[57] CLAIM

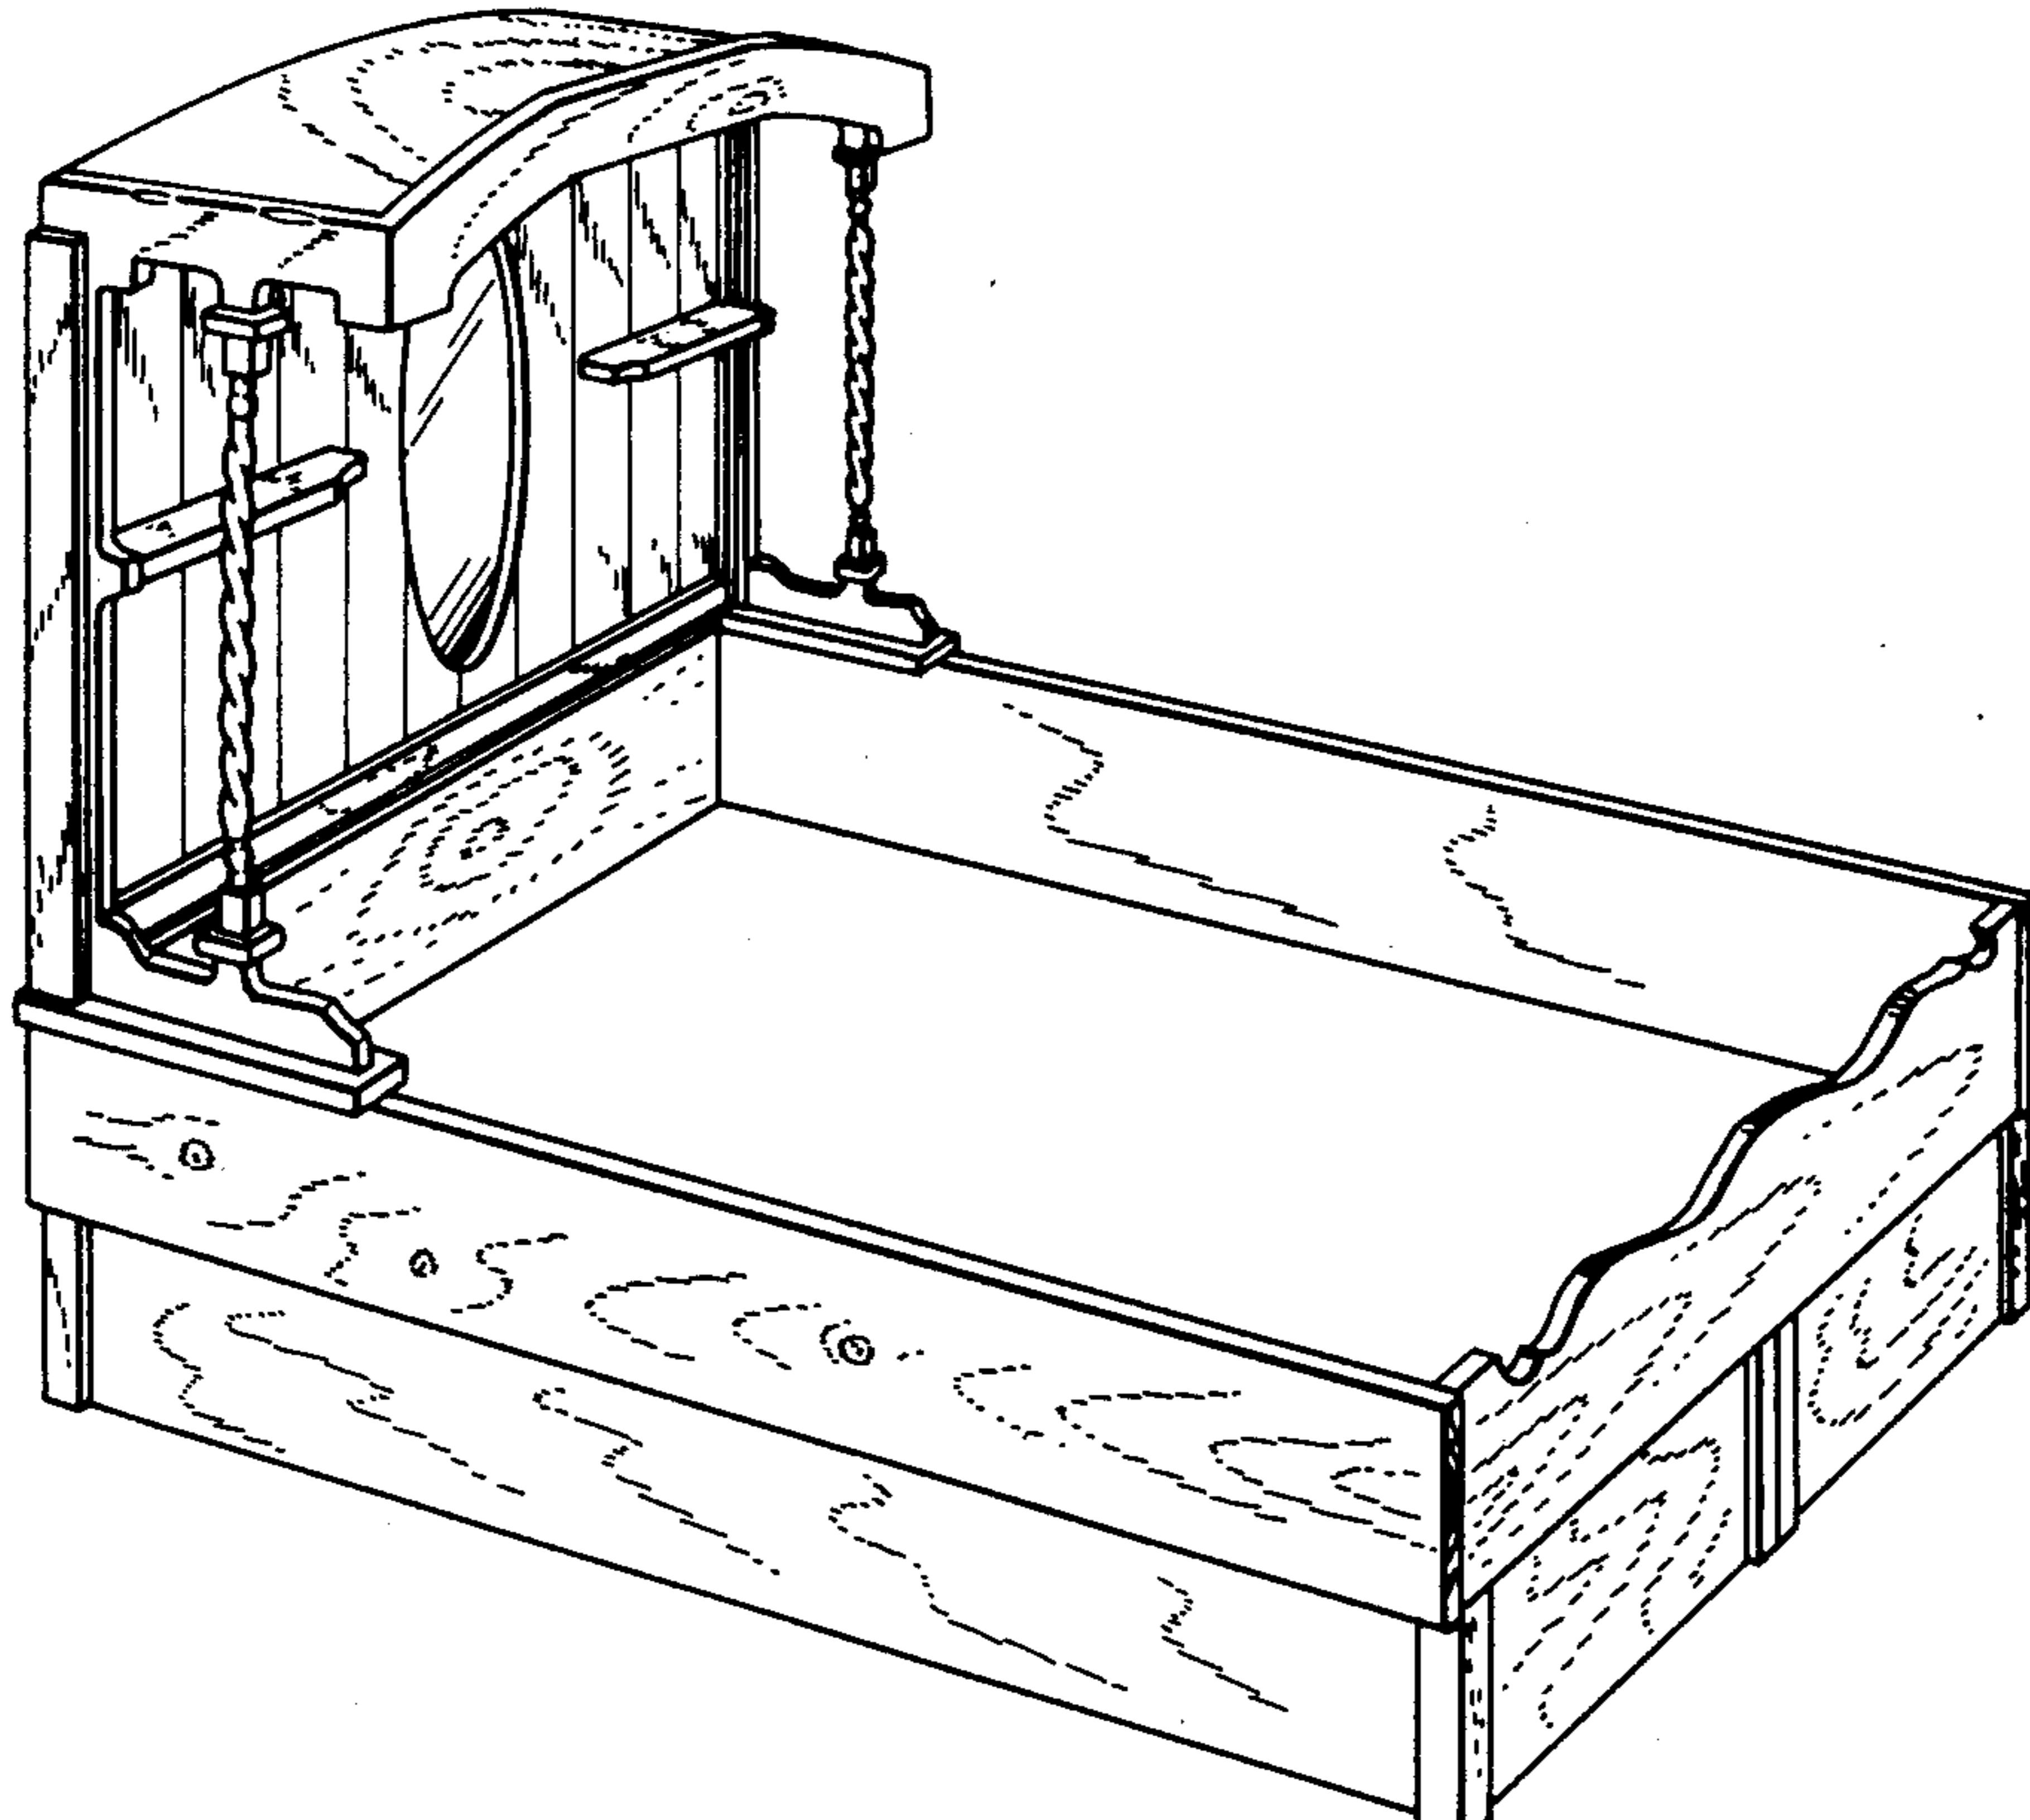

The ornamental design for a bed, as shown and described.

DESCRIPTION

FIG. 1 is a front, top and left side perspective view of a bed showing my new design, the right side being a mirror image of the left; and

FIG. 2 is a front elevational view.

On the rear of the bed the contiguous vertical planks extend from the top of the canopy to the top of the box-like mattress-receiving portion and the rear of the mattress-receiving portion is identical to the front except for the omission of the scalloping on the top of the mattress-receiving portion.
