[57] CLAIM

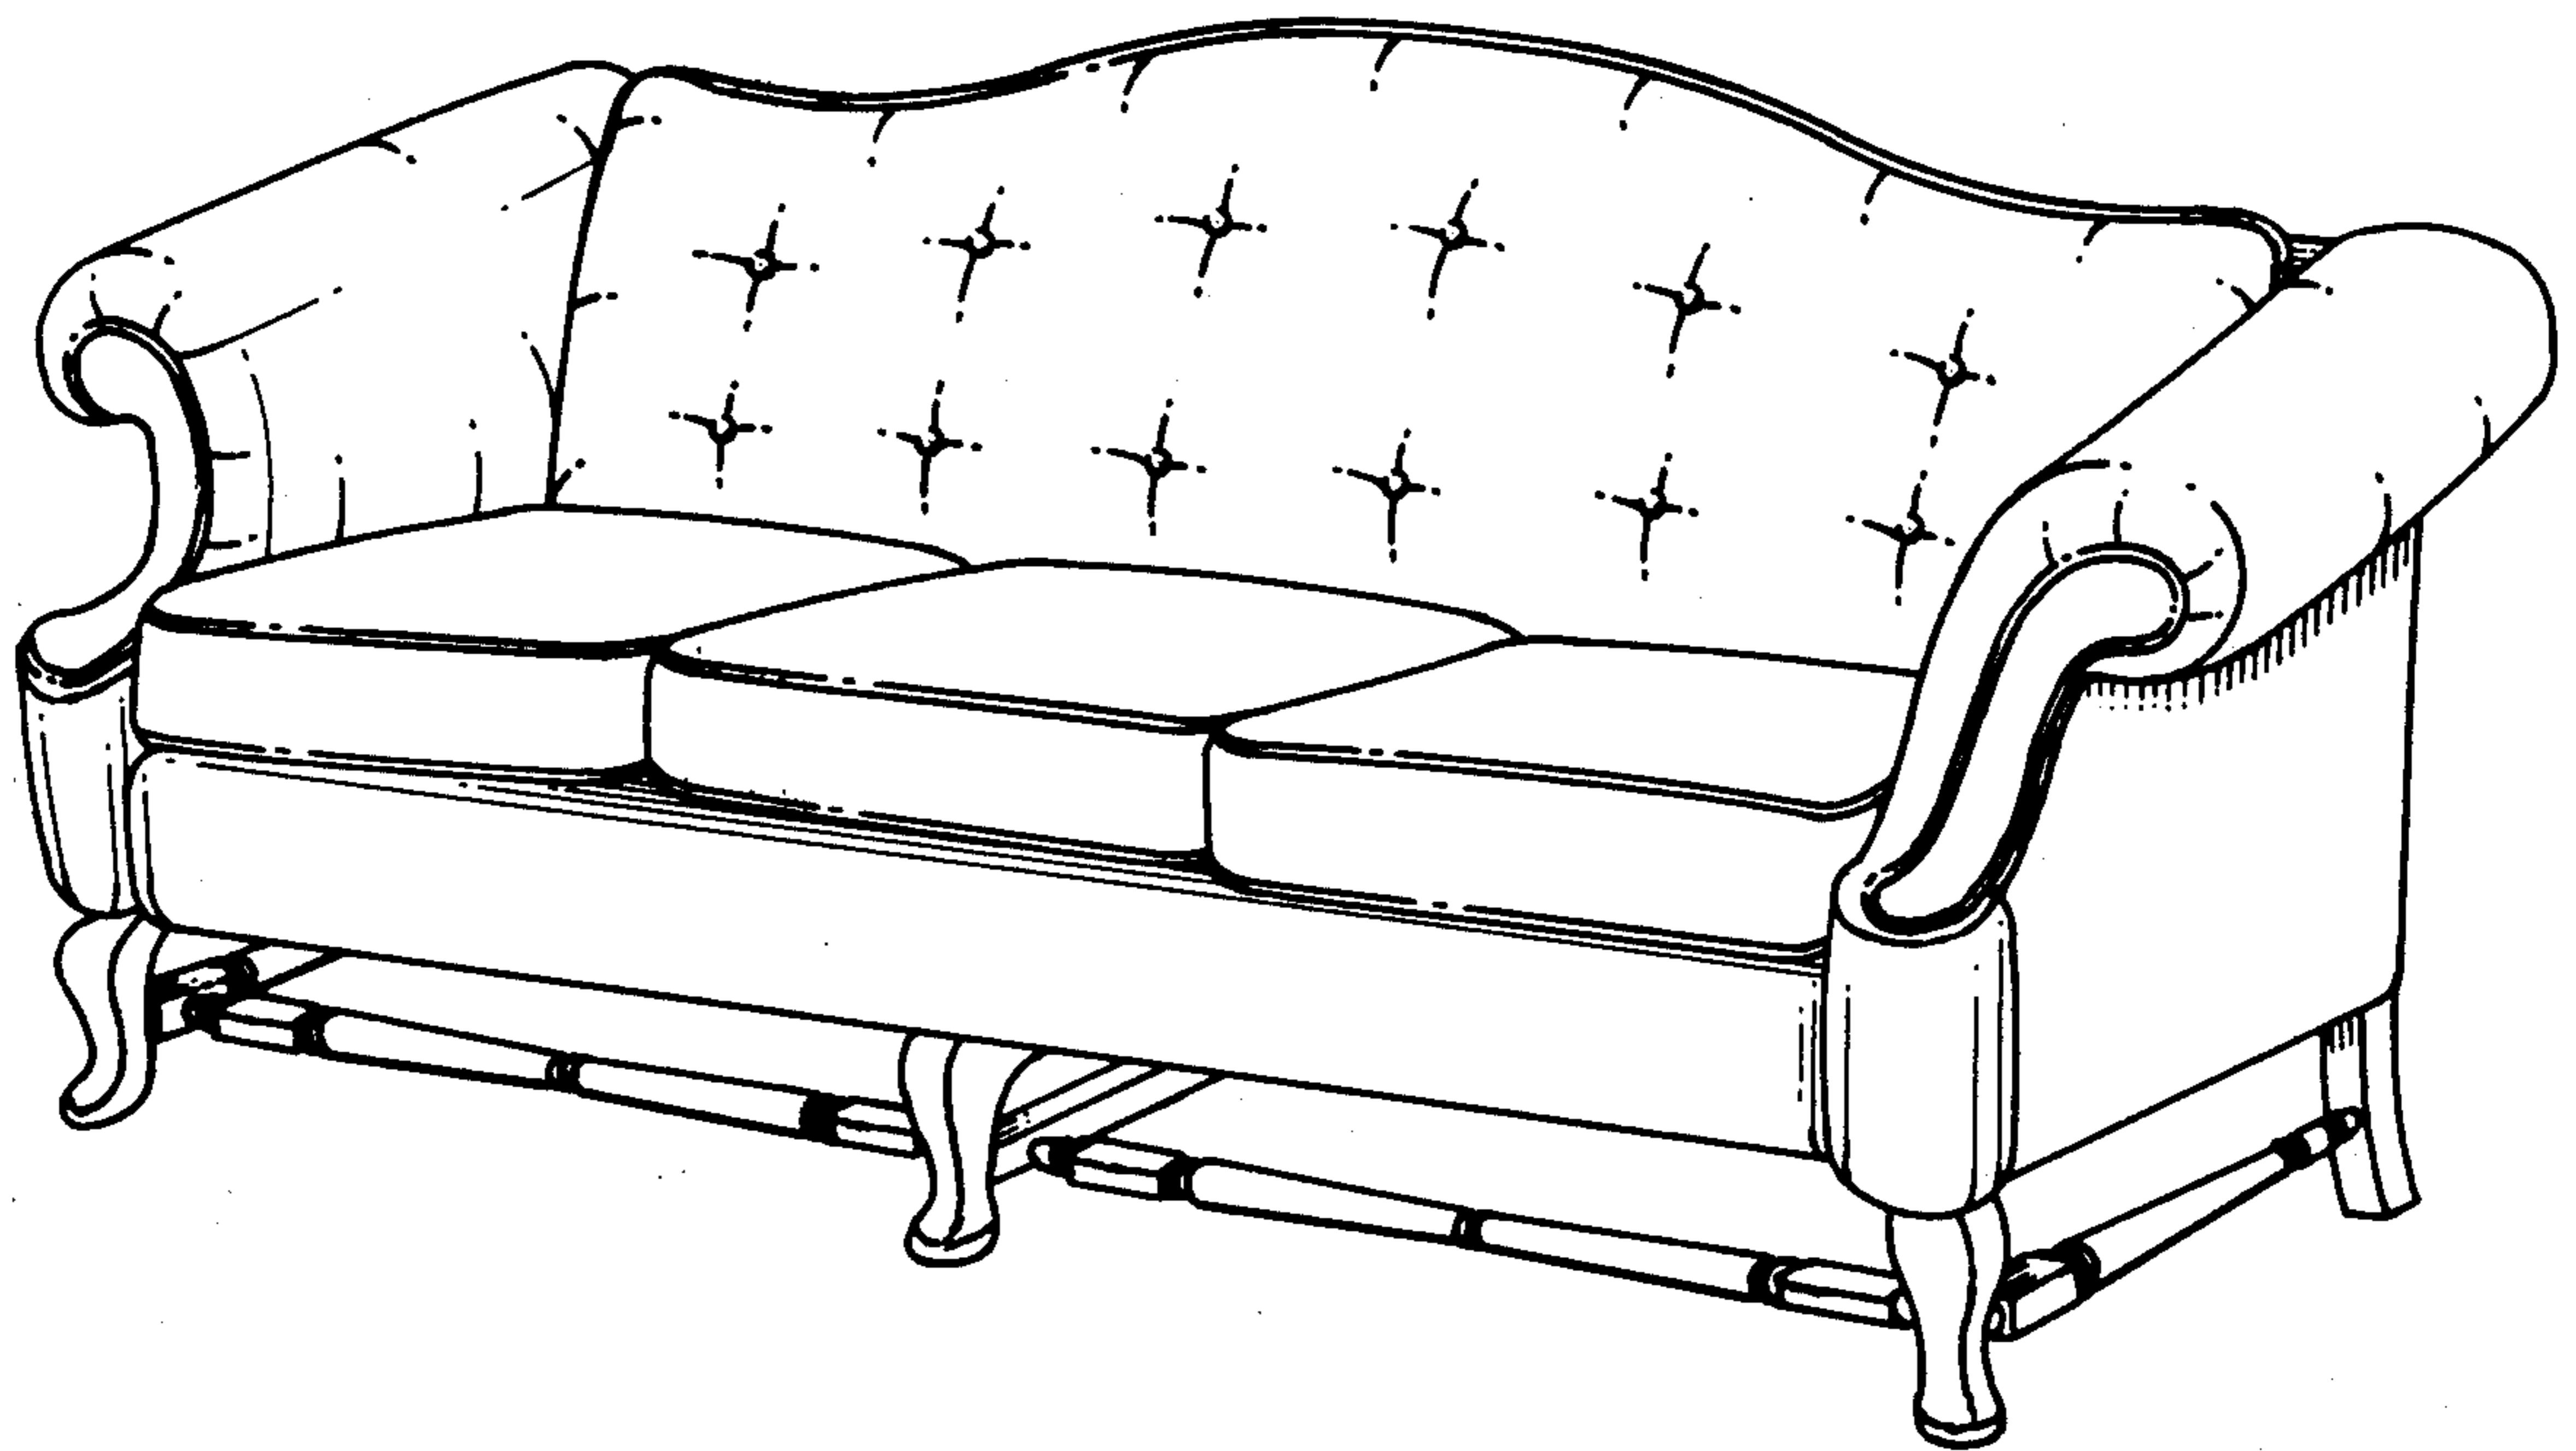

The ornamental design for a seat, as shown and described.

DESCRIPTION

The FIGURE is a perspective view of the design of the instant invention embodied in a sofa.

The side of the sofa not shown is the same as the side shown, while the back of the sofa may be plain and unornamented.

Although I have shown the design of the instant invention embodied in a sofa, it will be appreciated that, as is well known in the art, the design is embodied in a chair or loveseat.
