[57] CLAIM

The ornamental design for a telephone booth, as shown and described.

DESCRIPTION

FIG. 1 is a reduced front perspective view of a telephone booth showing my new design; FIG. 2 is a front elevational view thereof; FIG. 3 is a side elevational view taken from the right of FIG. 1; FIG. 4 is a top plan view thereof; and FIG. 5 is a front perspective view of a telephone booth, similar to FIG. 1, and taken from the right illustrating the interior left side and corner. The rear and bottom of the telephone booth are flat and unornamented. The dots which are partially shown in FIGS. 1, 2 and 3 cover the entire surface of the back and side walls of the telephone booth and are meant to indicate perforations.
