[57] CLAIM

The ornamental design for a combined container and cutter for capsules or the like, substantially as shown and described.

DESCRIPTION

FIG. 1 is a top, front perspective view of a combined container and cutter for capsules or the like showing my new design with the lid in a partially opened position; FIG. 2 is a front perspective view with the lid closed; FIG. 3 is a top plan view thereof; FIG. 4 is a front elevational view thereof; FIG. 5 is a side elevational view thereof; FIG. 6 is a rear elevational view thereof; FIG. 7 is a bottom plan view thereof; FIG. 8 is an interior plan view with the container fully opened; and FIG. 9 is an exploded fragmentary view on an enlarged scale showing the cutting elements.
