[57] CLAIM

The ornamental design for a combination pleasure and fishing boat, as shown and described.

DESCRIPTION

FIG. 1 is a top plan view of the combination pleasure and fishing boat; FIG. 2 is an elevational view taken from the right side of the boat; FIG. 3 is a bottom plan view of the boat; FIG. 4 is a front elevational view of the boat; FIG. 5 is a rear elevational view of the boat; FIG. 6 is a top plan view of a second embodiment of the boat; FIG. 7 is an elevational view taken from the right side of the second embodiment of the boat; FIG. 8 is a front elevational view of the second embodiment of the boat; and FIG. 9 is a rear elevational view of the second embodiment of the boat. The bottom plan view of the second embodiment of the boat is identical to the view shown in FIG. 3 and therefore is not illustrated. The left side of the boat is a mirror image of the right side shown in FIGS. 2 and 7, except that an overflow port, as seen on the port side of the boat in FIGS. 3, 4 and 8, is located about halfway down the hull below the forwardmost chair mounting illustrated in FIG. 1 and below the forwardmost chair illustrated in FIG. 6.
