[57] CLAIM

The ornamental design for a combined portable computer and data display, as shown, and described.

DESCRIPTION

FIG. 1 is a front perspective view of a combined portable computer and data display showing our new design in an open configuration showing the display unit in the upper portion and the controls in the lower portion; FIG. 2 is a perspective view of the housing shown in FIG. 1 as seen from below; FIG. 3 is a side view of the design; and FIG. 4 is a perspective view of the back and rear in an open configuration.

The design is characterized by the thin display unit in the upper portion of the housing facing the controls.
