[57] CLAIM

The ornamental design for a closed circuit video display system similar article, substantially as shown.

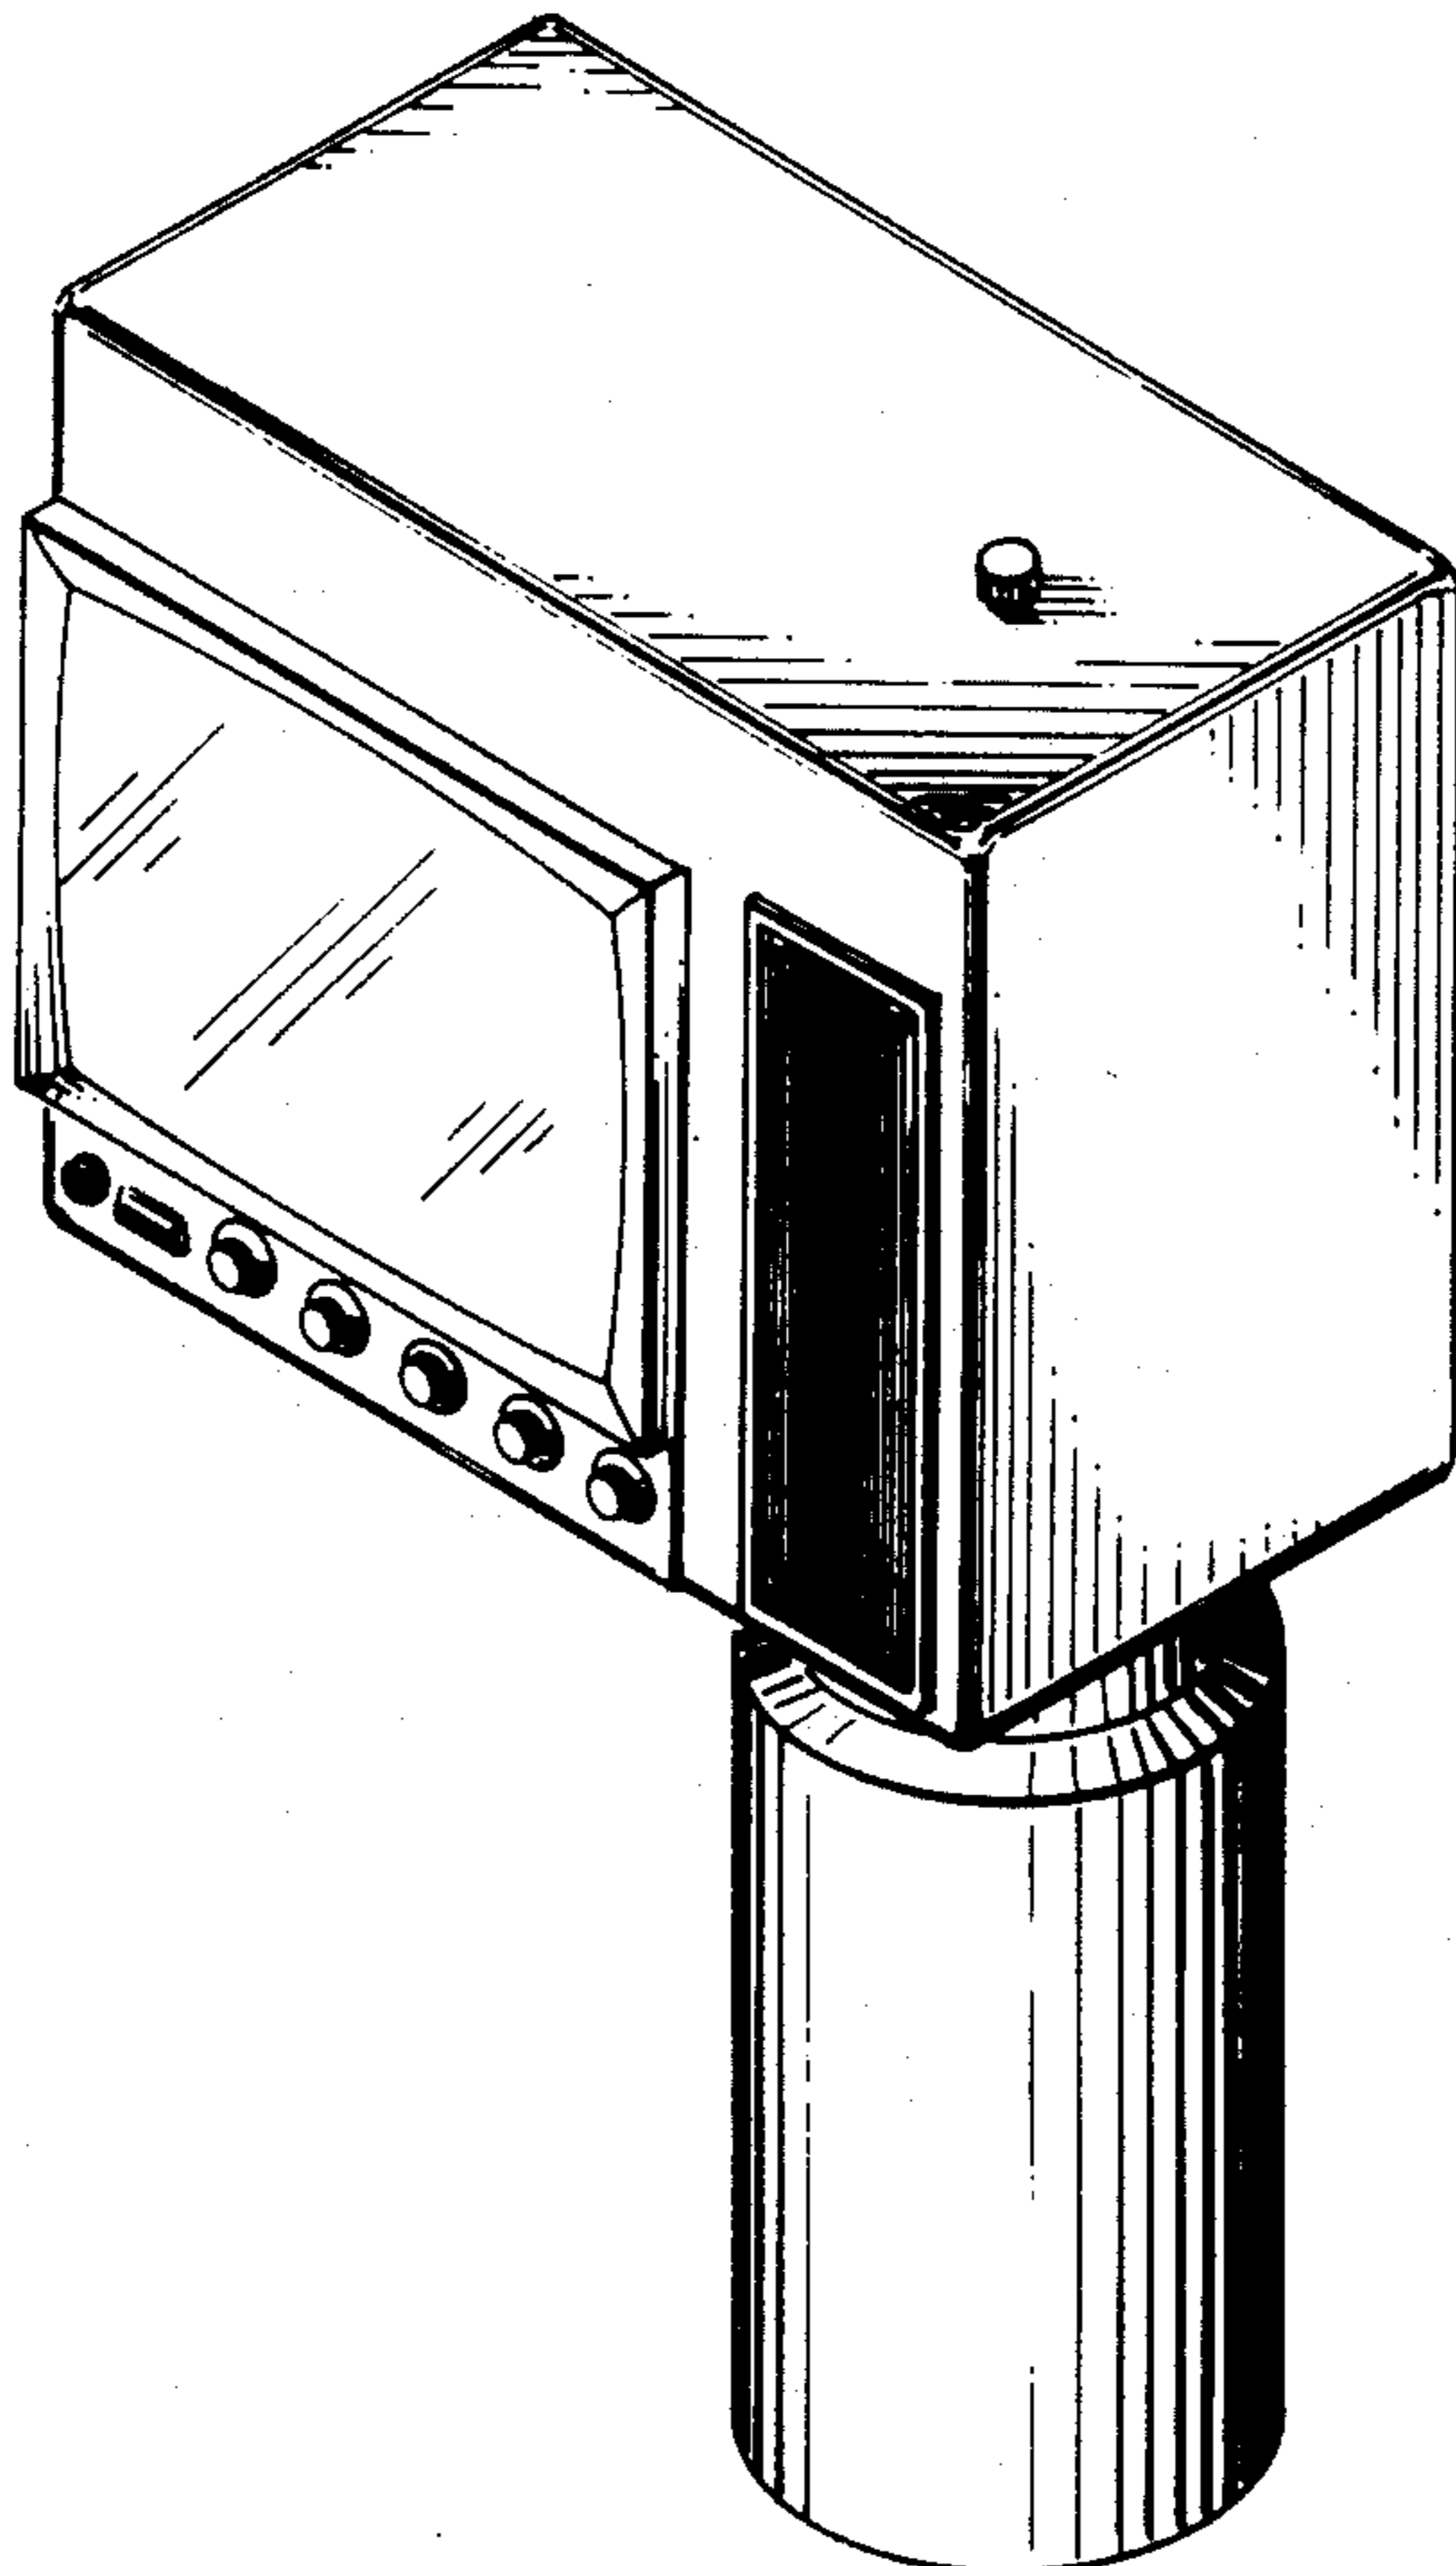

DESCRIPTION

FIG. 1 is a front, top and right side perspective view of a closed circuit video display system or similar article showing my new design;

FIG. 2 is a front elevational view;

FIG. 3 is a right side elevational view; and

FIG. 4 is a rear elevational view, with the partially shown pattern of circular holes being continuous on the portion of the rear of the system which is mounted on the pedestal, except for the oblong lower right corner panel.

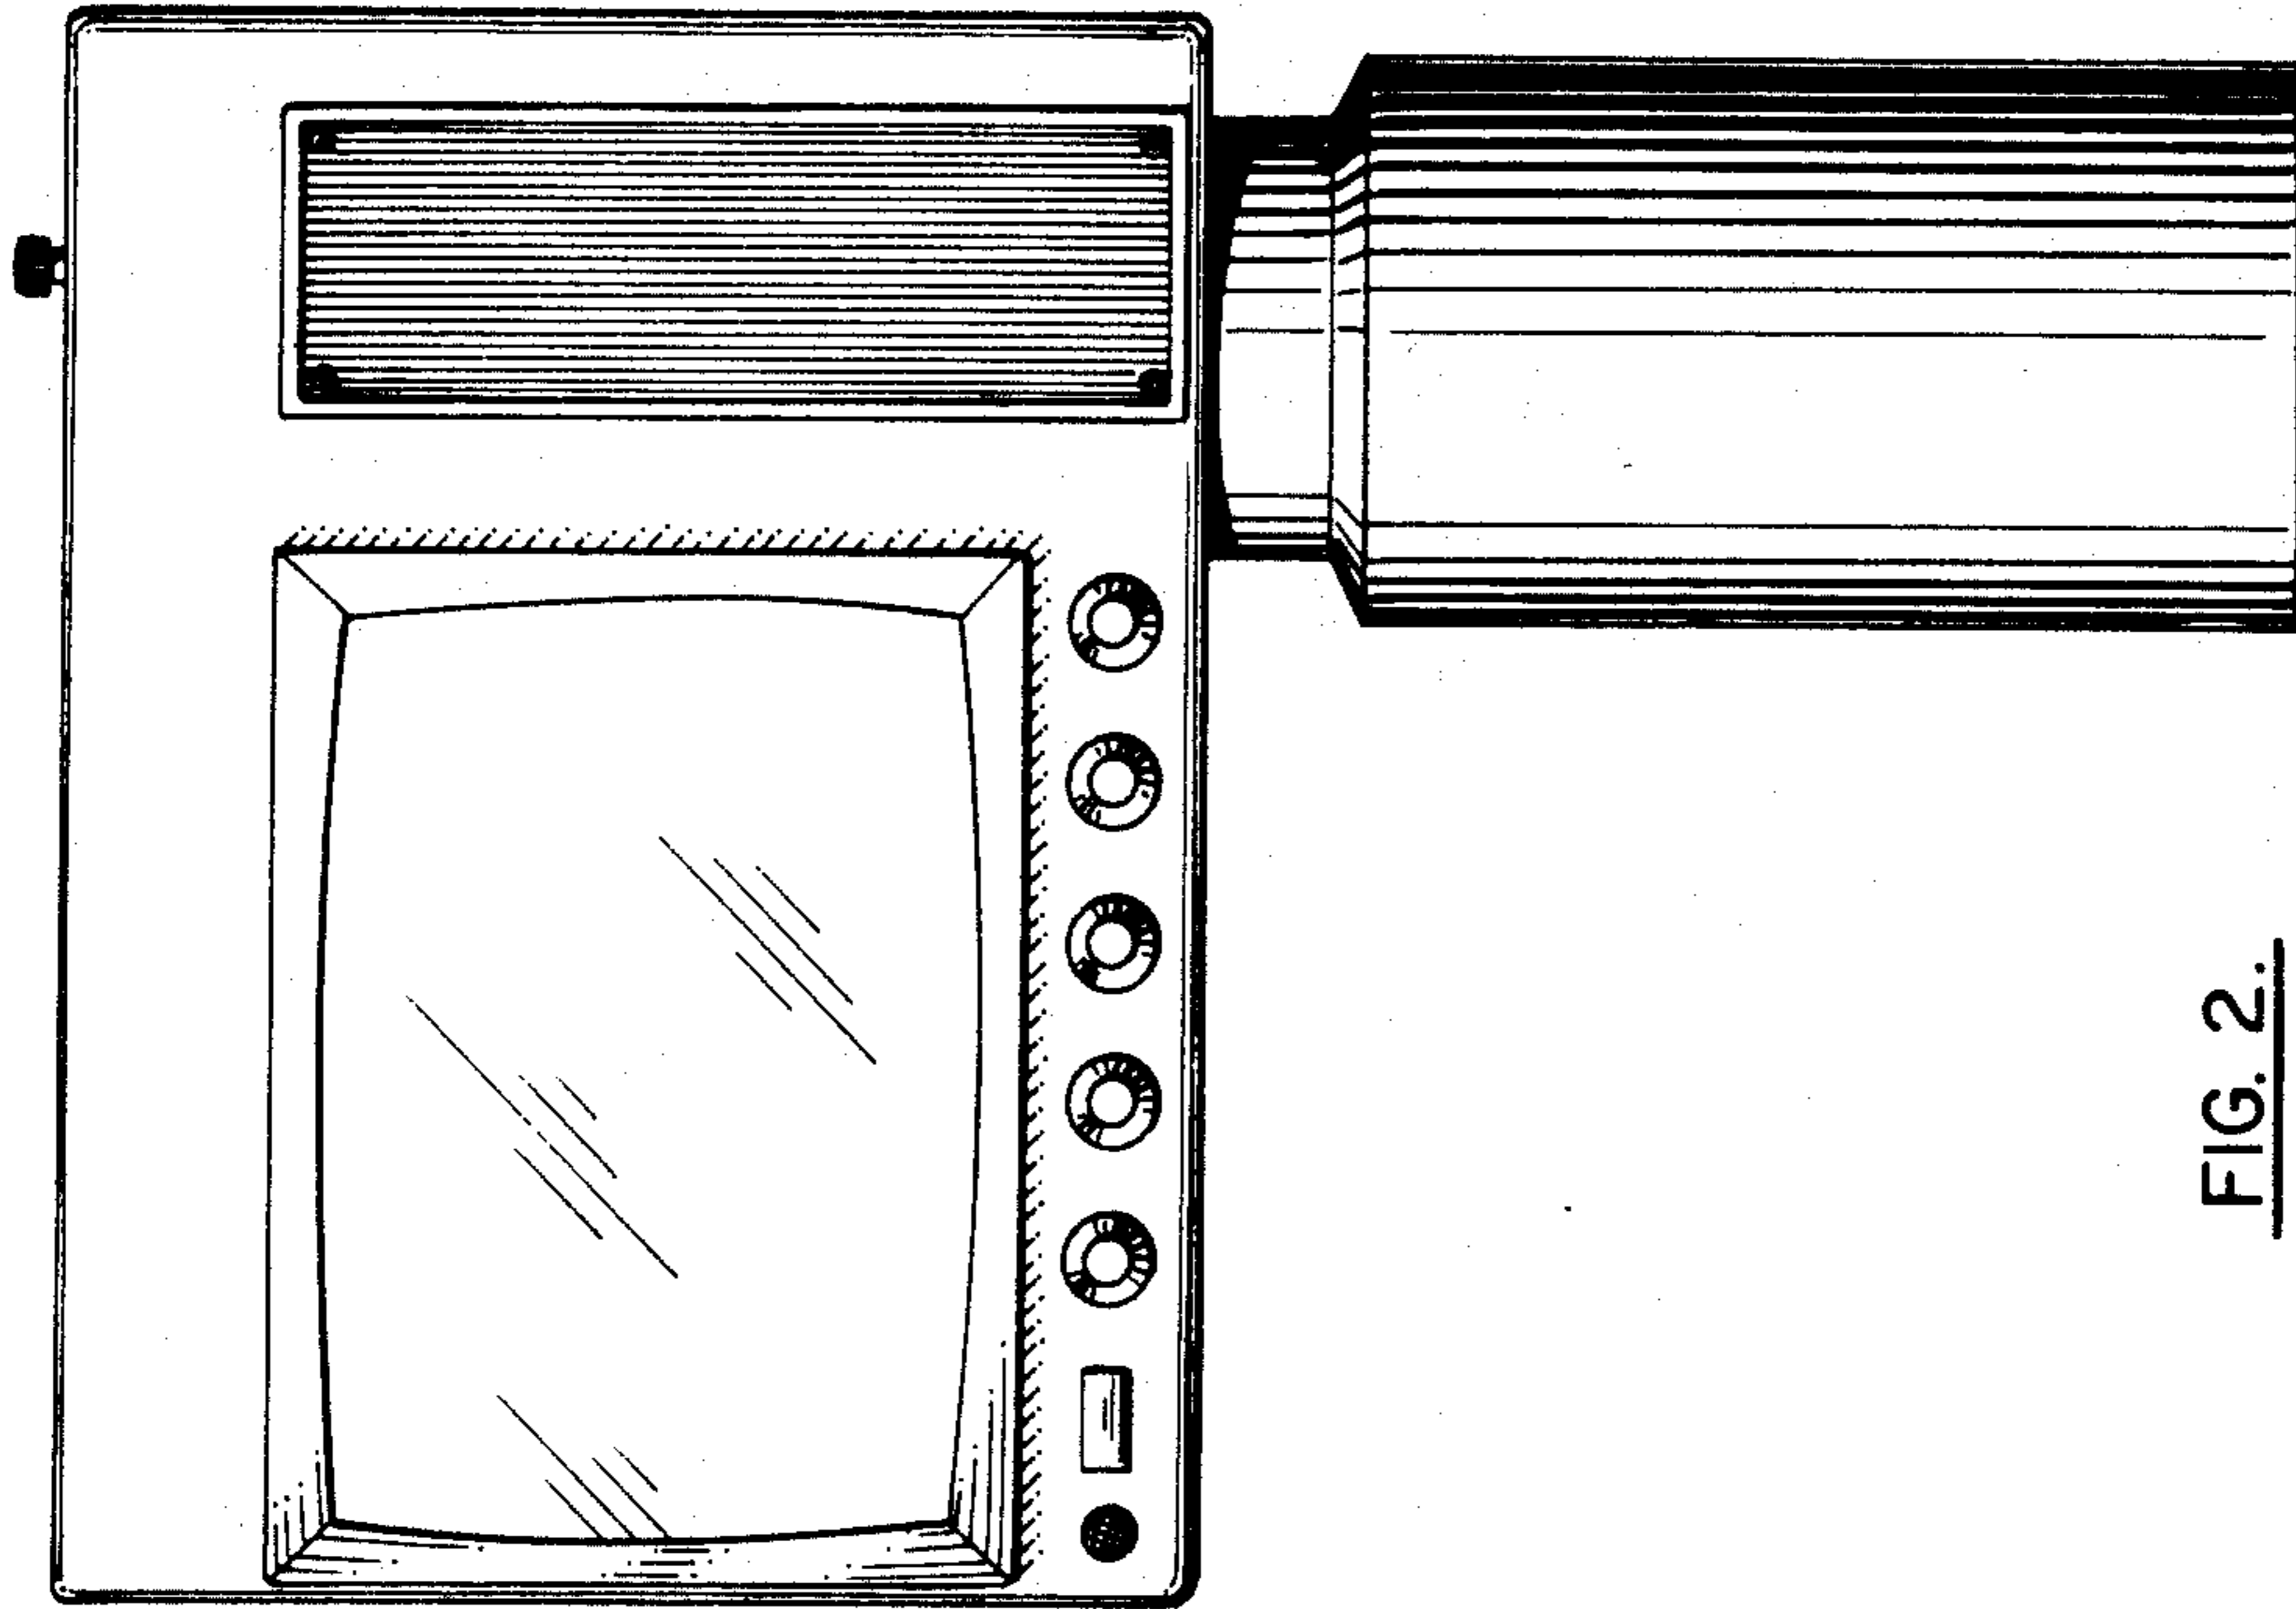

FIG. 2.

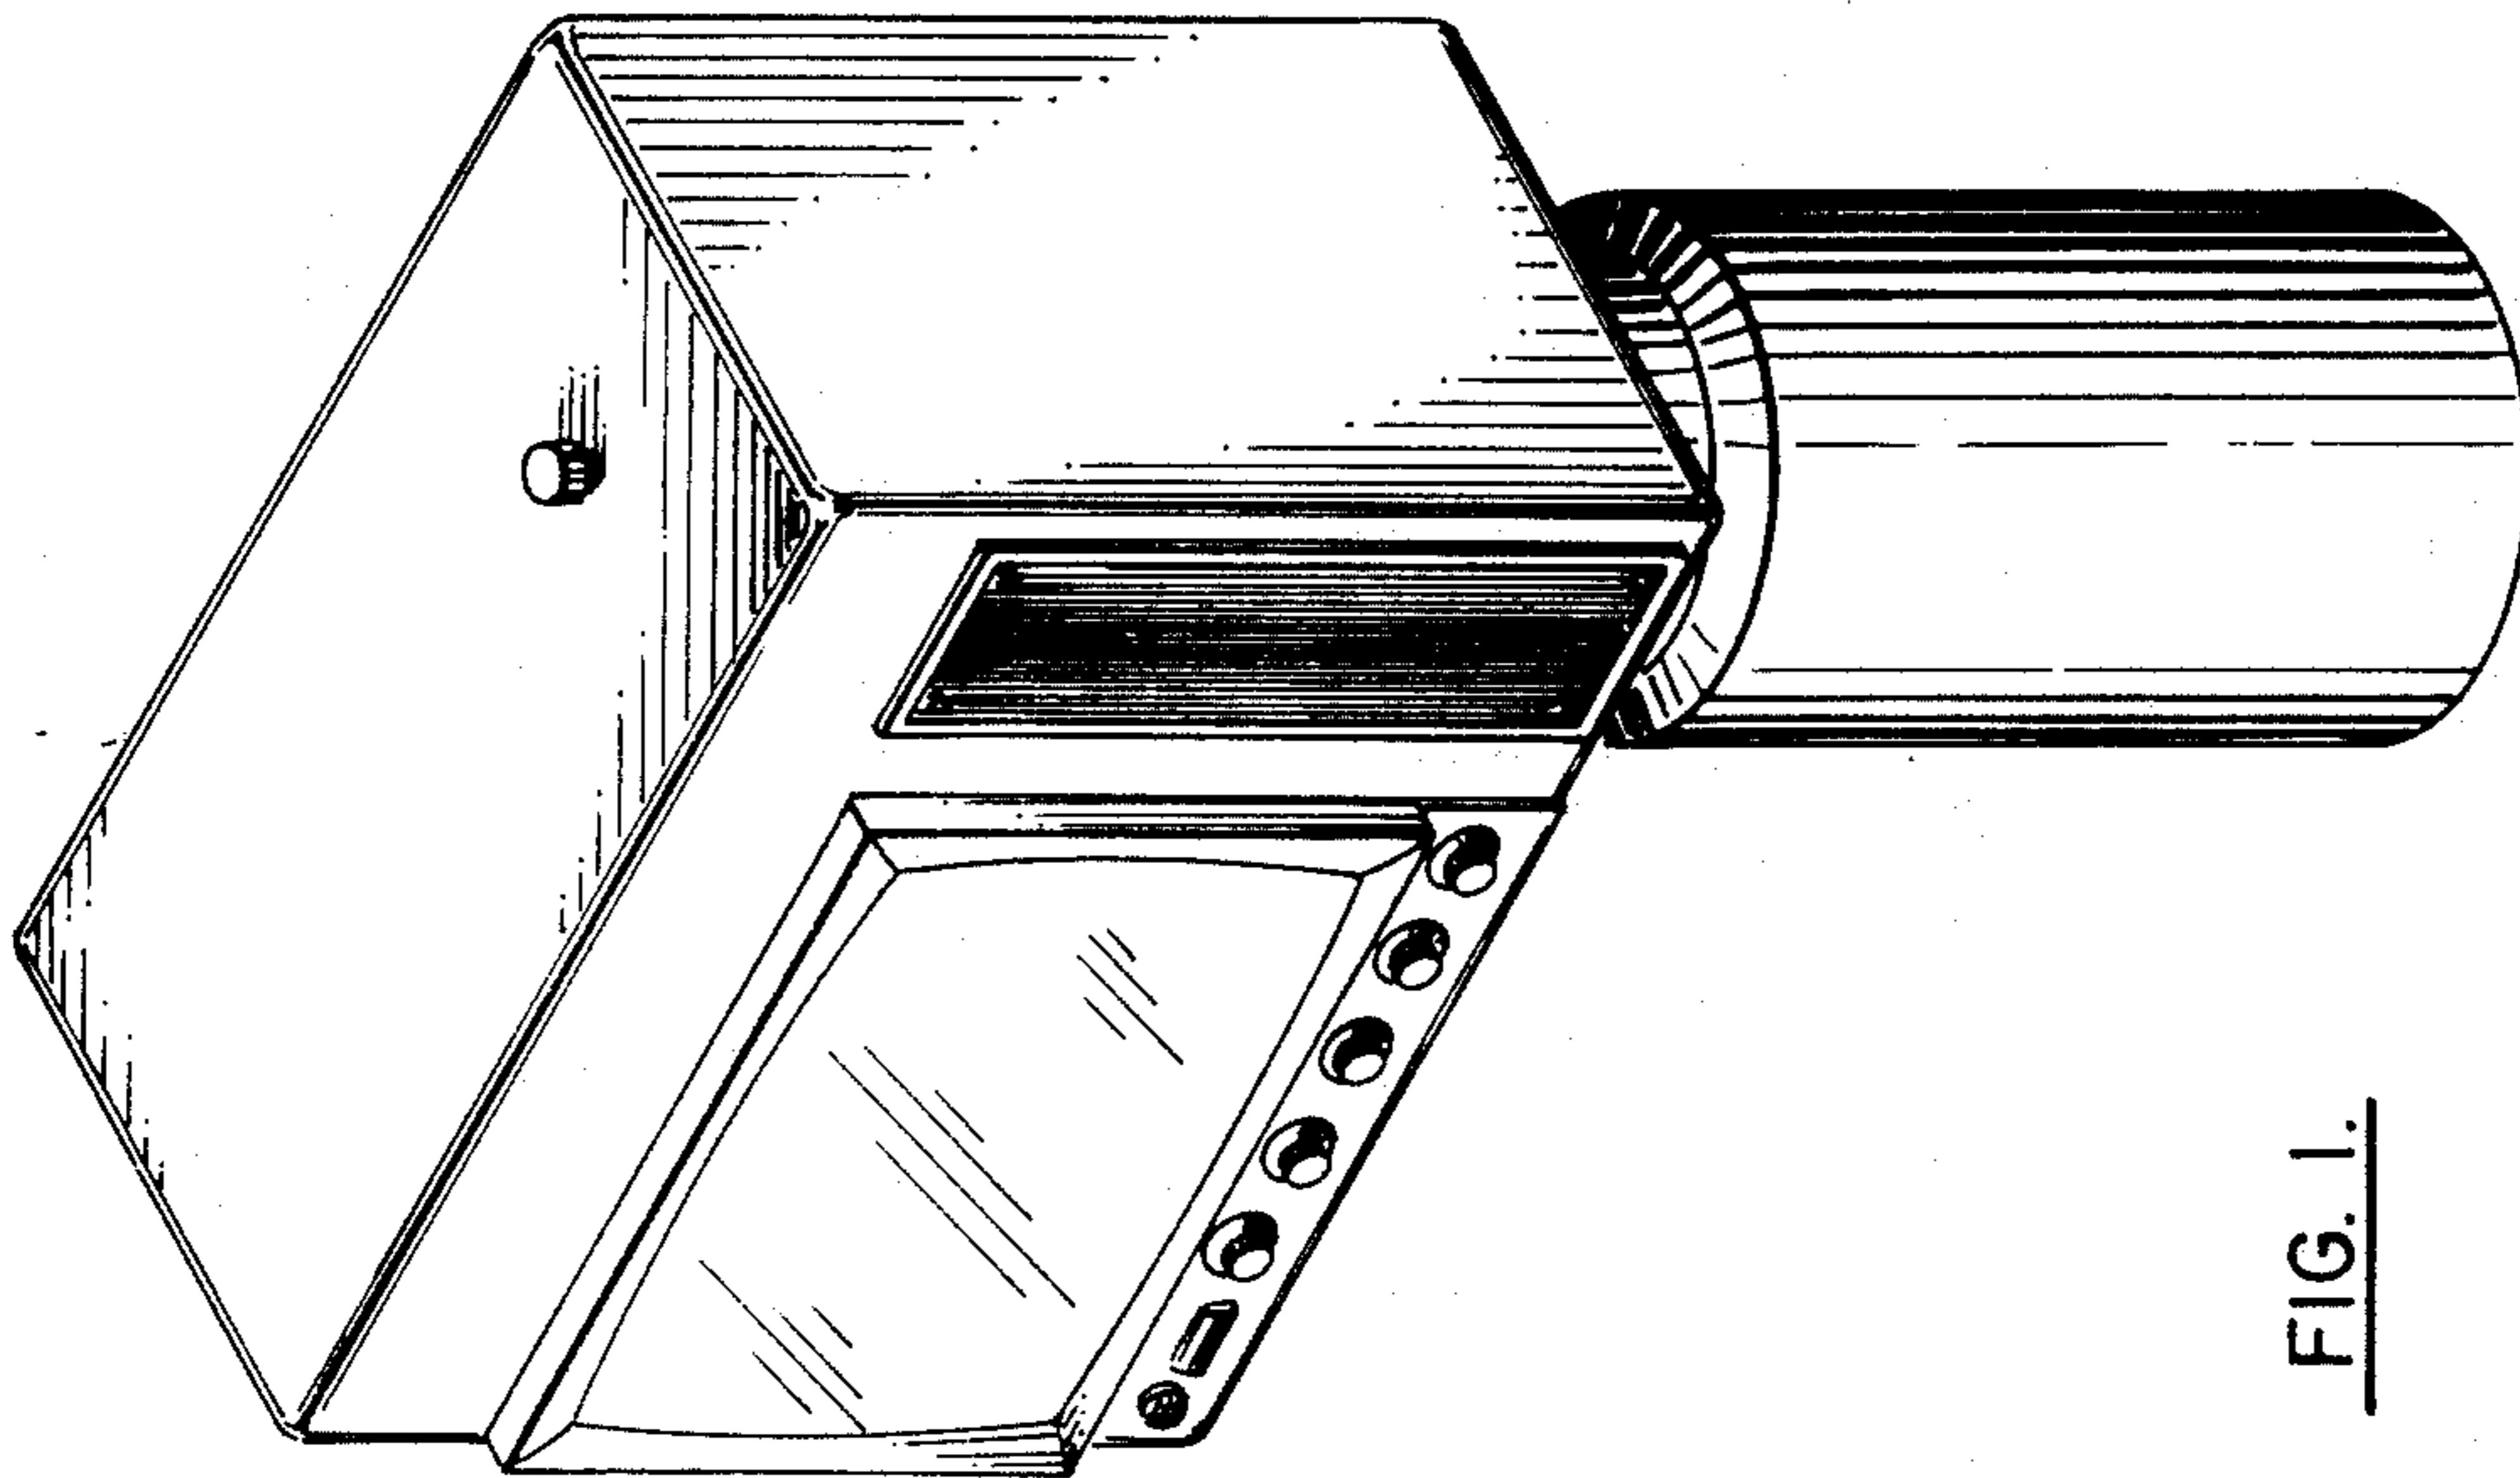

FIG. 1.

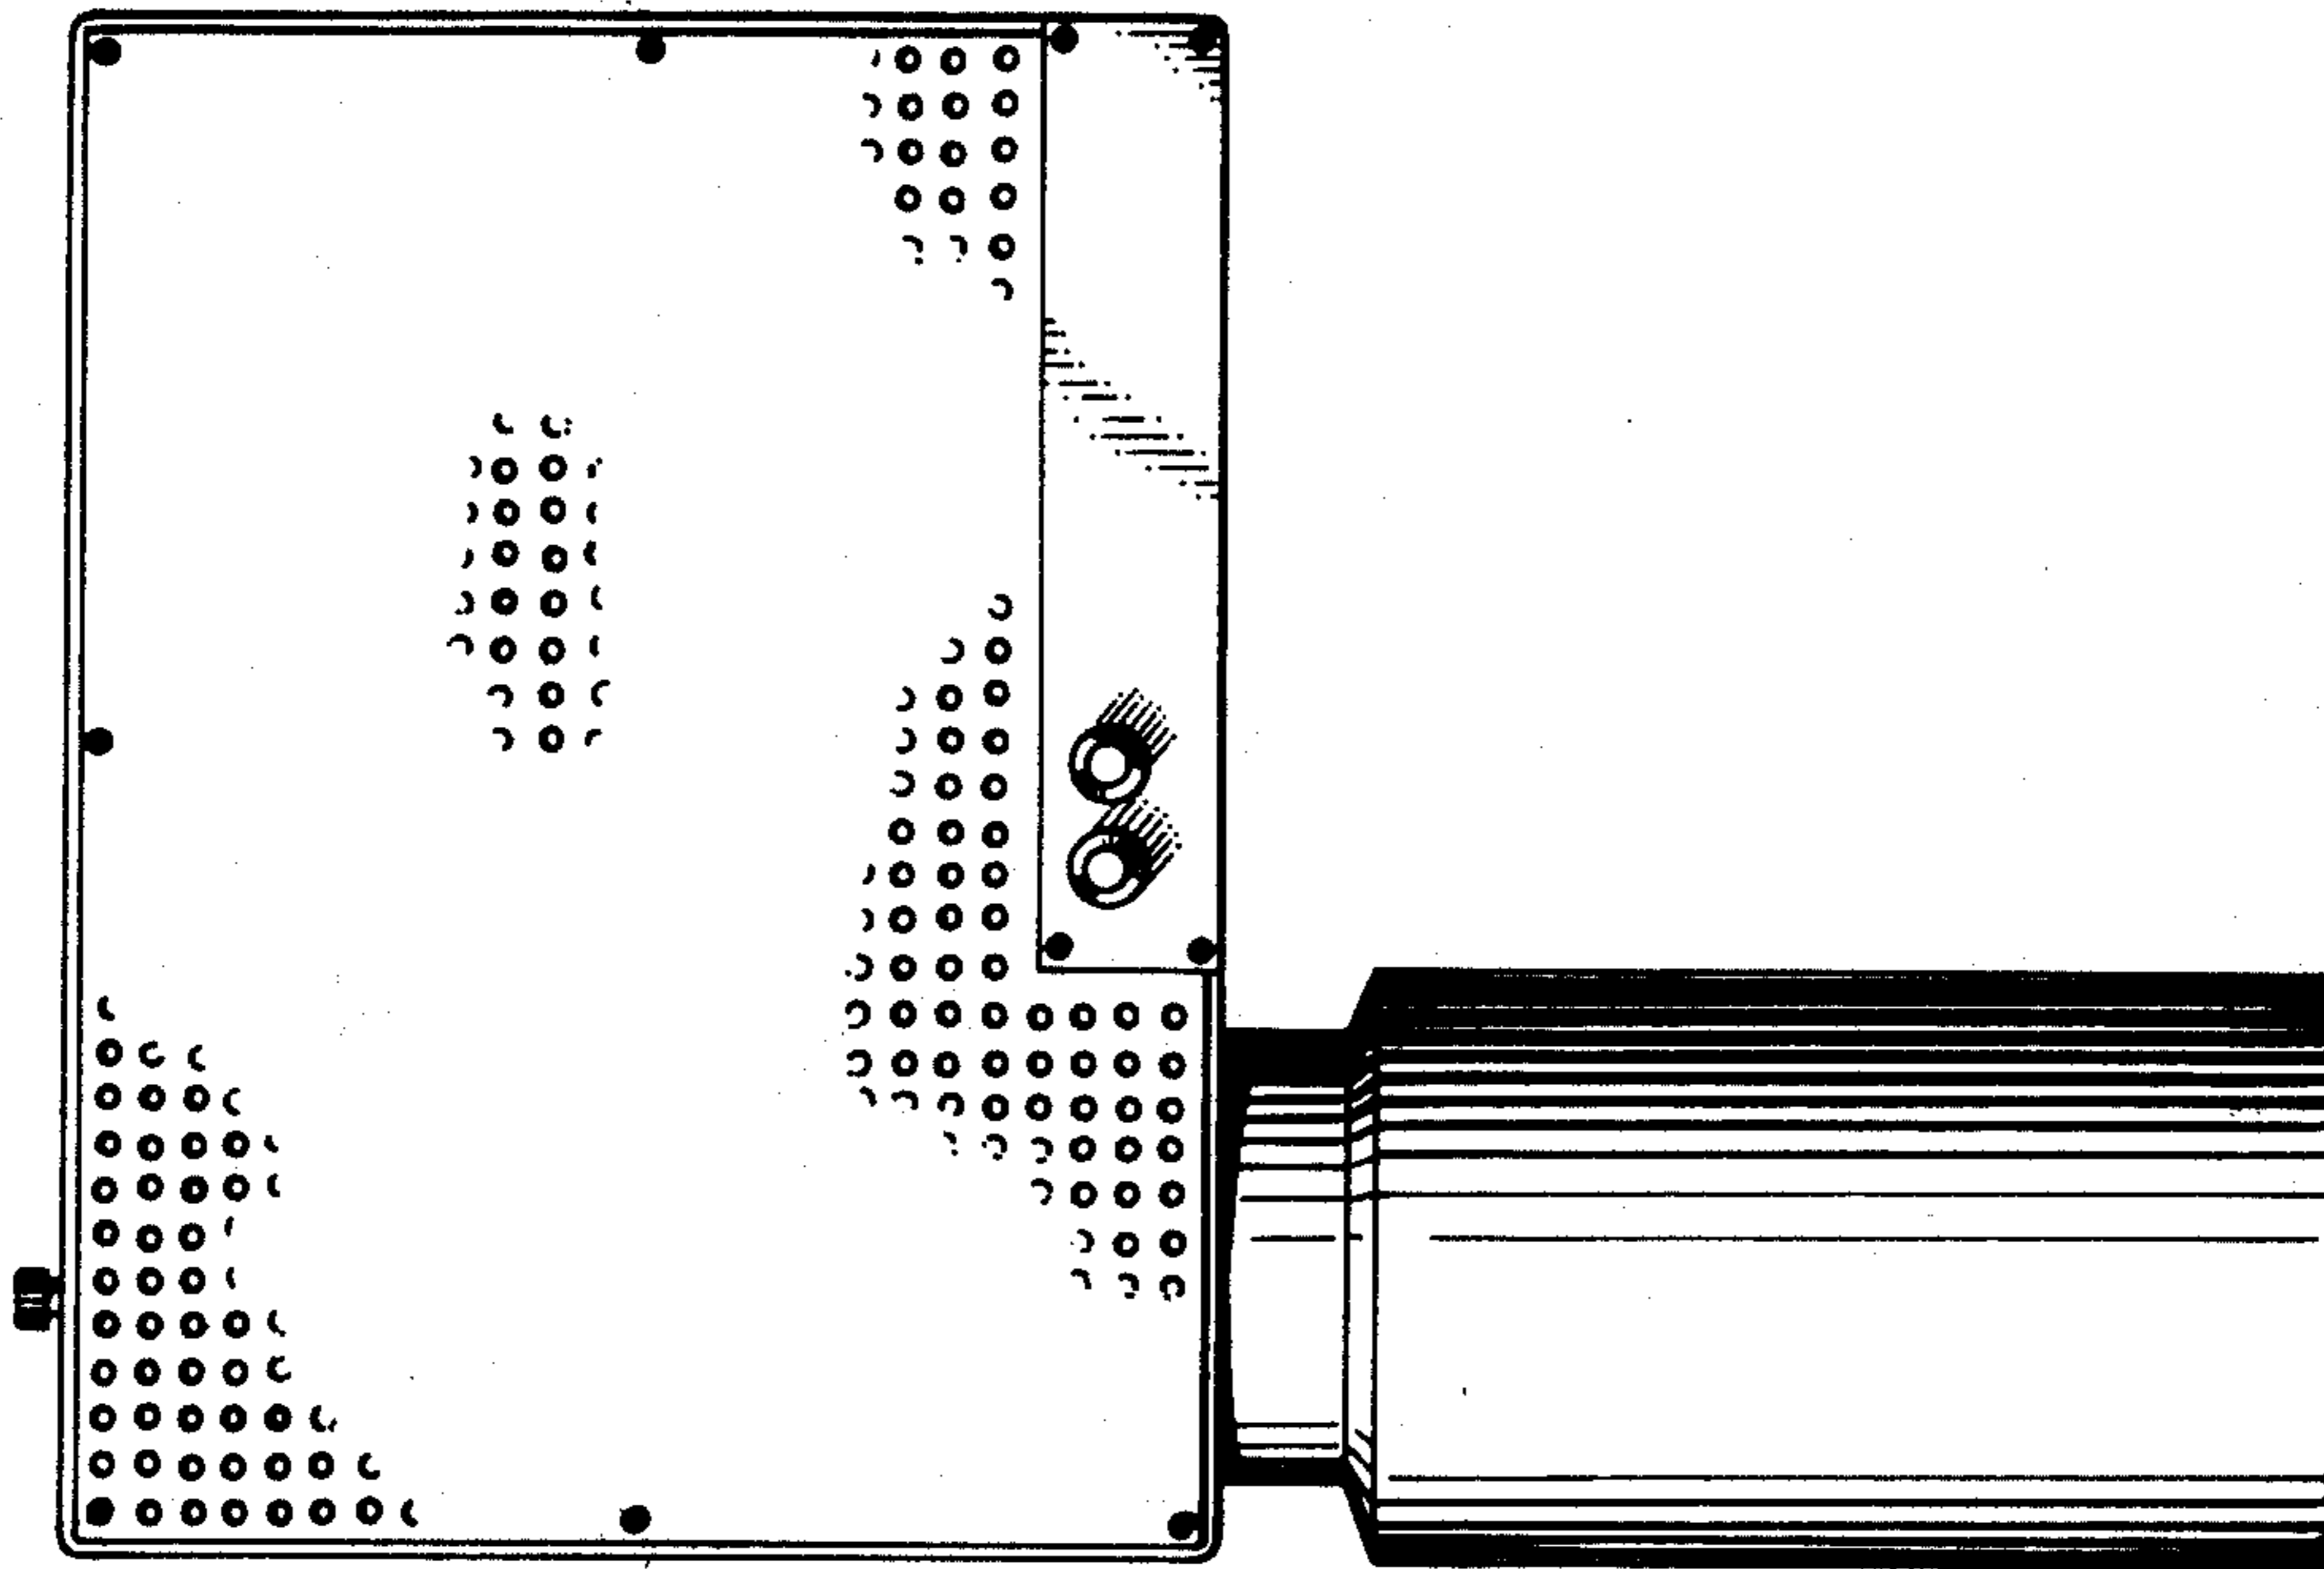

FIG. 4.

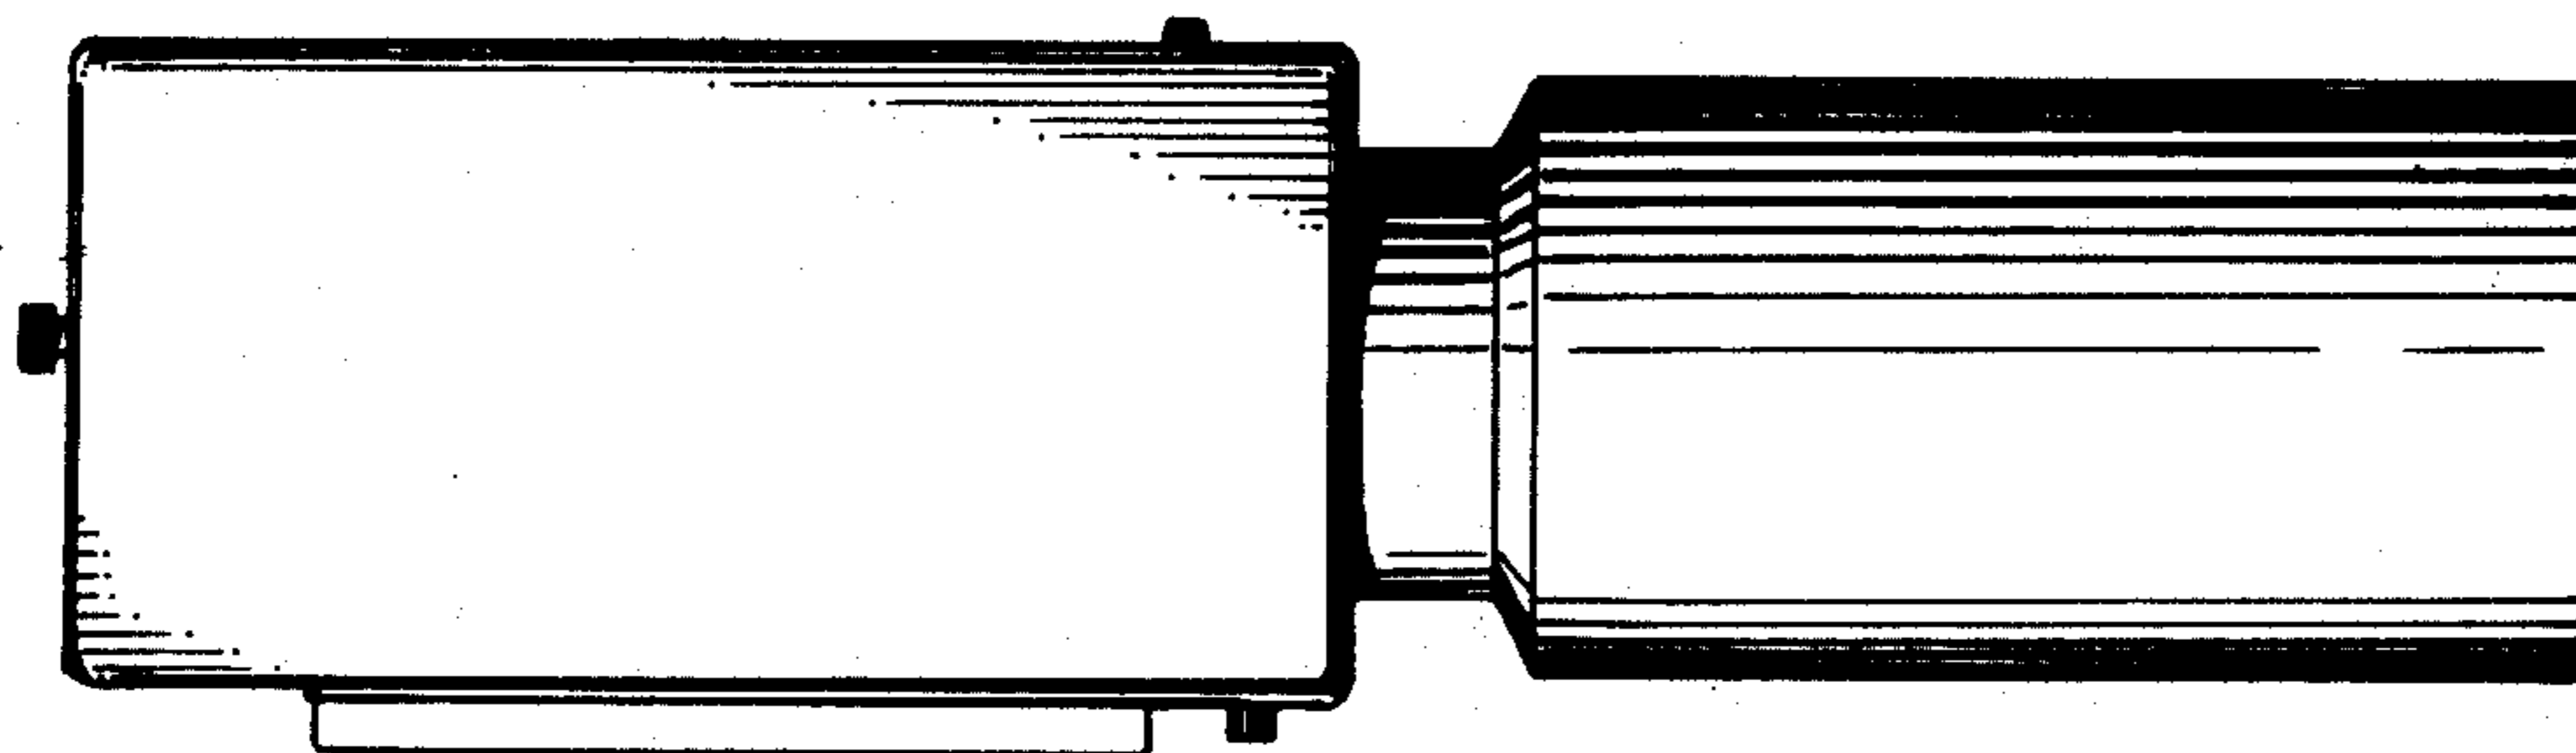

FIG. 3.
