[57] CLAIM

The ornamental design for a floor machine, substantially as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a floor machine showing my new design;

FIG. 2 is a left side elevational view thereof shown on a slightly larger scale;

FIG. 3 is a front elevational view thereof;

FIG. 4 is a rear elevational view thereof; and

FIG. 5 is a top plan view thereof.

The handle of the floor machine is shown fragmentarily in FIGS. 2-5 for convenience of illustration and a brush is shown below the platform.
