[57] **CLAIM**

The ornamental design for a printer enclosure, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view showing the top, front and left side of a first printer enclosure embodying our new design;

FIG. 2 is a perspective view showing the top, rear and right side of the printer enclosure of FIG. 1;

FIG. 3 is a perspective view showing the top, front and left side of a second printer enclosure embodying our new design;

FIG. 4 is a perspective view showing the top, rear and right side of the printer enclosure of FIG. 3; and

FIG. 5 is a perspective view showing the bottom, rear and right side of the printer enclosures of FIGS. 1-4.

The aforementioned first and second printer enclosures are identical except for the presence of the optional top-mounted detachable forms tractor and wire paper holder, shown in FIGS. 1 and 2, to the basic enclosure as shown in FIGS. 3 and 4. The first and second enclosures have identical bottom surfaces, shown in FIG. 5.
