[57] CLAIM

The ornamental design for a shoe sole, as shown and
described.

DESCRIPTION

FIG. 1 is a right side elevational view of a shoe sole
showing my new design;

FIG. 2 is a bottom and left side perspective view
thereof, the top being plain and unornamented; and
FIG. 3 is a rear elevational view thereof.

The major portion of the top surface of the shoe sole is
a flat plane and unornamented. The peripheral configura-
tion is the reverse of the peripheral edges illustrated in
FIG. 2 and the end portions conform to shape of the
bottom of the shoe sole.
