[57] CLAIM

The ornamental design for a combined apron and detachable towel, substantially as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a combined apron and detachable towel showing my new design;

FIG. 2 is a front elevational view thereof with a portion of the towel detached.

The rear of the apron is identical to the front except for the absence of the towel and the contact engaging material with which it is attached to the apron.

The bottom of the towel is fringed.
