[57] CLAIM

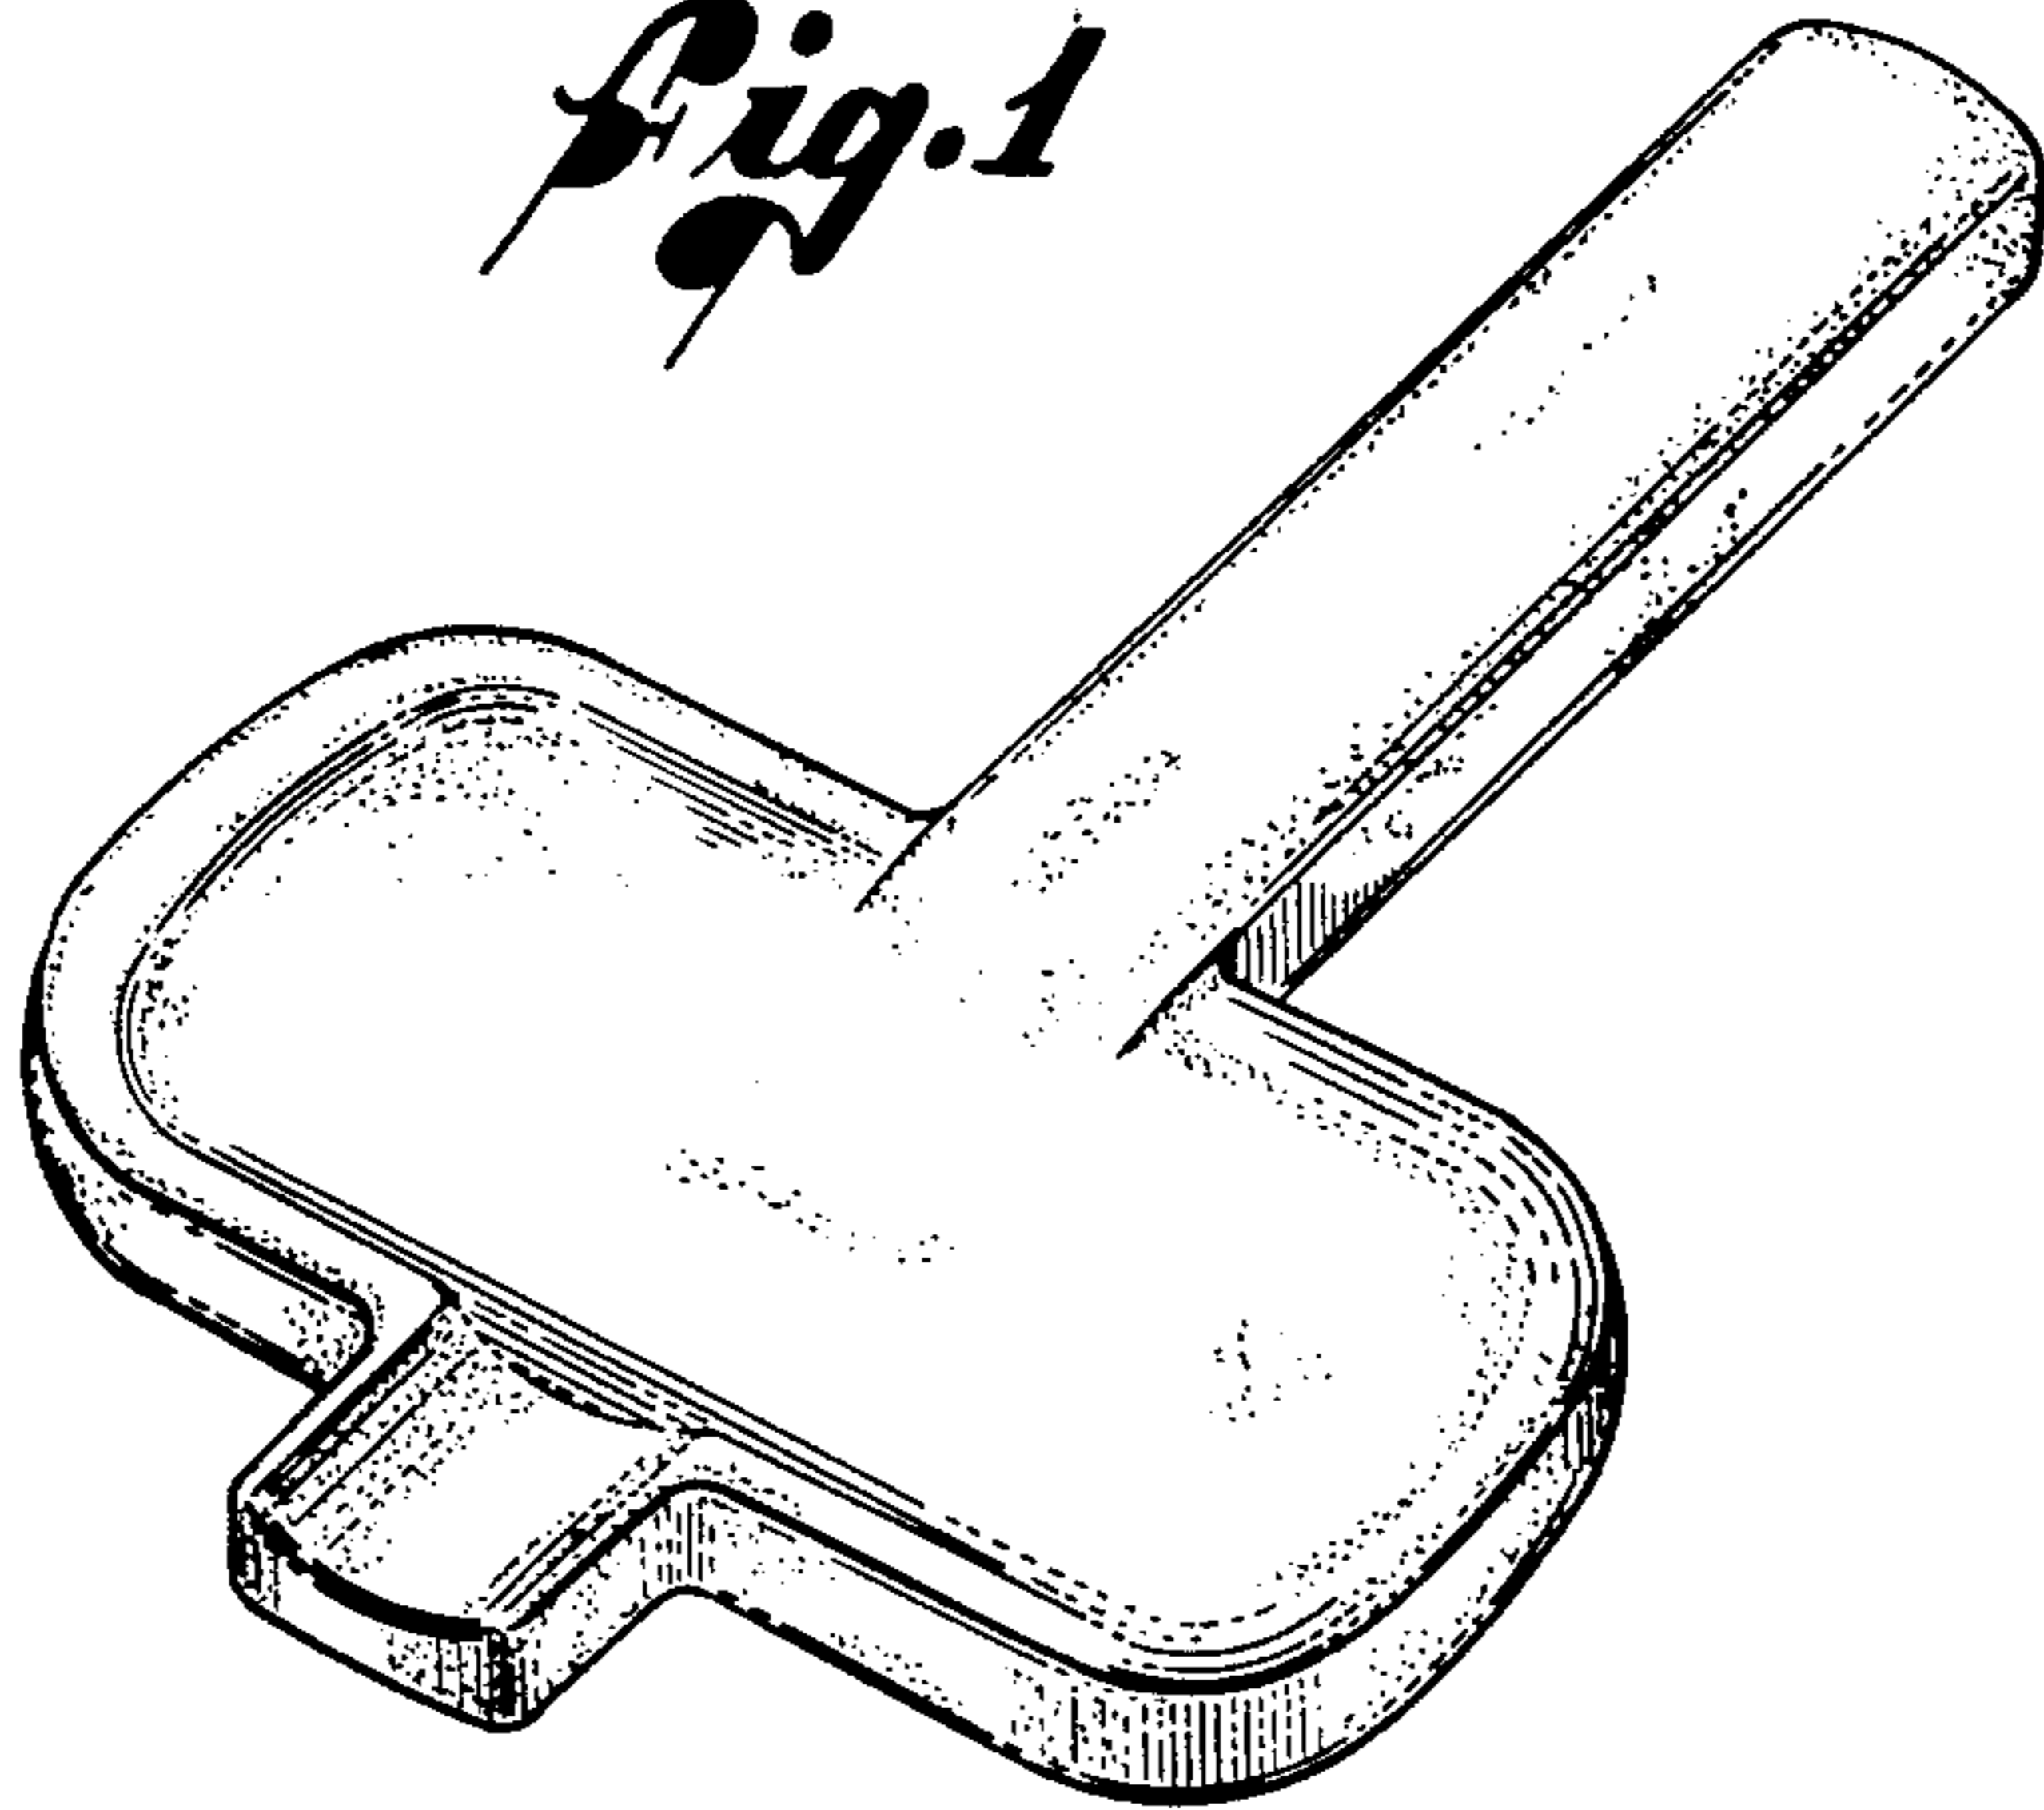

The ornamental design for a spinal pillow, substantially as shown and described.

DESCRIPTION

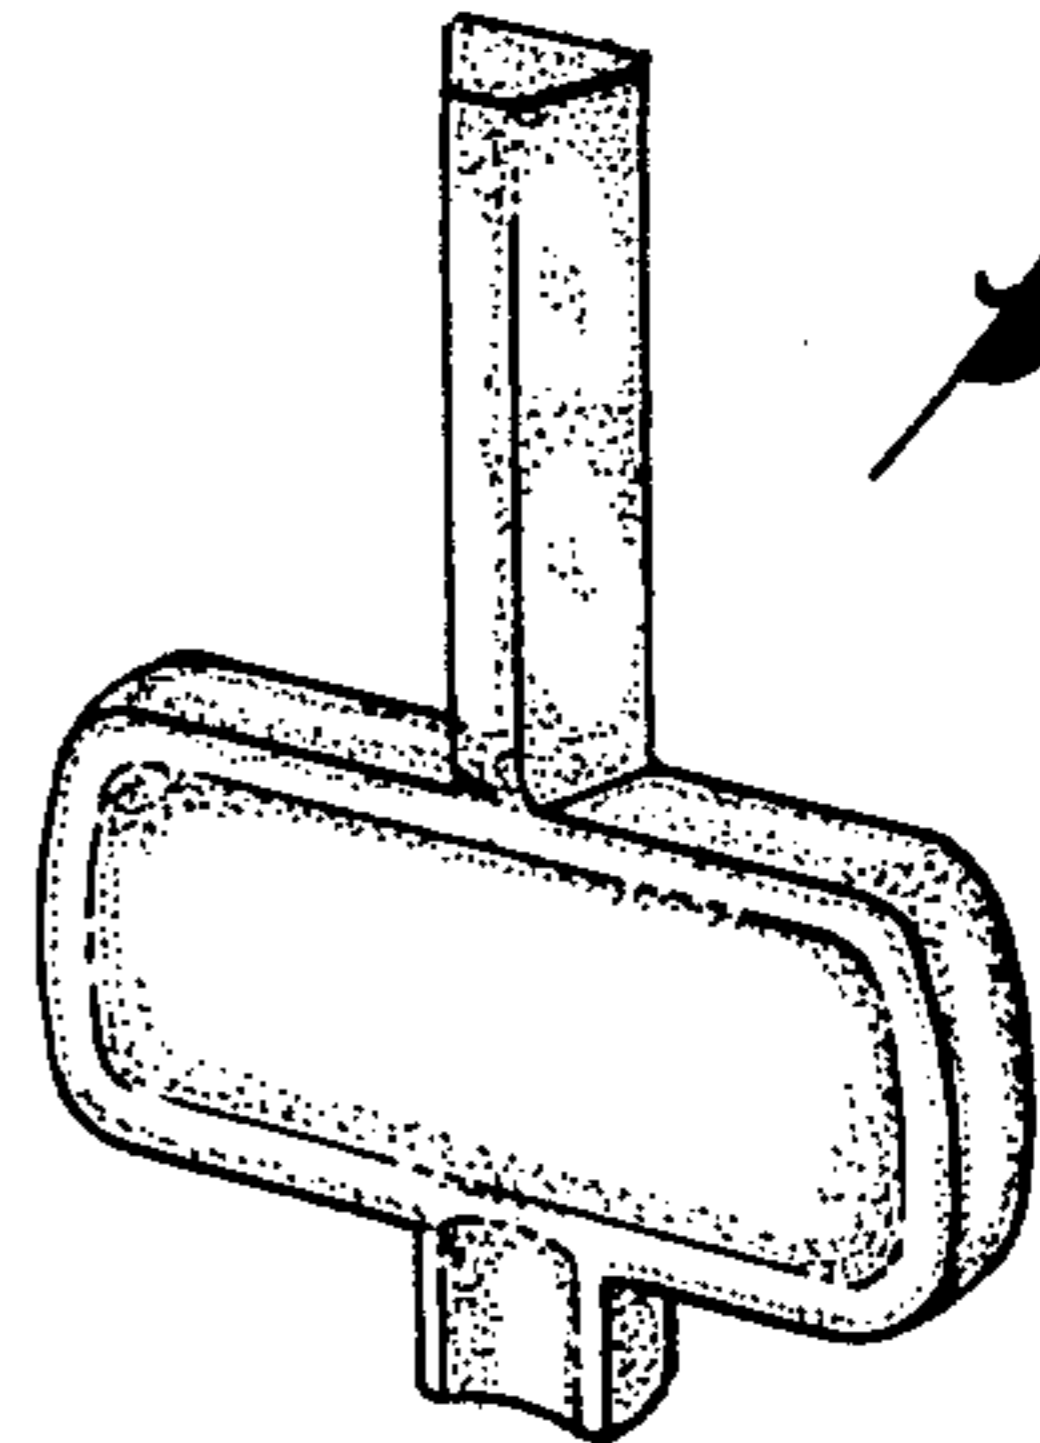

FIG. 1 is a front, bottom and right side perspective view of a spinal pillow showing my new design; FIG. 2 is a left side elevational view; FIG. 3 is a bottom plan view; FIG. 4 is a top plan view; FIG. 5 is a rear elevational view; FIG. 6 is a front, top and right side perspective view of a modified form of a spinal pillow showing my new design wherein the elongated upper portion has a generally wedge-shaped cross-section, the remaining portions of the pillow being substantially the same as those of the pillow of FIGS. 1-5; and FIG. 7 is a view similar to FIG. 4 of the pillow of FIG. 6, with the portion of the bottom which would be seen omitted for convenience of illustration.
