[57] **CLAIM**

The ornamental design for a placard display stand or similar article, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view showing my design of a placard display stand or similar article in its erected position;

FIG. 2 is an enlarged fragmentary view showing one of the two identical locking elements for the sides of the stand in greater detail and,

FIG. 3 is an enlarged fragmentary view showing one of the two identical locking elements for the front and rear of the stand in greater detail,

FIG. 4 is an enlarged detail showing of one of the support fingers in extended position and,

FIG. 5 is an enlarged fragmentary view wherein one of the support fingers is shown in its stored or fully closed position.
