[57] CLAIM

The ornamental design for a timepiece dial, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of timepiece dial showing my new design, the rear being flat, plain and unornamented. Said dial conventionally of no appreciable thickness.

FIG. 2 is a front elevational view of another embodiment of my new design of FIG. 1, the rear being flat, plain, and unornamented. Said dial is conventionally of no appreciable thickness.
