[57] CLAIM

The ornamental design for an organ console, substantially as shown and described.

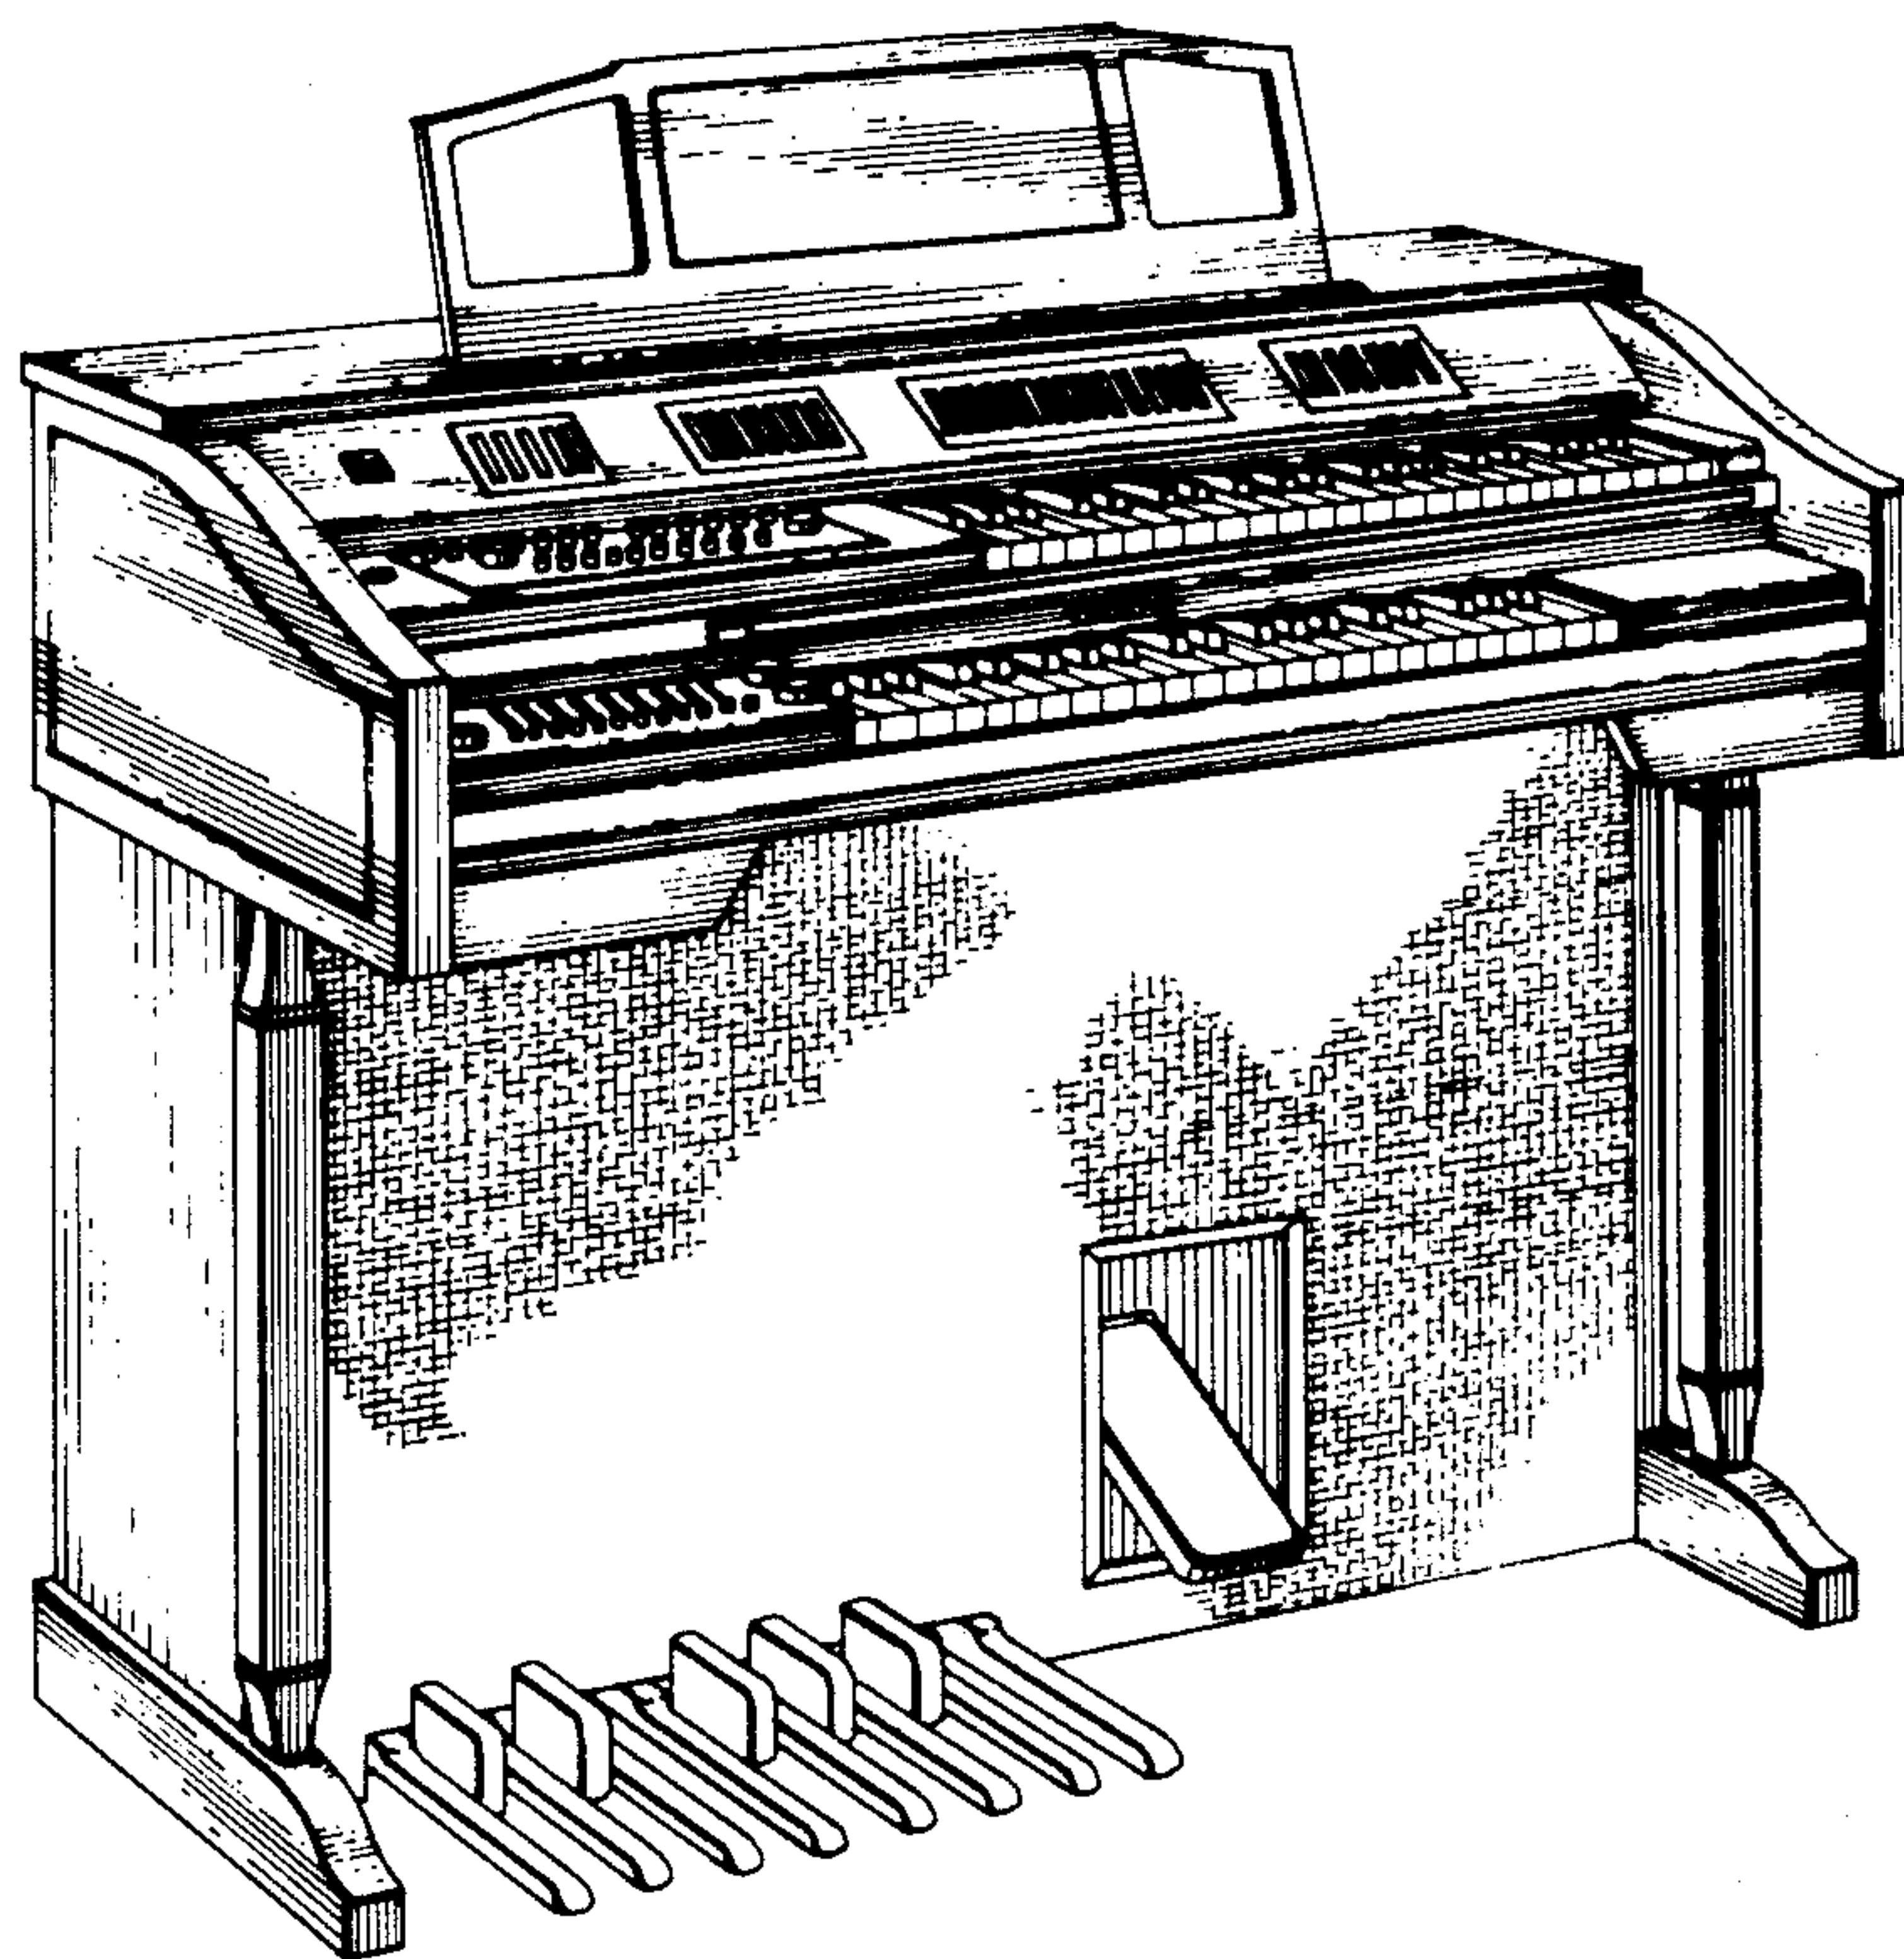

DESCRIPTION

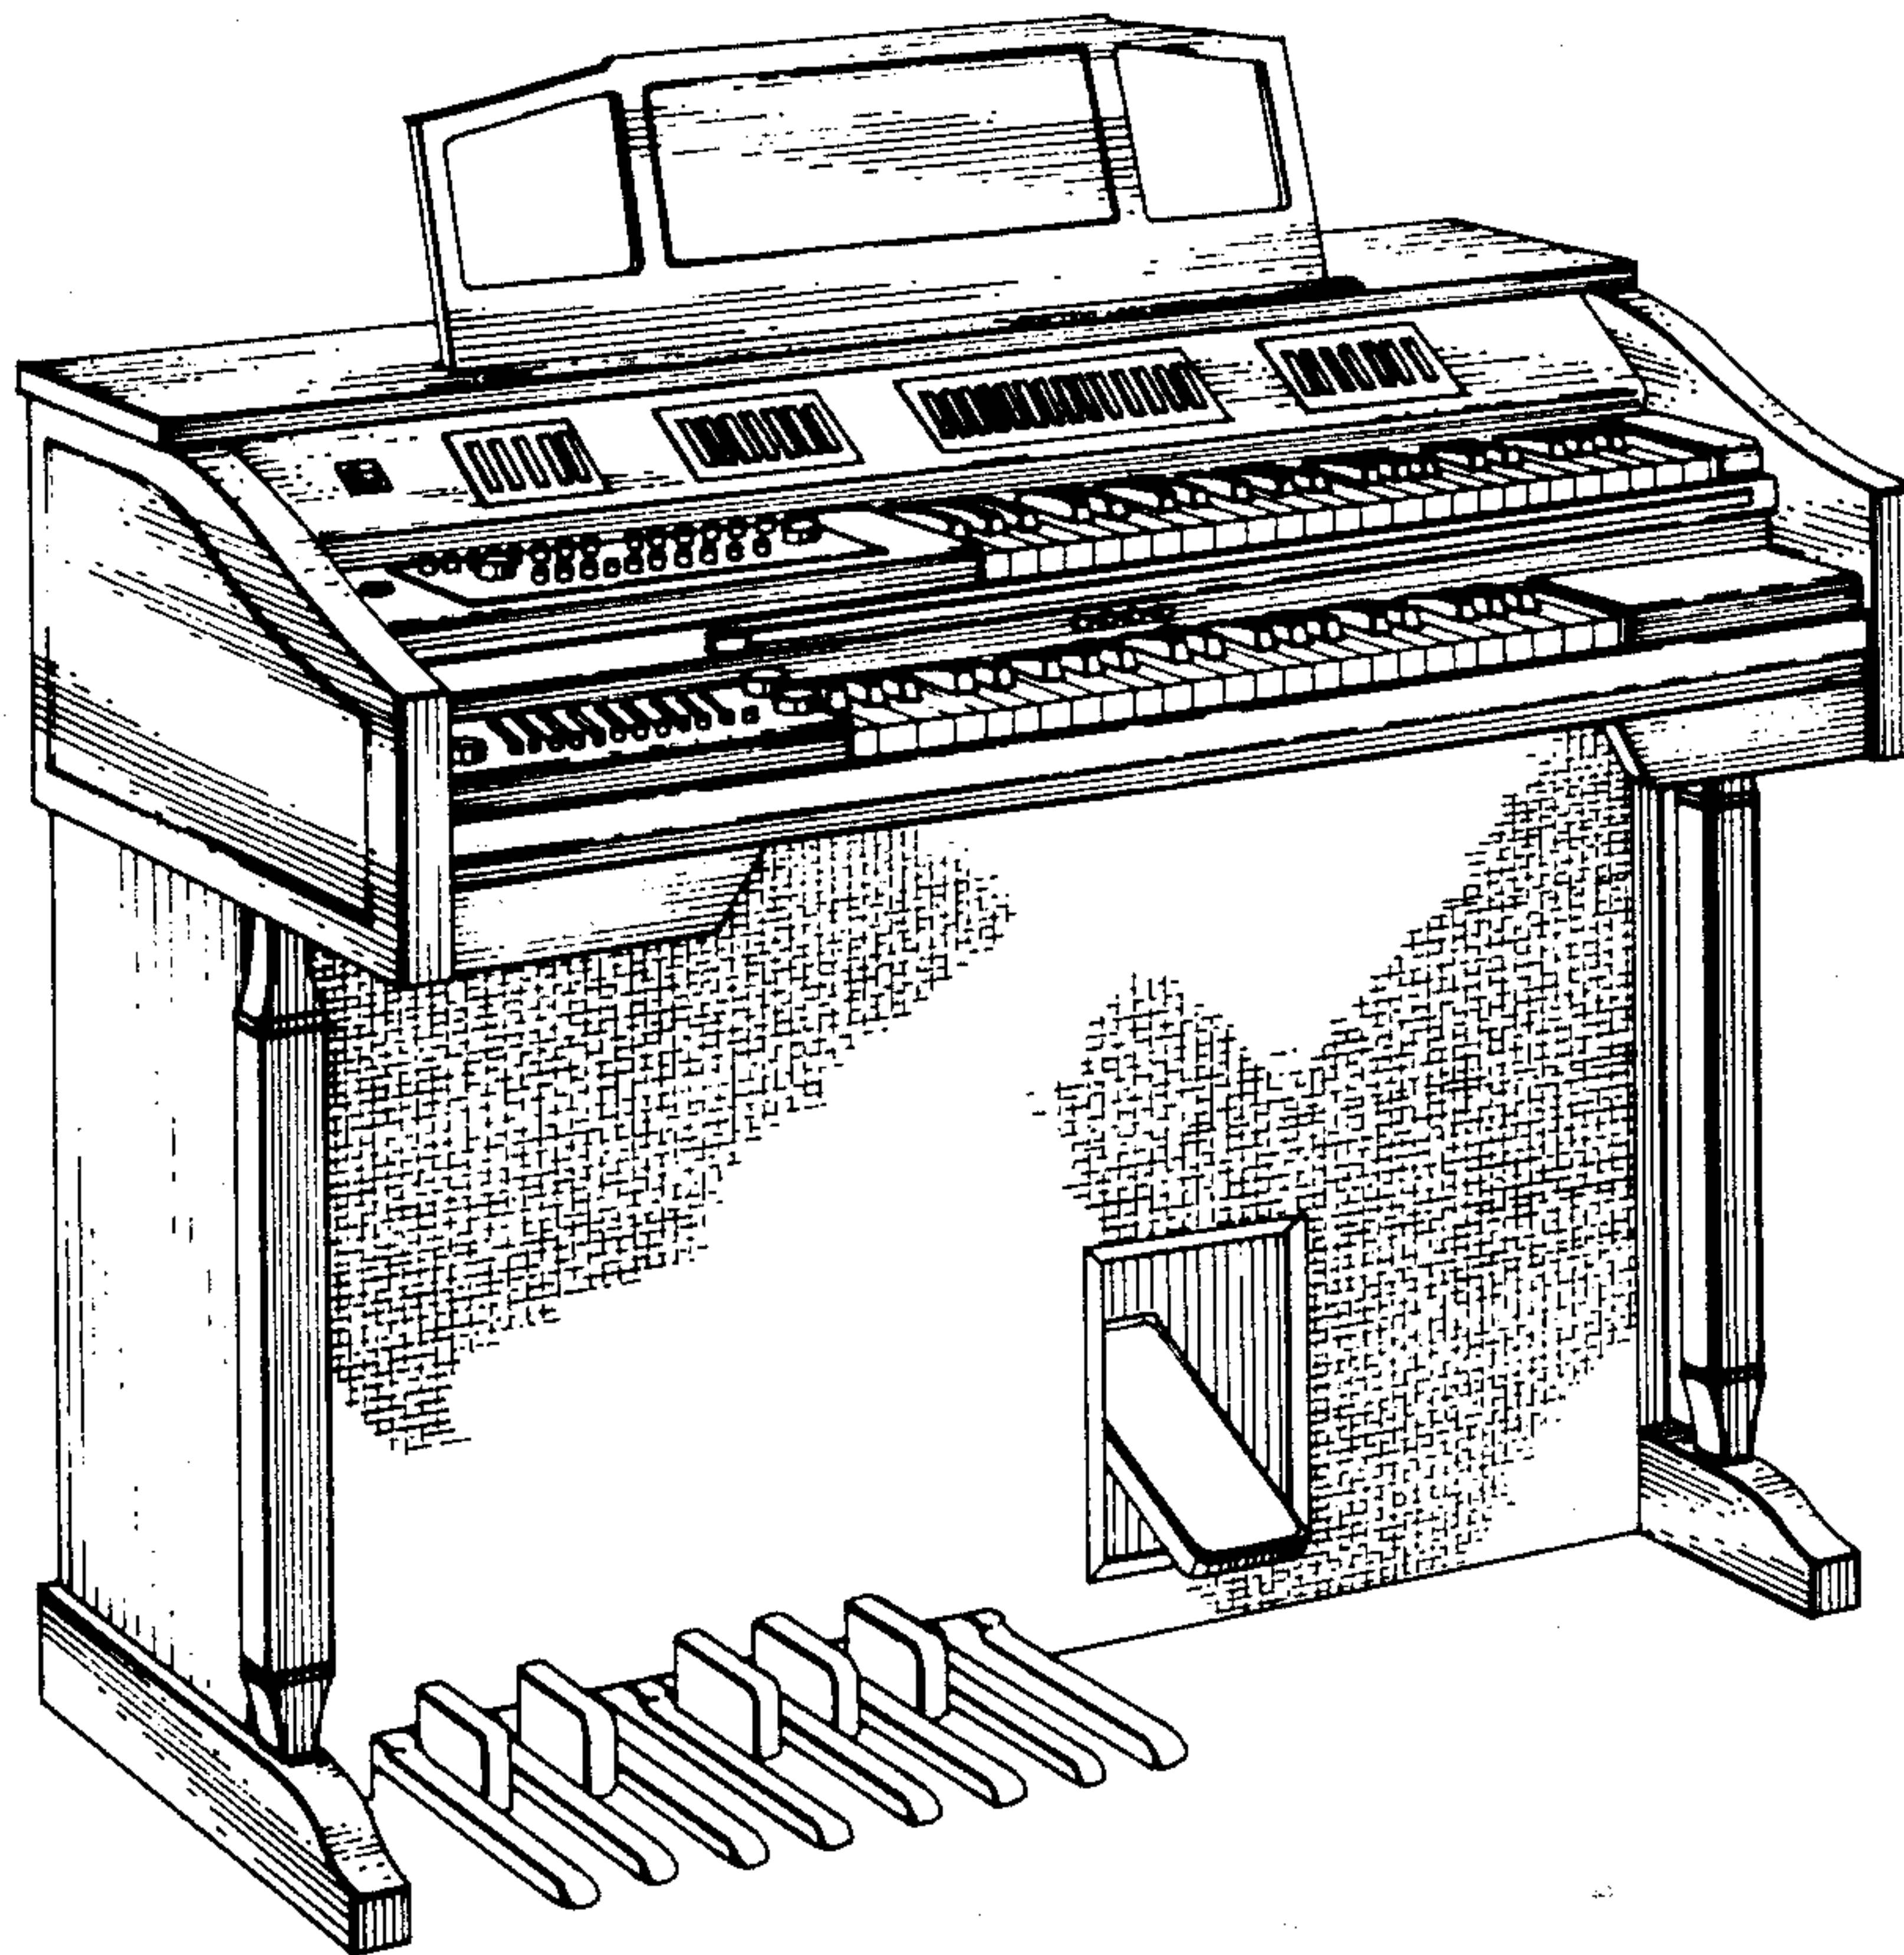

FIG. 1 is a front, top and left side perspective view of the organ console showing my new design;

FIG. 2 is a front elevational view; and

FIG. 3 is a right side elevational view.

The back of the Organ Console is conventional, the back of the music desk is plain and the fabric coverings of the lower front board and the lower portion of the right side are continuous throughout their boundaries.
