57.5 A

FIG. 1 is a perspective view of a combined fly and jig box showing my new design in an open condition, it being understood that the pattern of cylindrical pegs is continuous along the path of the dashed lines;
FIG. 2 is a top plan view thereof, the bottom surfaces being plain and unornamented;
FIG. 3 is a side elevational view thereof; and
FIG. 4 is an end elevational view thereof.
