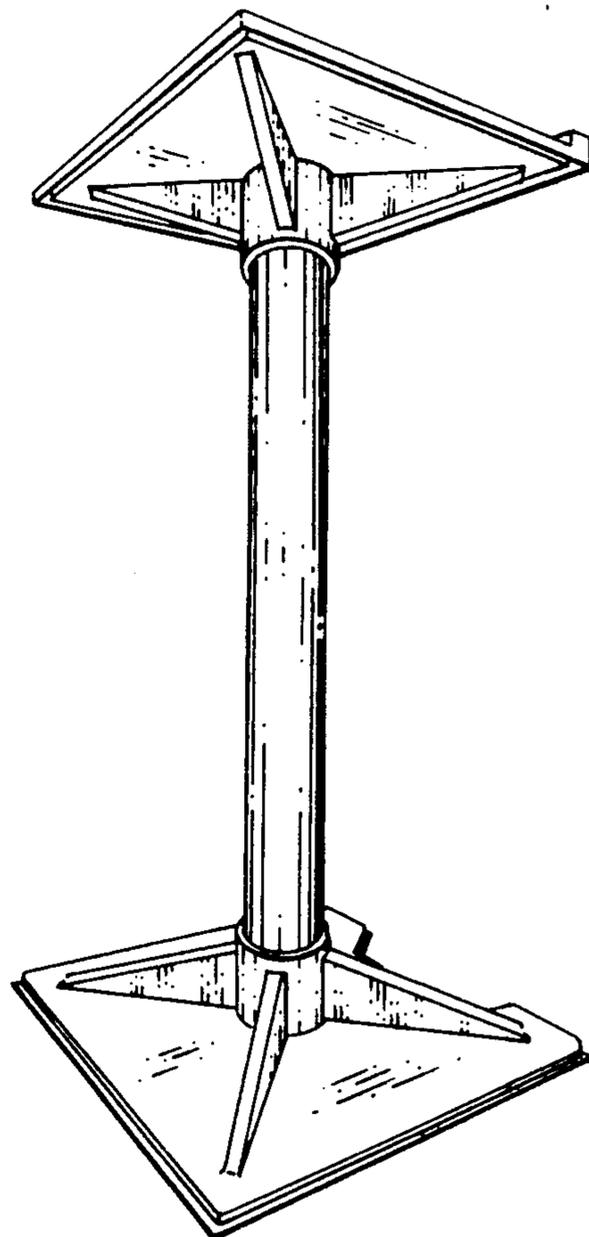

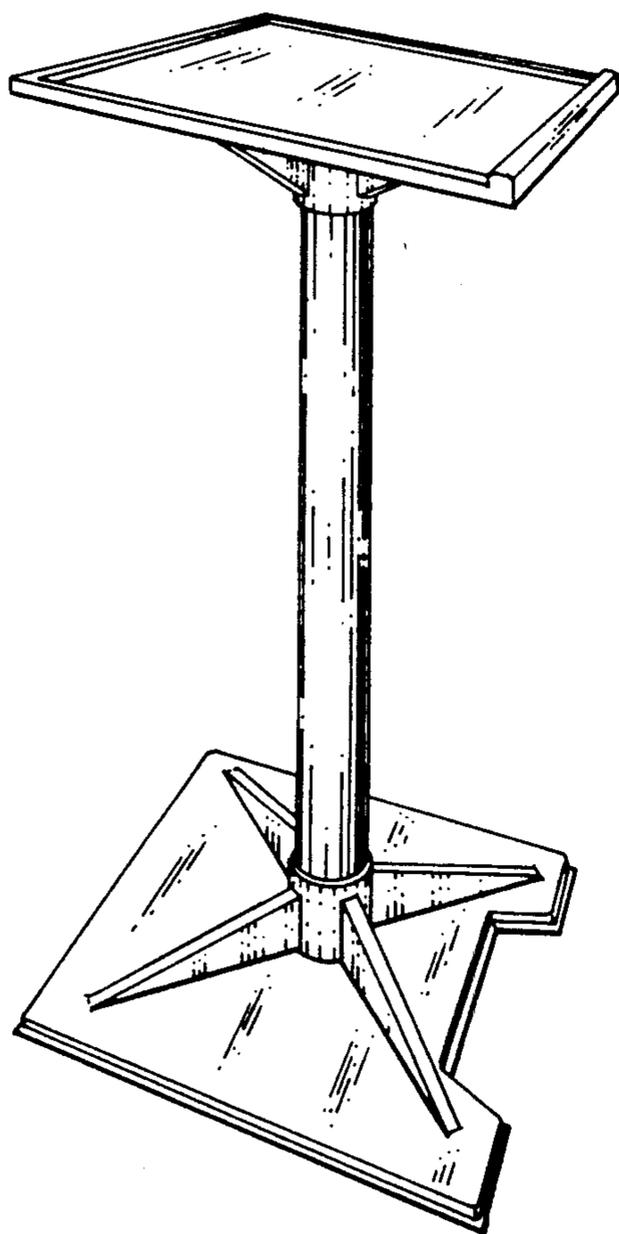

FIG. 2
